**Desired Outcomes:** By the end of this meeting, we will have:

- Finalized an understanding of how to define ‘Conserved Lands’
- Discussed and began to prioritize initial findings and recommendations of the three break-out groups: farmland, funding/systems, and priorities.
- Outline preparation needed for the final meeting in March.

*\*LOCATION NOTE: Marquardt is a large brick building adjacent to Deering (where many of you have met previously). It is home to DMR and other offices. You’ll need to enter by a side door opposite the Deering building. Look for signs for the meeting.*
