Amendment No. 2**

Dear Sir/Ms.:

The following question has been received:

Question: Due to the extreme fluctuation in freight costs is it possible to bid per location rather than lump sum? It would be a considerable cost savings on the freight. Also, would combined loads be acceptable to lower freight costs?

Response: The Department will award one contract that includes supply and delivery of all of the tanks. All of the tanks are to be delivered to the specified location; however, each load may contain multiple tanks which are delivered to the specified locations.

Consider these changes and information prior to submitting your bid on **February 15, 2023**.

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.
