

ACLS for Experienced Providers

**MUST Pre-register 14 days in advance to receive
pre-course materials!!!**

The goal of the ACLS EP Course is to improve outcomes in complex cardiovascular, respiratory and other (eg, metabolic, toxicological) emergencies by expanding on core ACLS guidelines and encouraging critical thinking and decision making strategies. Through instruction and active participation in case-based scenarios, learners enhance their skills in the differential diagnosis and treatment of prearrest, arrest and post-arrest patients.

There are pre-course requirements and students will need to pass the CPR, Respiratory Arrest, and Mega-code stations without remediation, prior to the didactic portion of the class.

ACLS-EP Course Cost- \$220.00 (includes all course materials)

June 28, 2019- Down East Community Hospital, Machias
