When calculating which rate to use, determine the officer's BCTP graduation date and use the reimbursement rates for that year.

Calculate how much time has elapsed since the officer's BCTP graduation from the officer's date of hire at the new agency to determine which amount is required for reimbursement.

### EXAMPLE:

Officer X graduated from the BCTP on 12/15/2024. *Rate used is 2024*

Officer X's hire date for the new agency is 01/17/2026. *Time elapsed is 1 year, 1 month and 2 days, which is during the 2<sup>nd</sup> year from BCTP graduation. Reimbursement rate is \$9,650 (see below table.)*
