TAG Committees will be chaired by a MUBEC Board Member(s) that will contact you with organizational times and assignments, as needed. TAG Committees will meet when necessary, at the request of the MUBEC Board, and do not have regular meetings. The purpose of TAG Committees is to provide technical knowledge on code issues for the MUBEC Board to review for conflict resolution and code updates.

TAG applications for committees that do not have active issues will be retained for future contact. Individuals may need to reapply for TAG Committee appointment if substantial time has passed since a committee was requested to form.
