The Department will determine the Apparent Low Bidder through “Comparison Value” which includes consideration of the bid price and the approach that will be used by the Contractor as designated in their Bid for Snow Plowing and Ice Control. The lowest bid price will be determined first. If the lowest bidder proposes to utilize an anti-icing approach, that bidder will be recognized as the Apparent Low Bidder and the Department will confirm the remaining contract requirements before making an award. If the lowest bidder proposes to utilize a deicing approach, that bidder’s price will be increased by 15% (multiplied by 1.15) to establish a “Comparison Value” that will then be compared to the remaining bidders. Any bidders providing the lowest anti-icing approach bid that is also lower than the “comparison value” of the lowest deicing approach bid will be recognized as the Apparent Low Bidder for award purposes. If there are no bids that fall into this category, the apparent low bidder will be recognized as the lowest deicing approach bid.

As a minimum, the Bidder will submit a Bid Package consisting of the Notice to Contractors, the completed Acknowledgement of Bid Amendments form, the completed and signed Bid for Snow Plowing and Ice Control form, two copies of the completed and signed Contract for Snow Plowing and Ice Control form and any other Certifications or Bid Requirements listed in the Bid Book.

By signing below, the Bidder (1) represents that the Bidder has examined the “Contract for Snow Plowing & Ice Control”, all documents referenced in said Contract, and the section of highway referenced above such that the Bidder has sufficient knowledge to properly price the work, (2) represents that the Bidder has given the Department notice of any errors or ambiguities related to the documents or the work that have been discovered by the Bidder, and (3) agrees to perform the work in strict accordance with the terms and conditions of the Contract.
