Amendment No. 2

Dear Sir/Ms.:

The following questions have been received:

Question: If the RR Safety plan requires additional contractor costs, such as costs for Railroad Flaggers and increased policy costs; will there be a contract modification to cover this unknown extra, or would the department consider allowing for the paver to lift up and drop back down outside of the RR ROW, as has been done in the past? RR pollution liability and Safety plans can be upwards of \$60,000 additional to a contractor.

Response: No, there will not be a contract mod to cover the unknown cost.

Consider these changes and information prior to submitting your bid on **March 18, 2026.**

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
