Amendment No. 1

Dear Sir/Ms.:

The following questions have been received:

Question: Can salt be purchased from MaineDOT?

Response: Yes, on page 23, Item 11 it states:

11. Purchase of Materials.

At the Department's sole discretion, and with consideration of material availability and past material purchase coordination with the Contractor, the Contractor may be offered Department at current contract rates (where applicable). When authorized, the materials may be ordered through the Department's Representative, or designee. The Department will send invoices for these items monthly and the Contractor will have thirty days to pay.

Question: How much is the salt?

Response: Salt price will be \$86.90 per ton.

Question: Can I purchase salt from MaineDOT and use it for other customers?

Response: No, this is material MaineDOT has purchased for maintenance of its roads. If abuse is found, salt access will be terminated, and the contractor will have to find another supply.

Consider these changes and information prior to submitting your bid on **September 16, 2026**.

Sincerely,

Kevin Hanlon for
