OVERVIEW: Maine EMS is announcing we have filled Regional EMS Manager Positions for three (3) of the four (4) EMS Regions.			

Greetings Maine EMS Stakeholders,

Maine Emergency Medical Services (Maine EMS) is pleased to announce the appointment of its new Regional EMS Managers, who will play a crucial role in supporting and enhancing EMS across the state. This transition marks an important step in Maine EMS's ongoing commitment to provide the highest quality prehospital care to all of Maine's residents and visitors.

Serving as key points of contact and resources for EMS stakeholders, the Regional EMS Managers will foster our core values of excellence, support, collaboration, and integrity, while also assisting with regional quality improvement activities and facilitating communication between local agencies and the state EMS office.

The new Regional EMS Managers are:

- Region 1: Robert Glaspy
- Region 2: Melissa Adams
- Region 3: Jason Oko
- Region 4: To be announced at a later date

We are thrilled to welcome these experienced and dedicated professionals to their new roles at Maine EMS. Their expertise and leadership will be invaluable as we collaborate to strengthen our regional EMS delivery systems.

We are confident in the long-term benefits of this transition to the State Supported 4 Region EMS model, including enhanced collaboration, resource sharing, and ultimately improved patient care.

We appreciate your understanding and patience as we navigate this important transition. We are committed to keeping you informed and will provide further updates as the implementation progresses at regularly scheduled Maine EMS Board meetings.

• Excellence • Support • Collaboration • Integrity •
