Only party committees that raise more than \$1,500 or spend more than \$1,500 during the calendar year are required to file Regular Reports. The requirement to file is triggered when the committee exceeds \$1,500 in contributions or expenditures. The first report due after exceeding \$1,500 in contributions or expenditures is the next scheduled report. A committee's first report in a year should include all activity since the beginning of the year.

(If they have or will clear the \$1,500 threshold.) For expenditures, orders placed with or obligations made to vendors are considered expenditures at the time the orders or obligations are made.
