Dear Sir/Ms.:

The following question has been received:

Question: Could the department provide more detail (locations of milling, paving, shoulder rehab, etc.) on each of the WIN #'s as is typically given in the form of typical details, construction notes, etc. so the contractor can more accurately estimate the appropriate amount of time to complete each activity based on the scope of work?

Response: The Department is currently in the Proposal phase of the CMGC process. Please see Section X – CMGC Process for additional information. A complete Bid Package for Final Pricing will be released to the Successful Proposer on April 18th.

Consider these changes and information prior to submitting your Technical and Price Proposal on **March 9, 2022.**

Sincerely,

A handwritten signature in blue ink that reads 'George Macdougall'.
