To: Commission

From: Commission Staff

Date: October 25, 2022

Re: American Leadership Committee-Maine PAC

The Commission received a complaint from Ms. Mary Small concerning mailings sent by the American Leadership Committee-Maine PAC (the "PAC") to oppose Republican legislative candidates. Ms. Small states that the mailings do not identify the top three funders of the PAC, which is required for most independent expenditure (IE) communications in Maine. The sample mailing she provided (opposing House candidate Linda Baker) contains the message: "No top donors." The cost of the Baker mailing was included in an IE report filed by the PAC on October 14, 2022, which included the costs of mailings opposing ten legislative candidates totaling \$18,146. Yesterday, the Commission received a second complaint about the top 3 funder issue from Kim Pettengill (attached) and we received informal concerns from two others by email.

The PAC responded to the complaint yesterday through a letter from its counsel, the Elias Law Group. The letter is attached for your consideration, but the staff has truncated exhibit A from 280 pages to five pages. In summary, the PAC responds as follows. It is fully funded by the Democratic Leadership Campaign Committee ("DLCC"), which is a national organization dedicated to electing Democratic candidates to state office. The DLCC typically makes contributions or expenditures in more than 20 states each election cycle. To comply with the donor disclosure laws in the different states, it has set up a protocol for tracking or attributing funds it has received to specific expenditures in each jurisdiction. For purposes of disclosing donors who have funded IEs in Maine this election, the DLCC has attributed this spending to donors whose contributions to the DLCC since the November 4, 2020 election were less than \$1,000. Because these individuals gave less than \$1,000 to the DLCC in that period, the PAC is not required to name them in the mailing.

Commission staff requested additional information relevant to whether the PAC had reported the correct expenditure date in the October 14, 2022 IE report.

### **Relevant Laws and Rule**

### Commission initiation of investigation

Request from others. The Commission is required to review every request to investigate an alleged violation of campaign finance law and to conduct an "investigation if the reasons stated for the request show sufficient grounds for believing that a violation may have occurred." 21-A M.R.S. § 1003(2).

Preliminary investigation by staff. In addition, the Commission staff "may conduct such preliminary investigation as is deemed prudent and desirable" in the case of any inquiry or complaint filed with the Commission or if "any potential violation [] comes to the attention of Commission staff through an audit or review of reports." 94-270 C.M.R. Ch. 1, § 5(1).

# <u>Top 3 Funder Disclosure Requirement</u>

For decades, communications to voters in Maine advocating for or against candidates (mailings, ads, signs, *etc.*) have been required to include the name of the organization that paid for the communication. 21-A M.R.S. §§ 1014(1)&(2). In 2015, Maine joined other states in requiring that IE communications must state the "top 3 funders" of the organization that paid for the communication. 21-A M.R.S. § 1014(2-B). IEs are the costs of express advocacy communications to voters that were prepared without consultation or cooperation with the candidates in the affected races. 21-A M.R.S. § 1019-B.

The top 3 funder disclosure requirement was adopted as part of a 2015 citizen initiative promoted by election reform advocates to bolster campaign finance laws. 21-A M.R.S. § 1014(2-B). The purpose of the law is to provide members of the public with immediate information concerning the source(s) of funding for communications they have received.

Under this requirement, PACs, party committees and others engaging in IEs are required to include in the communications "the funders providing the highest dollar amount of funding to the entity making the independent expenditure since the day following the most recent general election day." 21-A M.R.S. § 1014(2-B). Since general elections occur every two years,

practically speaking, this translates into a duty for an organization making an IE to disclose the three sources that provided the organization with the highest amounts of its funding during the previous 21-24 months.

The law specifies the language required for the disclosure statement: "The top 3 funders of (name of entity that made the IE) are (names of top 3 funders). 21-A M.R.S. § 1014(2-B). Funding sources that have given less than \$1,000 since the last general election do not need to be disclosed § 1014(2-B). The law also exempts from disclosure two categories of funds:

When compiling the list of top funders, an entity making an independent expenditure may disregard any funds that the entity can show were used for purposes unrelated to the candidate mentioned in the communication on the basis that funds were either spent in the order received or were strictly segregated in other accounts.

§ 1014(2-B)(E). This provision is discussed below in the staff analysis section of this memo.

### Commission's Rules - Top 3 Funder Requirement

In November 2015, the Commission began a rulemaking to interpret and implement the top 3 funding disclosure requirement that Maine voters adopted. One of the election reform groups responsible for the initiative urged the Commission to specifically address IEs by PACs in situations where application of the top 3 funder law might be ambiguous. In January 2016, the Commission adopted § 7(12) of the Commission's Chapter 1 rules (attached), which included this paragraph:

D. If the communication is funded by a political action committee that is fully funded or controlled by another political action committee or legal entity, the top three funders to be listed are the top three funders of that entity that fully funds or controls the political action committee.

To illustrate the intent of this paragraph through a hypothetical, if the "Maine Justice PAC" is controlled and funded by a separate nonprofit entity "Americans for Justice," the top 3 disclosure requirement should not be "The top funder of the Maine Justice PAC is Americans for Justice." Rather, the paragraph was intended to require the disclosure of the top three funders of Americans for Justice that were ultimately responsible for funding the IE.

# <u>Definition of Expenditure</u>

The term "expenditure" includes "a purchase, payment, distribution, loan, advance, deposit or gift of money anything of value made for the purpose of initiating or influencing a campaign," and "a contract, promise, or agreement, expressed or implied, whether or not legally enforceable, to make any expenditure for the purposes set forth in this paragraph." 21-A M.R.S. §§ 1052(4)(A)(1)&(2). The Commission has adopted a rule (Chapter 1, § 7(3) confirming that placing an order for a good or service constitutes reportable expenditure, even if the order has not been paid for:

- 3. Reporting Debts and Unpaid Obligations
  - A. The following events constitute expenditures, even if the payment for a good or service has not been made at the time of the event:
    - (1) The placement of an order for a good or service;
    - (2) The signing of a contract for a good or service;
    - (3) The acceptance of the delivery of a good or the performance of a service by a vendor; or
    - (4) A promise or an agreement (including an implied one) that a payment will be made in exchange for a good or service.
  - B. For reporting purposes, the expenditures listed in paragraph A are designated as debts or obligations prior to payment for the goods or services being made.
  - C. If a person required to file a campaign finance report has a debt or obligation which remains unpaid at the end of the report period, the person shall report the date, amount, vendor, and purpose of the debt or obligation. If the exact amount is not known, the person filing the report shall report an estimate of the amount (preferably obtained in a written statement from the vendor).
  - D. If a debt or obligation occurs in the same report period as a payment for that debt or obligation, the person filing the report will report only the payment, not the debt or obligation.
  - E. A candidate or committee is not required to report a payment for a good or service in a 24-Hour Report, if the candidate or committee reported a debt for that good or service in the last regularly scheduled campaign finance report.

94-270 C.M.R. ch. 1 § 7(3). In accordance with this rule, the Commission's eFiling system is designed so that an independent spender may indicate that it is reporting an unpaid debt or obligation, rather than a payment.

# **Staff Analysis**

The DLCC is a national organization, incorporated in Washington D.C., that is dedicated to electing Democratic candidates to state office. In the PAC's October 24, 2022 response to the complaint, its counsel indicated that the DLCC typically promotes Democratic candidates in more than 20 states each election cycle. The Commission staff has had a brief opportunity to review the DLCC's Form 8872 quarterly statements on file with the U.S. Internal Revenue Service (IRS). We calculate that the DLCC received \$21,463,515 in contributions during the first nine months of 2022. Judging by the third quarterly statement, most contributions received by the DLCC are from individuals in amounts of less than \$1,000 although the statement includes some donations from individuals in higher amounts and some contributions from organizations. It is clear from the statement that the DLCC has a capable bookkeeping operation.

The American Leadership Committee is also nonprofit corporation registered in Washington, D.C. In its last quarterly statement with the IRS, it reported receiving a total of \$1,443,715 from the DLCC this year (through September 30, 2022).

The American Leadership Committee registered its Maine PAC with the Commission on August 22, 2022. The PAC is fully funded by the DLCC. Its principal officer and treasurer are the chief operating officer and finance/compliance director of the DLCC, respectively. Since registering, the PAC has filed five IE reports disclosing a little less than \$350,000 on communications to oppose Republican candidates or support Democratic candidates in Maine:

Date	Amount	Expenditure Type
10/5/2022	\$149,000	Social media and online advertising
10/14/2022	\$18,146	Direct mail
10/19/2022	\$38,497	Direct mail
10/22/2022	\$125,000	Social media and online advertising
10/23/2022	\$17,885	Direct Mail

To the best of our knowledge, all the communications contain the same "No top donors" disclosure statement.

# PAC's Response on Top Funder Issue

In its October 24, 2022 response, the PAC's counsel explains that the American Leadership Committee and the DLCC must comply with financial reporting and donor attribution requirements in states across the country. These state laws differ and are sometimes in conflict. The PAC argues that it attempted in good faith to comply with Maine's top 3 funder disclosure law and believes it has done so. The PAC asserts it is prepared to correct any reports or communications to comply with guidance from the Commission.

The PAC describes its procedures for complying with contribution disclosure requirements as follows:

To comply with reporting rules across multiple jurisdictions, the DLCC has adopted a protocol for tracking which donors' funds are used in each jurisdiction. Prior to, or within a reasonable time after, funds are spent in a state, the DLCC identifies the donors whose funds were used to make the applicable contribution or expenditure. Once marked as spent in a particular state, that donor's contribution is no longer eligible to be spent in any other state.

The PAC states that in advance of the 2022 elections, the DLCC decided to fund IE communications from a separate bank account for "small-dollar" contributions it has received from individuals (up to \$4,999.99), referred to as the Low Individual Account. The PAC further explains:

Moreover, the DLCC determined that it would attribute its contributions to ALC-ME only to donors whose contributions since November 4, 2022 were less than \$1,000 in the aggregate, provided that sufficient funds of that type remained in the Low Individual Account at the time of each contribution.

The PAC has submitted a declaration from its chief operating officer stating that, in order to finance independent expenditures in Maine, the DLCC made five transfers during October 3-21, 2022 from its Low Individual Account to the separate bank account established for the PAC.

In explaining its rationale for the "No top donors" disclosure statement, the PAC relies on § 1014(2-B)(D):

D. When compiling the list of top funders, an entity making an independent expenditure may disregard any funds that the entity can show were used for purposes unrelated to the candidate mentioned in the communication on the basis

that funds were either spent in the order received or were strictly segregated in other accounts.

The PAC argues that, for purposes of complying with the top 3 funder requirement, this rule permits the PAC to use a reasonable accounting method to attribute its IEs in Maine to specific donors that have contributed to the DLCC since the November 2020 general election.

The Commission staff questions whether this is a correct reading of the statute, both in terms of the law's intent and language. The top 3 funder disclosure requirement, enacted by Maine voters in 2015, was intended to require PACs, party committees and others to disclose their three *highest* funding sources since the last general election. In contrast, the PAC is proposing to attribute its roughly \$350,000 in IEs in Maine to some of its *smaller* donors who gave less than \$1,000 with the effect that no donors would be disclosed to the Maine public. This seems contrary to public disclosure goal that the 2015 initiative envisioned.

Subsection 1014(2-B)(D) is intended to allow PACs and others to exclude funding sources in two categories:

- (1) a funder whose donation was *deposited into a separate account* that was used for some purpose other than independent expenditures (*e.g.*, lobbying or education).
- (2) based *on the order in which it was received*, a funder's donation that can be shown to have been spent on other purposes. For example, for purposes of an IE made in October 2022, a PAC may be entitled to exclude a contribution received 1½ years earlier in January 2021 if it believes it can demonstrate that particular donation was spent in early 2021 on some other purpose.

The statute does not include language suggesting that these categories were examples and that other accounting methods would be permissible to exclude additional funders from public disclosure. We are concerned that allowing a PAC or party committee to use its own discretion to "attribute" an expenditure to this or that donor (no matter how large or small) could lead to circumvention of the intent of the law, which is the disclosure of the three highest funding sources since the last general election.

The Commission staff respects that complying with multiple states' campaign finance laws can be a challenge, but that is a burden that the DLCC has chosen to accept by advocating for candidates in more than 20 states. The duty for the DLCC is to comply with each state's distinctive disclosure requirements, regardless how it has attributed its contributions in other

states' reporting systems. In the DLCC's third quarter IRS statement (July 1 – September 30, 2022), it reported received money from multiple individuals who gave the DLCC a total of \$1,000, \$2,000, \$3,500, or \$4,000 during 2022. These donations were presumably deposited in the DLCC's Low Individual Account that was used to finance IEs in Maine. In the opinion of the Commission staff, the PAC has not presented a good reason why these donors should have been excluded from the top 3 funder disclosure requirement. We recognize that factual information and legal argument are being presented to you in a compressed time period, but we currently tend toward the view that the "No Top Donors" disclosure statement in the PAC's IE communications does not meet the requirements of 21-A M.R.S. § 1014(2-B).

### Expenditure Date of Independent Expenditure Report

In the IE report that is the subject of Ms. Small's complaint, the PAC reported the date of October 12, 2022 for its expenditure of \$18,146 to Moxie Media of Seattle. The postage language on the mailings suggests that they were printed by a company physically located about 50 miles south of Boston. The PAC explains that:

- templates were sent to the printer on Wednesday, October 5, 2022,
- postage was invoiced on Saturday, October 8, 2022, and
- the mailings were deposited at the U.S. Postal Service facilities in Hampden or Portland on Thursday, October 13, 2022.

The PAC contends, however, that the correct expenditure date is Wednesday, October 12. According to the PAC, that is the date that it paid the postal invoice and made a promise to move forward with the mailing as printed.

The Commission staff recommends viewing this explanation critically. Through its counsel and accompanying declarations, the PAC explains that American Leadership Committee sometimes orders the design of literature that is not subsequently printed for reasons of budget, timing, or revenue fluctuations. The PAC and its vendor, however, have not cited a single supporting example in which the American Leadership Committee or the DLCC declined to send literature that had been previously *printed*. In the first nine months of 2022, the American Leadership Committee received substantial revenue from the DLCC (a little more than \$1.4 million) which hopefully would provide some financial stability in funding IEs. Since the PAC ordered literature to be printed on October 5 (or shortly afterward) and was given an invoice for

a specific postage amount on October 8, these actions may be sufficient to conclude that the PAC had entered into an express or implied agreement during October 5-8 to pay for mailings, which would have required the PAC to file an IE report sometime in the range of October 7-10.

The Commission staff recognizes this timing issue was not part of Mary Small's original complaint. It is within the Commission's discretion whether to invest further resources on this timeliness issue. Thank you for your consideration of this memo.

# **RE:** American Leadership Committee – Maine

Dear Commissioners:

We represent American Leadership Committee – Maine ("*ALC-ME*"). We write in response to a complaint filed regarding a mailer that ALC-ME reported with an expenditure date of October 12, 2022 (the "Mailer"). Complainants object that the Mailer's disclaimer listed "No top donors," and the Commission queries whether the October 12, 2022 date is the date that the expenditure was "made" under Maine law.<sup>1</sup>

ALC-ME's parent organization, American Leadership Committee – along with ALC-ME's sole funder, the Democratic Legislative Campaign Committee – must comply with reporting and donor attribution requirements in jurisdictions across the country. These state laws differ and often conflict with one another. ALC-ME has made a good faith effort to comply with Maine's complex (and relatively new) reporting and disclaimer rules and believes it has done so, for the reasons set forth below. Should the Commission use this proceeding to issue clarifying guidance on these laws, however, ALC-ME is prepared to correct any reports and/or communications to comply with this guidance.

# I. Background on ALC-ME, American Leadership Committee, and the Democratic Legislative Campaign Committee

The American Leadership Committee ("ALC") is a section 527 political organization incorporated in the District of Columbia. Unlike so-called "dark money" organizations, ALC discloses its donors (and expenditures) on publicly available reports filed with the Internal Revenue Service ("IRS").<sup>2</sup> Simply put, there is no mystery about who funds ALC; the information is available to the public.

ALC makes independent expenditures. It is funded primarily by the Democratic Legislative Campaign Committee ("**DLCC**"), a section 527 political organization dedicated to electing state Democrats. ALC is separately incorporated from the DLCC, maintains its own bank accounts, and reports its own spending. Like ALC, the DLCC discloses its donors (and expenditures) on

publicly available reports filed with the IRS.<sup>3</sup> Again, there is no mystery about who funds the DLCC; the information is available to the public.

Where required by state law, ALC establishes state PACs through which it makes its independent expenditures. ALC-ME is ALC's state PAC in Maine through which it makes Maine independent expenditures.<sup>4</sup>

### II. Top Donor Disclosure Under Maine Law

# A. Legal Discussion

Maine law requires an independent expenditure communication of more than \$250 to include the following statement: "The top 3 funders of (name of entity that made the independent expenditure) are (names of top 3 funders)."<sup>5</sup>

As of 2019, the Maine Ethics Commission's regulations provide that "if the communication is funded by a political action committee *that is fully funded or controlled by another political action committee or legal entity*, the top three funders to be listed are the top three funders of that entity that fully funds or controls the political action committee." A Maine committee like ALC-ME that has only one funder is covered by this regulation because it is "fully funded ... by another ... legal entity." Per the regulation, such a fully-funded committee may *not* include the direct source of its funding in its "top funder" disclosure on independent expenditure communications. Instead, such a committee is required by law to assess the top three funders *to its funder*.

In making that assessment, an IE spender must follow Maine's laws for identifying top funders. When identifying the top three funders, Maine law instructs as follows:

- (1) "When compiling the list of top funders, an entity making an independent expenditure may disregard any funds that the entity can show were used for purposes unrelated to the candidate mentioned in the communication on the basis that funds were either spent in the order received or were strictly segregated in other accounts;" and
- (2) The top-funder disclosure statement "is not required to include the name of any funder who has provided less than \$1,000 to the entity making the independent expenditure since the day following the most recent general election day."

ALC-ME understands the first requirement to be a "reasonable accounting method" rule, whereby an entity must use a consistent method to identify the sources of its funding. Maine law

suggests some potential methods, but there may be others as well. Other states employ such rules too. Michigan law, for example, provides that "[i]temized fund transfers received by an affiliate PAC from a parent committee may be disclosed under the Campaign Finance Act through the 'Last-In-First-Out' (LIFO) accounting method or any other reasonable accounting method." Likewise, federal law requires that a political committee "must demonstrate through a reasonable accounting method that, whenever such an organization makes a contribution or expenditure, or payment, the organization has received sufficient funds subject to the limitations and prohibitions of the Act to make such contribution, expenditure, or payment." <sup>10</sup>

## **B. DLCC Methodology for Reporting Small Dollar Donors**

The DLCC typically makes contributions and/or expenditures in more than twenty states each election cycle. Each state has different campaign finance laws. To comply with reporting rules across multiple jurisdictions, the DLCC has adopted a protocol for tracking which donors' funds are used in each jurisdiction. Prior to, or within a reasonable time after, funds are spent in a state, the DLCC identifies the donors whose funds were used to make the applicable contribution or expenditure. Once marked as spent in a particular state, that donor's contribution is no longer eligible to be spent in any other state.

Due to the change in Maine law in 2019, ALC-ME could not list DLCC as its top donor. Accordingly, DLCC changed its funding strategy in advance of the 2022 election and determined that it would only fund independent expenditure communications with funds from its Low Individual Account, a separate bank account into which only small-dollar contributions (up to \$4,999.99 per calendar year) from individuals are eligible to be deposited. Moreover, the DLCC determined that it would attribute its contributions to ALC-ME only to donors whose contributions since November 4, 2020 were less than \$1,000 in the aggregate, provided that sufficient funds of that type remained in the Low Individual Account at the time of each contribution.

On October 3, 2022, October 12, 2022, October 17, 2022, October 20, 2022, and October 21, 2022, DLCC made contributions to ALC-ME to support its Maine independent expenditure communications. <sup>11</sup> Those contributions consisted of funds entirely from donors who contributed less than \$1,000 to DLCC since the day following the last general election, using the DLCC's accepted protocol for attributing donors to state-level contributions or expenditures. A list of these donors' names, the amount and date of their contribution to DLCC, and their aggregate total contributions to DLCC since November 4, 2020 is attached as Exhibit A. These contributions were made to DLCC for the general support of DLCC's mission to elect state Democrats and were not earmarked for Maine spending. None of these contributions had been previously identified or marked as funding a contribution or expenditure in another state; now that these contributions are being used to finance DLCC's contributions to ALC-ME, they will

<sup>&</sup>lt;sup>11</sup> These contributions will be reported on ALC-ME's pre-election report. A separate contribution from DLCC on September 20, 2022 was spent entirely on polling and not on the Mailer at issue in this complaint or any other independent expenditure communication. *See* American Leadership Committee – Maine, October Quarterly Report (Oct. 5, 2022).

not be identified or marked as funding a contribution or expenditure in another state in the future. Because ALC-ME is fully funded by the DLCC, the top three donors to be listed on its independent expenditures are those of the DLCC. <sup>12</sup> Maine law instructs that DLCC should exclude funds that they can show were used for purposes unrelated to the candidates mentioned in the communication. And because all contributions that are attributable to the Maine communications are from under-\$1,000 donors, ALC-ME was correct to include "no top donors" on the disclaimer. <sup>13</sup>

Given the complexity of their operations, ALC-ME and DLCC believes the "No top donors" statement under its reasonable accounting method represents a good faith effort to comply with the law. If the Commission disagrees, ALC-ME is willing to work with the Commission and Commission staff to modify the disclaimer on digital ads currently running and future mailers as provided under Me. Rev. Stat. tit. 21-A, § 1014(4).

# III. The Earliest Date that ALC-ME Made an Expenditure for the Mailer Was October 12, 2022.

# A. Maine Law Requires Disclosing an Independent Expenditure Made Between 60 and 14 Days Before An Election Within 48 Hours of When the Expenditure is Made

Maine requires committees making independent expenditures in excess of \$250 from the 60<sup>th</sup> day through the 14<sup>th</sup> day before an election to file a report "within two calendar days of the expenditure." <sup>14</sup> An "expenditure" is defined to include a "contract, promise or agreement, expressed or implied, whether or not legally enforceable, to make any expenditure." <sup>15</sup> Maine's Political Action Committee Guidebook says that an expenditure is "considered made at the earliest of the following events:

- the placement of an order for a good or service;
- the signing of a contract for a good or service;
- the delivery of a good or service;
- a promise or an agreement to pay; or
- the payment for a good or service."<sup>16</sup>

### **B.** ALC's Independent Expenditure Process Generally

As an organization with a national mission to elect state Democrats, ALC's independent expenditure program moves with speed and flexibility. For example, for a mail program, ALC will hire a mail vendor to develop mail concepts for multiple candidates and across multiples states, but not all of these concepts will make it to print. For those that do make it to print, ALC may take advantage of bulk printing discounts to print mailers for a group of candidates, but

ultimately send mailers to just some of the candidates depending on the available budget for postage.

It is a common practice in the campaign industry at this time of year to cut program even after investment costs have been sunk for revenue reasons. In fact, ALC's revenue has come in under projections, leaving ALC to make difficult choices on a compressed timeline about what projects to keep funding.

ALC pays its printer 60 days in arrears and pre-pays for postage. That provides a 60-day cushion to cover sunk printing costs should a mailer not make it to the public after it has been printed.

# C. Under Its Independent Expenditure Process, October 12 Was the Earliest Date the Expenditure Was Made

For the Mailer at issue in this complaint, ALC-ME reported the date that the first payment for the Mailer was made, an October 12, 2022 pre-payment for postage. That postage was invoiced originally on October 8, and the templates were sent to the printer on October 5; the Mailer was deposited with the United States Postal Service on October 13.

Because of the need to maintain flexibility in its program, ALC-ME did not commit to disseminating the Mailer until it paid the invoice on October 12, and that is the earliest date that the expenditure was finally made. There was no "promise to make an expenditure" when the templates were sent to the printer or invoiced, because the decision to make the expenditure for the purpose of influencing a state election—i.e., the decision to *disseminate* the Mailer to voters via the United States Postal Service—had not yet been made. A mailer that is printed *but never sent to voters* is not an "expenditure" under Maine law. ALC-ME's 48-hour report included the true costs of the postage that was pre-paid (\$5,448.44) as well as estimated costs for the production (\$12,698), which was reported as a debt owed and will be paid according to the 60-day schedule agreed to with that vendor.

Thus, ALC-ME timely filed its 48-hour report within two calendar days of making the expenditure at issue here.

We are happy to answer any questions during the Commission's October 26, 2022 hearing.

Yours truly,

Jonathan Berkon Emily Hogin

RE: American Leadership Committee – Maine

### DECLARATION OF HEATHER KASHNER

- 1. I am over eighteen years of age. I have personal knowledge of the facts set forth herein.
- 2. I am the Chief Operating Officer of the Democratic Legislative Campaign Committee ("DLCC"). In that capacity, I oversee the DLCC's campaign finance compliance operation.
- 3. The DLCC has made four contributions to ALC-ME to finance ALC-ME's independent expenditure contributions:
  - a. \$125,000 on October 3, 2022
  - b. \$5,448.44 on October 12, 2022
  - c. \$9,513.47 on October 17, 2022
  - d. \$125,000 on October 20, 2022.
  - e. \$3,835.36 on October 21, 2022.
- 4. These contributions were transferred from the DLCC's Low Individual Account, a separate bank account into which small-dollar contributions from individuals are deposited. Donors who contribute up to \$4,999.99 in a calendar year are eligible to have their funds deposited in the Low Individual Account.
- 5. Because DLCC contributes to reporting entities in multiple jurisdictions from the Low Individual Account, DLCC tracks in which state a donor's contributions are spent. Once marked

as spent in a particular state, that donor's contribution is no longer eligible to be spent in any other state.

- 6. For example, a \$1,000 contribution from Deborah J. Simon on September 15, 2022, a \$500 contribution from Jerry Rosenstock on September 15, 2022, and a \$500 contribution from Chris Sasso on October 18, 2022 have all been designated as spent in New Hampshire and were not eligible to be part of any of the transfers identified in Paragraph 3.
- 7. Exhibit A is a list of donors whose contributions were in the Low Individual Account at the time of the transfers identified in Paragraph 3 and had not been designated as spent in any state. They each gave less than \$1,000 to the DLCC since November 4, 2020. They have since been marked as spent in Maine and are not eligible for use in any other state.

I declare under penalty of perjury under the laws of the State of Maine that the foregoing is true and correct.

### **DECLARATION OF CORY WARFIELD**

- 1. I am over eighteen years of age. I have personal knowledge of the facts set forth herein.
- 2. I am the Independent Expenditure Director for the Democratic Legislative Campaign Committee ("DLCC").
- 3. In my capacity as Independent Expenditure Director, I oversee the expenditures of American Leadership Committee ("ALC"), the independent expenditure arm of the DLCC.
- 4. As Independent Expenditure Director, I am aware of ALC's independent expenditure process and mail programming decisions.
- 5. Many factors impact ALC's mail programming decisions, including available budget for postage, timing in the election cycle, polling data, and revenue fluctuations.
- 6. Sometimes, for any of the above reasons, ALC will hire a vendor to develop mail concepts but will elect not to print those concepts.
- 7. Additionally, for the same reasons, ALC may take advantage of bulk printing discounts to print mailers for a group of candidates but may choose to send mailers for a select few from that group.
- 8. This is not an extraordinary occurrence. For example, in late August of this year,
  ALC had designed with Moxie Media four mail pieces regarding elections in a state other than
  Maine. Two were sent to the printer and mailed, and ALC canceled or delayed the last two pieces.

Now, in October, ALC is using the delayed design from that mail program, which will be mailed in that state in late October. The portion of that August design fee will be included in ALC's October invoice from Moxie Media.

I declare under penalty of perjury under the laws of the State of Maine that the foregoing is true and correct.

### **DECLARATION OF BRIAN ZUZENAK**

- 1. I am over eighteen years of age. I have personal knowledge of the facts set forth herein.
- 2. I am a Partner with Moxie Media. Moxie Media produces political direct mail and supervises the printing and postage of such mail through sub-vendors.
- 3. In my capacity as Partner, I observe the mail programming decisions of our clients.
- 4. Sometimes, a client will engage our services at Moxie Media to design political mailers but will choose not to print those mailers.
- 5. Sometimes, a client will engage our services at Moxie Media to develop and print political mailers but will choose not to pay for postage for those mailers.
- 6. While this happens rarely, it is also not an extraordinary occurrence. Clients cutting mail programs is more likely to occur later in the election cycle, in late August through October, and may be the result of revenues falling short of projections or political strategy changing.

I declare under penalty of perjury under the laws of the State of Maine that the foregoing is true and correct.

Jonathan Wayne, Executive Director Maine Ethics Commission 135 State House Station Augusta, Maine 04333-0135

Dear Jonathan -

I am filing a complaint against American Leadership Committee - Maine, 1125 I St., Suite 1250, Washington, DC regarding mailings sent in opposition regarding the following Republican candidates:

Jon Connor (District 9) - 2 mailings Jennifer Marie Morin (District 20) - 1 mailing Reagan LeeAnn Paul (District 37) - 1 mailing Crystal Lynn Robinson (District 44) - 1 mailing Tricia Warren (District 48) - 1 mailing Kelly James (District 49) - 1 mailing Linda L. Baker (District 51) - 2 mailings Charles J. Bussell (District 54) - 2 mailings Philip Ryan Wiseman (District 55) - 1 mailing Corey Wilson (District 57) - 1 mailing James E. Orr (District 59) - 2 mailings William L. Clardy (District 60) - 1 mailing Tiffany Estabrook (District 75)- 2 mailings Gregory E. Foster (District 86) - 1 mailing James William Sorcek (District 88) - 2 mailings John Victor Chambers (District 96) - 2 mailings David Lawrence Reed (District 105) - 1 mailing Barbara Bagshaw (District 106) - 1 mailing Michael Hall (District 107) - 1 mailing Pamela Diane Buck (District 142) - 2 mailings AnnMarie Fredericks (District 143) - 2 mailings Timothy M. Roche (District 145) - 1 mailing Mark Andrew Rouillard (District 149) - 2 mailings

They have sent opposition mailings regarding the Republican House candidates listed above stating that they do not have a top donor. Records on your website show that

Jonathan Wayne, Executive Director October 24, 2022 Page 2

they have recorded expenditures on 10/12/2022 and 10/19/2022 in the total amount of \$56,661.91.

According to their finance report covering 8/23 through 9/30/2022, the largest donor to this organization is the Democratic Legislative Campaign Committee, 1125 I St., Suite 1250, Washington, DC, which has donated \$56,400.00 to the American Leadership Committee - Maine.

This is a clear violation of the state's top 3 funders rule, which requires a PAC to list the top 3 funders of their organization of at least \$1,000.

The lack of disclosure of the Democratic Legislative Campaign Committee's full involvement and support in these mailers denies voters the knowledge of the partisan intent of the message.

I respectfully request that this complaint be reviewed and acted upon as quickly as possible. Organizations such as the American Leadership Committee - Maine must be held accountable so that the citizens of Maine are informed as to who is actually funding these false statements against those who are willing to run for public office.

Sincerely,

Kim E. Pettengill
