

Maine Climate Council – Coastal and Marine Working Group

Tuesday, April 23, 2024

9:00 AM – 12:00 PM

University of Maine, Darling Marine Center

193 Clark's Cove Road, Walpole

Brooke Hall (Lower Campus)

Zoom Log-in: <https://cbi-org.zoom.us/j/85174658909>

AGENDA

Objectives:

- Reflect on how to integrate equity considerations throughout our work
- Continue work on recommendation under three overarching themes:
 - Supporting pathways to adaptation of Maine's fisheries, aquaculture and seafood industries.
 - Seeking opportunities to monitor, conserve and increase resilience of coastal and marine ecosystems.
 - Investing in building healthy and resilient coastal communities and critical place-based infrastructure.

9:00 Welcome and Agenda

Damian Brady, Acting Director of Darling Marine Center

Curt Brown, Co-Chair, Ready Seafood and Laura Taylor Singer, Facilitator
