The duration of these Agreements will be for no more than 5 years. A specific time period will be determined when the Agreements are issued. <sup>1</sup> **General Consultant Agreement (GCA)** – A multi-year umbrella agreement between MaineDOT and a prequalified consultant under which future project contracts may be negotiated through a streamlined selection process. A firm can only be considered for a GCA as part of the Department-wide RFQ process. GCAs are not a guarantee of work; they serve as umbrella agreements that facilitate the award of future project contracts.

<sup>2</sup> **Stand Alone Multi-Pin Contract** – An Indefinite Delivery/Indefinite Quantity (IDIQ) contract that establishes the scope of work, rates, and terms and conditions that put the Consultant "on-call" for a specific service over a specified ordering period. Consultants are given "Notice to Proceed" to perform the service through the use of an Assignment Letter.

**DEPARTMENT-WIDE RFQ PREQUALIFICATION PROCESS:** A firm must achieve prequalified status before it can be considered for an Agreement. **Firms can apply for prequalification at any time during the Open Prequalification period, but their only opportunity to be considered for an Agreement for the services listed herein, will be by submitting to this RFQ.** MaineDOT will assemble teams who will review the submittals and review Consultant Evaluation Forms to determine which firms are qualified to perform the work. The qualified Firms will then be ranked, with the most qualified Firm ranked as number one. The top ranked Firms will be considered for an Agreement through the Shortlist process.

- **SHORTLIST:** The teams will review MaineDOT's Work Plan to determine how many Agreements will be needed for each Service Number. The top qualified Firms under consideration for Agreements are labeled as "Shortlisted". MaineDOT will interview Firms who are Shortlisted under a Service Number that they have not been hired by MaineDOT to perform work under for the last three (3) years. MaineDOT reserves the right to interview all Shortlisted Firms. A firm's ranking could change as a result of the interview process.
- **AGREEMENT AWARD:** Once the teams have finalized the ranking process, the top ranked shortlisted firms will be awarded Agreements. If the teams determine Agreements will be awarded under a particular Service Number, MaineDOT will, whenever possible, award a minimum of three (3).

**GENERAL INFORMATION:**

- All submittals must adhere to the Submittal/Application Instructions, including the format requirements outlined.
- When evaluating a submittal package in response to this RFQ, MaineDOT will consider materials provided in the submittal, information obtained through
