Dale F. Doughty
COMMISSIONER

October 1, 2026
Subject: Smith Brook Bridge
Replacement
WIN: 028262.00
Location: Bancroft
Amendment No. 2

Dear Sir/Ms.:

The following questions have been received:

Question: Would MaineDOT consider lowering the required design discharge flow of Q50 (1320 cfs) for the 510.10 Special Detour Waterway Opening?

Response: No. Due to the nature of this site, design discharge flow rate, scope of work, and schedule assumptions, it would be too much of a risk to the Department to evaluate this during bidding.

Consider these changes and information prior to submitting your bid on **October 7, 2026**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
