**Inter-Departmental Memorandum**

**January 31, 2014**

**TO:** All Defense, Veterans and Emergency Management Employees

**FROM:** Brigadier General James D. Campbell, Commissioner/Adjutant General

**SUBJECT:** DVEM Policy 14-01, Domestic Violence in the Work Place

---

1. This memorandum of policy is effective immediately and remains in effect until renewed or revoked.

2. PURPOSE

The Department of Defense, Veterans and Emergency Management (DVEM) is committed to promoting the health and safety of its employees. This commitment includes the prevention and reduction of the incidence and effects of domestic violence.

While DVEM recognizes that both men and women are victims of domestic violence, the overwhelming majority of victims of domestic violence are women. In fact, domestic violence is the leading cause of injury to women in the United States.

DVEM recognizes that domestic violence is a workplace issue. Domestic violence does not stay at home when victims and perpetrators go to work. Victims may be especially vulnerable while they are at work. Domestic violence can compromise the safety of employees and directly interfere with the mission of DVEM by decreasing morale and productivity, as well as by increasing absenteeism and health costs.

For these reasons, the Department has established this workplace domestic violence policy. The specific purposes of the policy are to:

- Create a supportive workplace environment in which employees feel comfortable discussing domestic violence issues and seeking assistance for domestic violence situations;
- Develop responsive policies and procedures to assist employees who are affected by domestic violence;

## DVEM Policy 14-01, Domestic Violence and the Workplace

- Provide immediate assistance to victims;
- Provide assistance and/or disciplinary action to employees who are perpetrators of abuse;
- Offer training on recognizing and responding to domestic violence.

This policy recognizes that, in accordance with 26 M.R.S.A. § 850, an employer must grant reasonable and necessary leave from work, with or without pay, to an employee who is a victim to prepare for and attend court proceedings; receive medical treatment; attend to the medical treatment of a child, parent or spouse who is a victim; or obtain necessary services to remedy a crisis caused by domestic violence, sexual assault or stalking. The necessity of the leave must be based upon the employee or the employee's daughter, son, parent or spouse being a victim of violence, assault, sexual assault, stalking or any act that would support an order for protection from abuse.

The Department will not tolerate domestic violence in the workplace, and will take action to prevent and correct the misuse of the State's resources in connection with domestic violence. Misuse of the State's resources in connection with domestic violence will result in discipline up to and including discharge.

Disclosure may be addressed to any supervisor or appropriate human resources staff. If an employee’s disclosure indicates that there exists reasonable cause to suspect abuse, neglect, or exploitation of children or incapacitated or dependent adults reporting will be made to the Department of Health and Human Services and the Local District Attorney’s Office. Further disclosure may be necessary if the abuser presents a threat to the safety of any
