Amendment No. 1

Dear Sir/Ms.:

The following question has been received:

Question: Adding the lengths of each asset listed for Region 2 Area 3 on pages 29 & 30; the result is 434.98 CLMs. It appears that Searsmont has been added to Area 3; which would explain an increase in CLMs over last year's amount. The "Schedule of Items " on page 11 indicates that the Estimated Quantity for Area 3 is 420.8 CLMs. Should the "Total Cost" be calculated on the 420.8 CLMs or the 434.98 CLMs ?

Response: Use the items on the Schedule of Items to determine Total Cost. Work may vary through the year, anyway, so the current asset list may change due to factors such as road construction.

Consider these changes and information prior to submitting your bid on **June 1, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
