Discussion Questions

- 1) What stood out to you most from the speakers we heard from today? How does it align with your observations about how AI is beginning to shape classrooms and educational institutions in Maine?
- 2) Do we have the right questions to be assigned to the subgroup focused on this topic?

Questions for the Education subgroup

1. How could schools and higher education institutions use AI to improve learning and learning outcomes?
2. How could we prepare Maine students for using AI in the workforce? What new skills should be taught?
3. What supports will educators, students, and institutions need to successfully navigate AI topics?
4. Innovation: In this area, how can Maine mobilize AI innovation where its needed most?
5. Risks: In this area, what are the most relevant potential harms from AI? How could Maine monitor impacts and risks in the future?
