Subject: Providing the Maine State Ferry
Service with Dry Dock Facilities for
Prescheduled Inspections, Routine
Maintenance & Emergency Repairs
State WIN: PH20190501FVE
Location: **Rockland**
Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Appendix A., Special Provisions – Schedule of Items # 1, Dry-Docking. What does this pricing entail? Is this just block, haul and launch, or does this include drydock related items such as stated, “Check passive cathode protection, applying ant-corrosive, and anti-fouling paint”?

Response: The Dry-Docking Item includes only the work required to remove and return a vessel to the water. Any other work found necessary when the vessel is dry docked will be paid for separately.

Question: There are seven vessels ranging from 110 feet to 166 feet. Is the price the same no matter what size vessel?

Response: The Dry-Docking price shall be the same for all vessels.

Consider these changes and information prior to submitting your bid on **May 15, 2019**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
