Subject: **Snow Plowing & Ice Control in
Kingfield-Lexington Twp-New Portland-
Emden-Anson**
WIN: **PH20230920SPKA**
Amendment No. 1

Dear Sir/Ms:

The following question has been received:

Question: If more materials are used than the approximate quantities stated in in the bid book will the State pay more?

Response: No. Please see page 22, section 10 (a) of the bid book. "The Contractor agrees to provide sufficient salt and winter sand for operations required by this agreement. The Department estimates that the following approximate quantities of materials will be required to address a typical winter season."

Question: Will the state allow the use of a 2-ton truck for clean up or a quick response for treating smaller areas?

Response: Yes. If storm conditions allow a smaller piece of equipment to be used in certain areas, the contractor may do so, and it will be additional equipment. However, the contractor must still meet the minimum equipment requirements of the contract.

Consider this change and information prior to submitting your bid on **October 4, 2023**.

Sincerely,

A handwritten signature in blue ink that reads "George Macdougall".
