

## Handoff of the Medical Patient

Monday, May 19<sup>th</sup>, 2025

3:00 pm to 4:00 pm

Teams Webinar

[Click here to register](#)

Dr. Lewis will discuss how to enhance our EMS clinical skills with a successful handoff between the EMS clinician and the receiving physician(s) and nurse(s).

### Objectives:

- Discuss the culture of language in medicine and understand the communication environment
- Discuss current tools available for the handoff of medical patients (specifically MIST)
- Discuss best practices for handoff

Don't hesitate to contact Eric Wellman, EMS Manager, at [Eric.Wellman@MaineHealth.org](mailto:Eric.Wellman@MaineHealth.org) with any questions.

If you cannot attend, but would like to watch the webinar later, it will be posted at [Division of EMS - YouTube!](#) Continuing education credit is not available, unless you attend the webinar. We look forward to seeing you there!
