**Because Maine is
 Ripe for the Picking.**

We are dedicated to improving Maine's business climate.

We must reduce Maine's Tax Burden.

We believe that reducing Maine's tax burden will be a shot in the arm for the Maine economy by boosting consumer spending and freeing up resources for business investment and job creation.

We must control State Spending.

The only way to reduce our tax burden is to reign in government spending. Republicans led in the fight to create the Office of Program Evaluation and Government Accountability. OPEGA is intended to protect the interests of taxpayers by evaluating the effectiveness of government programs. Maine Republicans have also helped secure the Taxpayer Bill of Rights' place on the ballot and have endorsed it in our party platform.

We must reduce the Cost of Health Insurance.

We believe that the key to affordable health insurance is to eliminate the regulations that have driven insurance providers away from Maine.

It's all about Leadership.

With Sen. Olympia Snowe, who chairs the Small Business Committee in the U.S. Senate, and Sen. Susan Collins, who has been designated as a Guardian of Small Business by the NFIB, Maine Republicans have a strong record on business issues nationally. It's time to bring the same leadership qualities home to Maine.

Maine Republicans need your help today!

Republicans are closer than ever to taking the majority in Maine.

Voters are seeing red.

The plight of the Maine economy has voters looking to Republicans and Republican principles for solutions. This fall voters will decide whether to adopt the Taxpayer Bill of Rights (TABOR) citizen initiated referendum that takes a common sense approach to controlling the growth of state and local government. A recent poll shows that, if the election were held today, 72% of voters familiar with the Taxpayer Bill of Rights would approve it.

Maine's Democrat Governor is in trouble.

Another recent poll shows that only 43% of Mainers approve of the job that Gov. John Baldacci is doing as the state's chief executive and his re-elect numbers have gone south as well. Reamussen recently reclassified the governor's race as a toss-up with Republican nominee, State Senator Chandler Woodcock, and Baldacci in a statistical tie.

Maine's Legislature is at the tipping point.

Republicans are just 3 seats away from controlling the Maine State Legislature and we have recruited quality GOP candidates for every state and federal race. Republican prospects have never been better!

| | Democrats | Republicans | Other |
|--------------|-----------|-------------|-------|
| State Senate | 19 | 16 | 0 |
| State House | 74 | 73 | 4 |

Maine has been a Blue State for far too long and it shows.

For over 30 years, Maine's government has been controlled by the Democrats and it's the time to take control of our government in every generation.

Take a look at the numbers:

| Rank | Issue |
|------|-----------------------------|
| 1 | State and Local Tax Burden |
| 4 | Economic Growth |
| 4 | Job Growth |
| 15 | Small Business Friendliness |

What's more, Maine and Maine Republicans have been consistently ranked as the most conservative states in the Union in an American evolution. (Keefer, 2003)
