July 25, 2022  
Subject: Gravel Surface Repair  
State WIN: 028039.00  
Location: **Benedicta & Silver Ridge**  
**Amendment No. 1**

Dear Sir/Ms.:

The following question has been received:

Question: The Specifications note using a paver to place the gravel. In lieu of a paver; could a contractor using a sonic tracer and grader to place the gravel as long as gravel quantity, distance, and proper cross slope are maintained?

Response: Yes, The Department will accept the use of a sonic tracer and grader provided the gravel quantity, distance, proper cross slope is maintained and the material on the outer edges can be contained equally to what a paver accomplishes. The Department will require a submittal of the process and controls that shall meet or exceed the product applied by the paver prior to award for approval

Consider these changes and information prior to submitting your bid on **August 03, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
