**Amendment No. 4**

Dear Sir/Ms.:

The following questions have been received:

**Question:** Will a faired lines plan in cad format or a hull geometry model be shared with the winning bidder by the Naval Architect? Please clarify.

**Response:** The Autocad drawing file of the plan D358A-T1 will be shared with the winning bidder by Gilbert Associates, Inc. In addition, offsets data on each station and frame will be made available to the winning bidder. A Rhino 3D drawing file of the hull lines will also be provided to the winning bidder.

**Question:** Will any other contract drawings be shared in a cad format with the winning bidder for the purposes of hastening the development of certain construction drawings and/or as-builts?

**Response:** All of the plans in the bid package will be shared with the winning bidder in Autocad drawing file format.

**Question:** Amendments No. 1 and 2 identified the extension of the bid due date. Has a final question (RFI) submittal date been established for this bid?

**Response:** Per the Notice to Contractors, questions received after 12:00 noon of Monday (or if that Monday is a state holiday, Friday) prior to the bid date will not be answered.

Consider these changes and information prior to submitting your bid on **July 28, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
