***Our Firefighters Deserve It!***

Firefighters in Maine are required by the Maine Bureau of Labor Standards to train, maintain, and be proficient in tasks before performing those tasks on the fire ground. No fire training facility in Maine meets standards relevant to all of today's fire-fighting needs. Not only are our current training facilities lacking structurally, they are lacking in geographic location with Maine's rural firefighters severely underserved. Additionally, no facility provides certified training for advanced operations.

*LD1845 will enable grant funding to provide and support compliant fire training facilities within an hours travel time for over 90% of Maine's Firefighters.*

***Reverse the Decline for your Firefighters Training— support LD1845***
