Group Crisis Intervention

Course Description:

Designed to present the core elements of a comprehensive, systematic and multi-component crisis intervention curriculum, the Group Crisis Intervention course will prepare participants to understand a wide range of crisis intervention services. Fundamentals of Critical Incident Stress Management (CISM) will be outlined and participants will leave with the knowledge and tools to provide several group crisis interventions, specifically RITS (Rest Information and Transition) CMB's (Crisis Management Briefings), Defusing's, and the Critical Incident Stress Debriefing (CISD). The need for appropriate follow-up services, health and wellness and referrals when necessary will also be discussed.

This course is designed for anyone in the fields of Business & Industry Crisis Intervention, Disaster Response, Education, Emergency Services, Employee Assistance, Healthcare, Homeland Security, Mental Health, Military, Spiritual Care, and Traumatic Stress.
