### FAQ

- \* State/Local Continued Competency Requirement (LCCR) are currently considered flexible and may be any combination of CEH courses that fulfill the hour requirement based on license level.
- \*\* Individual Continued Competency Requirement (ICCR) are flexible and may be any combination of CEH courses that fulfill the hour requirement based on license level.
- There are currently no CEH requirements for licensed Ambulance Operators.
- EMD licenses have separate CEH requirements through IAED. For more information, please visit <https://www.maine.gov/ems/emd/licensing>
- Maine EMS rules allow distributive education hours (i.e., online) to be counted toward all total CEH requirements.
- Online education must be CAPCE approved or approved by Maine EMS.
- Online courses, other than MEMSEd, must have a certificate issued with the clinician’s name, course hours and categories, date completed, and indicate CAPCE approval on the certificate.
- CEH courses approved by another State EMS agency are approved for Maine EMS license renewal. Courses must have a certificate issued with the clinician’s name, course hours and categories, date completed, and indicate state approval on the certificate.
- Courses completed in degree programs (i.e., nursing) *may* be eligible for CEH credit. Contact Maine EMS for individual assistance.
- A list of standardized curriculum CEH courses can be found on the Maine EMS website under “Education and Testing” tab, then select CEH Resources: <https://www.maine.gov/ems/education-ceh/documents>
