**Amendment No. 3**

Dear Sir/Ms.:

The following questions have been received:

**Question:** Will lane closures be allowed during daylight hours at the Rte 9 location? If yes, are there any restrictions?

**Response:** Rt. 9 in T-22 can be completed during the day with no restrictions.

**Question:** Are the existing poles and cabinets remaining in place?

**Response:** Existing poles and cabinets will be remaining in place.

**Question:** If the cabinets are to remain, which components within are to be reused, salvaged or replaced?

**Response:** All components within the cabinets are to be reused, for T-22 equipment will be provided by traffic monitoring.

**Question:** Are the current loops and axle sensors being discontinued? Abandoned in place?

**Response:** T-22 loops and axle sensors have been milled and discontinued. Wiscasset axle sensors and loops are to be discontinued and abandoned in place.

**Question:** Is the Wavetronix on Rte 9 being retained or removed?

**Response:** The Wavetronix shall be removed from service after the installation is completed.

Consider these changes and information prior to submitting your bid on **December 11, 2024**.

Sincerely,
