David Bernhardt  
COMMISSIONER

August 13, 2018  
Subject: Steel Bridge Railing Fabrication  
State WIN: PH024880.00  
Location: **Bangor, Hampden &  
Howland**  
**Amendment No. 3**

Dear Sir/Ms.:

The following question has been received:

**Question:** Are the 5/8" Lock-Nuts still required to be tack welded into the SB1 splice tubes?  
Amendment #2 asked about welding....and the response was; "No welding is required or permitted".

**Response:** Yes, tack weld the lock nuts in place. Other welding such as the structural welding and shop splicing of rail tube is not permitted.

Consider these changes and information prior to submitting your bid on **August 15, 2018**.

Sincerely,

A handwritten signature in blue ink that reads "George M. A. Macdougall".
