

Depending on the volume of construction vehicles and how they are circulating to and from the site, a flagger at the intersection of Emerson and Main Street may be required to assist construction vehicles entering and exiting Emerson Street.

Minimum of one 11' lane of alternating traffic on Emerson Street when working in or near the street

Utilize existing gravel entrance until new entrance is constructed on Emerson Street

Construction signage to be placed on Emerson Street

The Contractor shall not access the site via the Cumberland Farms driveway (on Emerson Street) or the signal unless coordinated with Cumberland Farms separately.

While contractor is completely within the site working no additional traffic maintenance (aside from construction signage) will be required.
