CASH CONTRIBUTIONS**

- Itemize all cash contributions from contributors who have given you more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for every contributor who is an individual and who contributed more than \$50 in this report period. If you have requested employment information from the contributor and the contributor has not provided it, indicate "information requested" for the occupation and employer.
- Indicate whether the contribution is for the primary (P) or the general (G) election. Candidates may accept contributions from a single contributor for both the primary and general elections at the same time. General election contributions received before the primary must be in a separate segregated campaign account from primary election campaign funds.
- For cash contributions totaling \$50 or less, please enter "total of contributions \$50 or less" and the total amount on a line on this page. Once a contributor has given you more than \$50 in a report period, you must list that contributor separately.

Total contributions (both cash and in-kind) from the same source (except the candidate and candidate's spouse or domestic partner) may NOT exceed \$500 for legislative candidates. For party candidates, the primary and general elections are separate elections. Non-party candidates have only one election, the general election.
