4. Old Business
 - a. Patient Demographics
 - i. Jason gave a presentation on patient demographics and encouraged agencies to be vigilant when collecting patient demographics. Maine EMS is seeing multiple entries of likely the same patient in MEFIRS by the same agency with subtle discrepancies between the entries, for example, one with a middle initial, one without. Jason explained that the patient record is being sent to the Maine Health Info Net and that the process of joining the records relies heavily on a matching demographic set.
 - b. Health-Info Net
 - i. Jason Provided an update on Health Info Net and how the records of CP patients were exporting to Health Info Net.
5. New Business
 - a. Alzheimer's presentation from Maine Health Care team in Collaboration with Lincoln County Health
