# Discussion Questions

- 1) What stood out to you most from the speakers we heard from today? How does it align with your observations about how AI could play a role in better delivering public services in Maine, both at the state and local level?
- 2) Do we have the right questions to be assigned to the subgroup focused on this topic?

## Questions for the Public Sector subgroup

1. What are areas where Maine government could prioritize a first set of projects using AI technologies?
2. What preparations should the State consider to ensure successful implementation of new AI tools?
3. How should State agencies, municipalities, and other public entities collaborate on AI topics? What additional resources might be necessary?
4. Innovation: In this area, how can Maine mobilize AI innovation where its needed most?
5. Risks: In this area, what are the most relevant potential harms from AI? How could Maine monitor impacts and risks in the future?

# Wrap Up
