

# Opportunity Zones

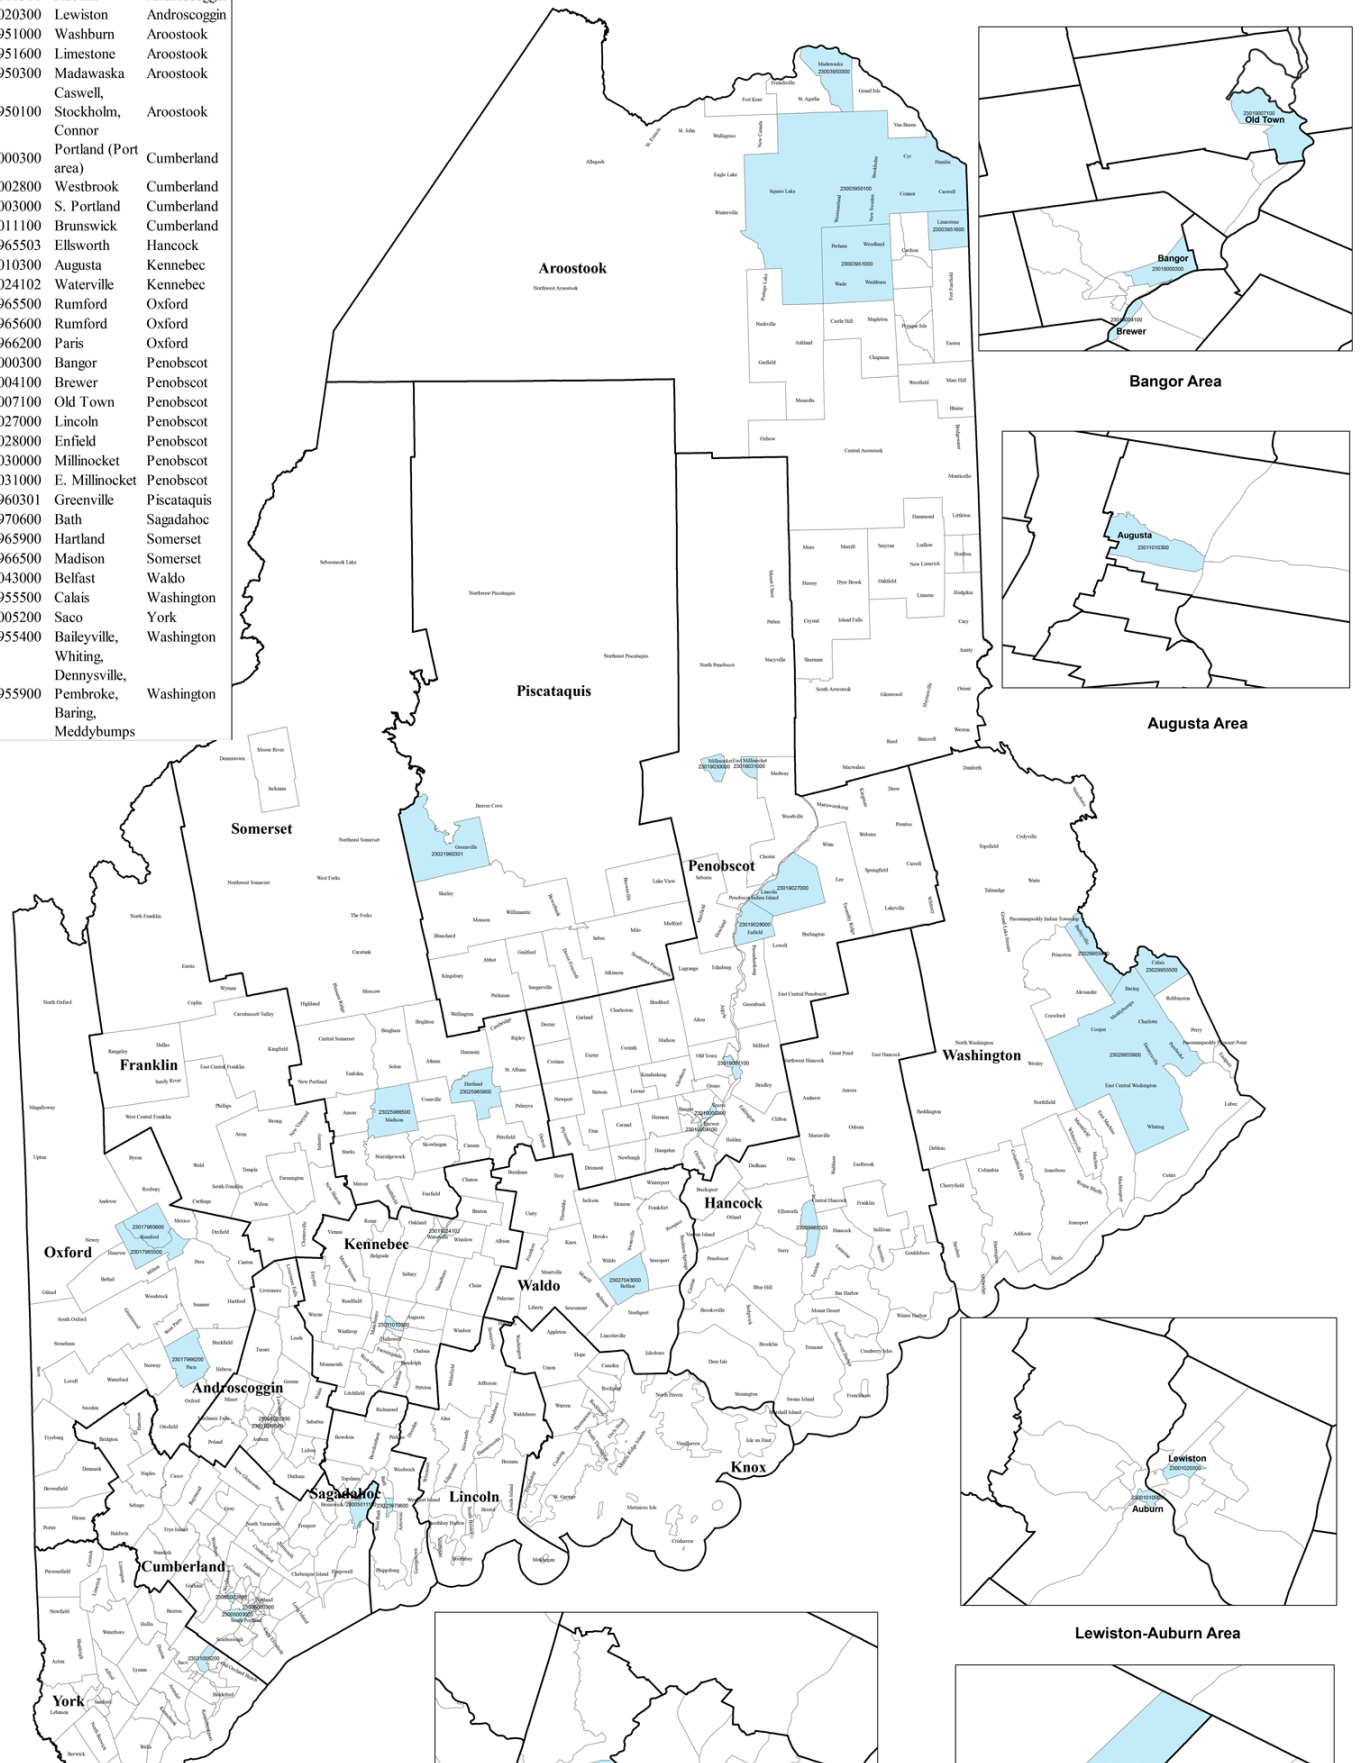

The Opportunity Zones incentive is a community investment tool established by Congress in the Tax Cuts and Jobs Act of 2017 (TCJA) to encourage long-term investments in low-income urban and rural communities nationwide. Opportunity Zones provide a tax incentive for investors to re-invest their unrealized capital gains into dedicated Opportunity Funds.

More information on Opportunity Zones, including answers to frequently asked questions, is available on the [Tax Reform](#) page of IRS.gov. The Tax Reform page will also feature updates on the implementation of this and other TCJA provisions.
