Discussion Questions

- 1) What stood out to you most from the speakers we heard from today? How does it align with your observations about how AI is beginning to shape healthcare in Maine?
- 2) Do we have the right questions to be assigned to the subgroup focused on this topic?

Questions for the Healthcare subgroup

1. Where does AI offer promise for addressing Maine's health care challenges? Are there barriers to adoption that state policy could address?
2. Are there particular protections needed to ensure safe and appropriate usage of AI technologies in healthcare?
3. What might it take for Maine to emerge as a national innovation leader on how AI can improve rural health outcomes?
4. Innovation: In this area, how can Maine mobilize AI innovation where its needed most?
5. Risks: In this area, what are the most relevant potential harms from AI? How could Maine monitor impacts and risks in the future?
