Dear Sir/Ms.:

The following questions have been received:

**Question:** If bedrock is encountered will State pay for drilling out holes?

**Response:** The Department does not anticipate the need for drilling of holes. Any hole drilling for the purposes of getting through bedrock will be incidental to Item 606.1301.

**Question:** Is the State doing the patching if post are in hot top?

**Response:** None of the runs are planned to be installed in asphalt. If the need arises to install a run in asphalt, MaineDOT will handle patching.

Consider these changes and information prior to submitting your bid on **March 17, 2021**.

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.
