COMMISSIONER

Dear Sir/Ms:

The following questions have been received:

Question: In appendix A – Delivery: It states “The Department will not off-load materials at the delivery site.” If that is the case are we, the Contractor, required to off load the Box Culvert sections?

Response: The Department will off load the box if necessary.

Question: Drawing sheet #2, in the Note section mentions a membrane waterproofing. Is the membrane waterproofing part of this contract?

Response: The membrane is not included in the supply of the concrete box

Consider this information prior to submitting your bid on May 30, 2012.

Sincerely,

George M. A. Macdougall P.E.
