Mar-23-2021	Notah Begay III Foundation (NB3)	Notah Begay III Foundation - Community Empowerment Grants	\$1,000,000	<p>Supports Native American communities and/or organizations engaged in efforts to measurably impact Native American youth health.</p> <p>The Notah Begay III Foundation (NB3) is dedicated to ensuring that Native children achieve their full potential by advancing cultures of Native American community health. The Foundation has just issued the Community Empowerment Grants Request for Applications (RFA) that will support Native American communities and/or organizations engaged in efforts to measurably impact Native American youth health. NB3 Foundation focuses on Native children's physical, emotional and cultural health through four core areas:</p> <ol style="list-style-type: none"> 1. Physical Activity; 2. Healthy Nutrition; 3. Youth Development; and 4. Cultural Connections. <p>In phase one of the grant (planning phase), grantees will receive financial and technical support in order to first complete an environmental scan of the communities they serve. The information gained through this scan will then be utilized to develop an implementation plan that will improve and sustain Native youth health in relation to one or more of the four core areas, previously referenced. In the second phase of the grant (implementation phase), grantees will implement their plan to develop or strengthen key community partnerships in order to collaboratively promote Native youth health. In addition to financial support, over the course of these grants, NB3 Foundation will provide collaboration opportunities with other Community Empowerment cohort members and training in Indigenous evaluation and research, collective impact best practices, sustainable funding sources and other relevant topics. Up to five 22-month grants of \$200,000 each will be awarded. Funding for the initial five-month planning phase will be awarded in the amount of \$50,000. The 17-month implementation phase will be funded in the amount of \$150,000. Applicants should plan to regrant at least 50% of implementation funds to community partners. The application deadline is April 12, 2021. Visit the Foundation's</p>	[Health and Social Services]		Apr-12-2021

Feb-24-2021	Expensify.org	Expensify.org - FY21 Community Campaigns	\$325,000 Allocated: \$0	Awards for grassroots movements creating social justice campaigns. Proposals must focus on one (or more) of these five areas: climate, housing, hunger, reentry, & youth. Expensify.org , a 501(c)(3) charity with a transparent direct-giving model, seeks to award up to \$100,000 in matching funds to ten grassroots movements that are working to create a fairer, more inclusive, and just world. Anyone can submit a proposal, but all proposals must focus on fighting injustice in one (or more) of these five areas: climate, housing, hunger, reentry, and youth . A key requirement for proposed solutions is that they harness the Expensify app. That is how Expensify.org will directly fund the people taking action as part of a campaign. Campaigns should inspire people to complete tasks or use their own money to help solve the problem. Expensify.org will pay volunteers for every campaign task completed or up to 50 percent of campaign expenses paid for by volunteers. For example, a campaign might solve injustice by promoting a vote on an upcoming ballot initiative and will clearly lay out what tasks volunteers will be paid to complete (e.g., getting paid for each poster put up) or what types of expenses they will be reimbursed for (e.g., paying for posters to be printed). All proposals must be submitted via the Expensify site by April 30. Applicants will then be partnered with an Expensify.org team member who, together with Expensify.org, will make sure the campaign meets qualifying criteria. Once qualified, a proposal will be voted on alongside other qualifying campaigns. Campaigns with the most votes will receive a funding commitment from Expensify.org. Winning campaigns get implemented so volunteers can begin submitting proof of tasks completed or expenses for 50 percent reimbursement. A total of ten winners will be awarded matching funds to put their plans into action. Five winners will receive a minimum of \$25,000, four will get at least \$50,000, and one will receive at least \$100,000. Allocated: \$0	<p>A leadership & service opportunity supporting youth-designed projects that promote racial equity & address systemic racism. Young people (ages 13-19) identify a need in their communities related to racial healing & apply for project support. (\$250 Grant)</p> <p>The Power of Youth Challenge: Youth Leading Racial Healing is a leadership and service opportunity supporting youth-designed projects that promote racial equity and address systemic racism. The Challenge provides young people (ages 13-19) across the U.S. with the opportunity to identify a need in their communities related to racial healing and apply for a \$250 grant to support a (COVID-safe) service project. In addition to building their own leadership, service, and career skills, grant winners will have the opportunity to increase understanding, communication, caring, and respect within their communities through service projects that address racial division and injustice. The Challenge, made possible with generous support from The Allstate Foundation, launched on Tuesday, January 19, 2021, the National Day of Racial Healing. Funded projects may encompass a range of activities— from establishing a school anti-racism committee to bolstering the availability of books and resources by racially and ethnically diverse authors in a local library. Together, these youth-led service projects will:</p> <ol style="list-style-type: none"> 1. Reinforce and honor our common humanity, while celebrating the distinct differences that make our communities vibrant. 2. Acknowledge the deep racial divisions that exist in America and empower young people to curate experiences that help people of all ages start to heal. 3. Engage young people from all racial and ethnic groups in genuine efforts to increase understanding, communication, caring, and respect for one another. 4. Activate young people to play an important role in addressing systemic racism in their communities through service. <p>Young people can submit project ideas through April 30, 2021. Projects will be evaluated and funded on a rolling basis.</p> <p>Projects should:</p> <ul style="list-style-type: none"> • Respond to an identified need in their community related to promoting racial equity and/or healing • Have tangible, concrete outcomes <p>Projects should not:</p>	[Community Planning and Capacity Building, Health and Social Services, Natural and Cultural Resources]		Apr-30-2021

Sep-14-2020	E4E Relief (with funds contributed by New York Life Foundation and Cigna Foundation, respectively)	E4E Relief - Brave of Heart Fund (Rolling Deadline)	Funding not identified. Allocated: \$0	<p>The Brave of Heart Fund was established to provide grants to eligible family members of frontline healthcare workers and healthcare volunteers throughout the U.S. who lose their lives because of COVID-19.</p> <p>Together, New York Life and Cigna, through our foundations, created the Brave of Heart Fund, dedicated to providing healthcare workers and their families with peace of mind. The Fund is designed to provide financial support in the form of charitable relief grants to support the families of healthcare workers who lose their lives to COVID-19.</p> <p>There are two forms of grants that may be available. You may be eligible for an initial grant of \$15,000 to alleviate the cost of immediate needs related to funeral costs and other essential household expenses. Only one initial grant is available for each eligible healthcare worker or healthcare volunteer. A second grant may also be available for continuing needs and longer-term expenses for up to six months, subject to income eligibility and documentation of financial need. This second grant is intended to help defray expenses such as, housing, utilities, educational expenses of dependents currently in school, childcare, clothing, food, transportation, counseling, and medical expenses. These grants may range up to \$60,000. The exact amount of any grant will depend on a variety of factors including, without limitation, the applicant's demonstration of financial need and availability of funds. The final determination of grant eligibility and amounts will be made by E4E Relief. Grants and grant amounts are not guaranteed and are subject to availability of funds remaining within the Fund.</p> <p>The Fund is owned and administered by E4E Relief, a disaster relief-focused subsidiary of Foundation For The Carolinas, a Section 501(c)(3) public charity. E4E Relief has nearly 20 years of experience in helping compassionate companies respond to large and small crises. E4E Relief has the sole discretion regarding whether to award a grant and the amount of a grant, and all determinations regarding an applicant's financial needs, means and dependency on financial support from an eligible healthcare worker. An independent Advisory Board will have broad oversight of the Fund's activities, including periodic review of financial, operational and programmatic information regarding the Fund. Neither New York Life nor Cigna will have any advisory or other rights with respect to the selection of grant recipients or grant amounts. Grants will be made at the sole discretion of E4E Relief.</p> <p>Applications will be reviewed through May 15, 2021.</p>	[Health and Social Services]	May-15-2021

The foundation is committed to improving the "quality of life" of children by supporting programs which encourage children to reach their fullest potential. The best chance a child has to reach that goal is to be provided with sufficient education, health care, housing, and love. As one of the primary outlets of human creativity, art is a vital resource in developing and maintaining healthy communities. As school budgets are often short on cultural opportunities, the foundation will favor educational programs that encourage students to release their creativity, inspire them to learn, and empower them with achievement.</p> <ul style="list-style-type: none"> • CHILDREN'S ADVOCACY: Bettering the lives of children is central to CLF's purpose. Ultimately, the goal is to help children reach their fullest potential, which means sufficient education, healthcare, shelter and care. The foundation sponsors programs that mitigate the hardship that confronts and impedes too many children. This means targeting issues like child abuse, adequate foster housing, literacy and hunger. Improving children's education is essential to achieving positive outcomes for children and youth of all ages. It also creates communities where children and families can thrive. After-school programs enhance and strengthen the educational experience, helping to keep children in school, gain self-esteem and thrive. We also encourage children to be their own advocates. Check out the Charles Lafitte Foundation Kid's Corner. • MEDICAL RESEARCH AND INITIATIVES: CLF supports and encourages health research and education, leading to better healthcare, disease prevention, and healthier lives. Through education, public awareness of basic wellness issues can be illuminated and healthy lifestyles and habits encouraged. The foundation looks for efforts that stress quality of life, including disease prevention, and often focuses on specific groups with serious and neglected problems. Through research, medical advancements are explored and tested, resulting in the therapies and treatments of tomorrow. Other medical initiatives, such as long-term patient housing and palliative care, require serious attention and solutions. • THE ARTS: Exposure to the arts is vital to fostering and sustaining healthy communities.

The systemic shock of COVID-19 reveals the often-invisible essential services of Latino and Latin American immigrant workers across the country: from cultivating, processing, driving, stocking, and delivering food to our tables to caring, serving and offering other services in our homes, hospitals, schools, hotels, construction sites and clinics. The COVID-19 pandemic has deepened the economic and social disparities already impacting our Latino and immigrant communities—made up of mixed-status, undocumented and multi-generational families. <i>"The COVID-19 pandemic has revealed the often invisible and yet essential services provided by Latino and Latin American workers across the country and has deepened the economic and social disparities already impacting our communities. There are countless community leaders and organizations actively providing the first line of defense, building power and leadership in our communities, and ensuring our essential workers are safe and supported. This is why HIP has launched The Essential Fund."</i>	[Community Planning and Capacity Building, Economic, Health and Social Services, Natural and Cultural Resources]	Non-Supplemental	Deadline not identified.

We've grown since then, adding new measures and features, including multi-year data for 29 metrics, new data visualizations, and easier data access through an API. In 2020, the Dashboard expanded to include additional small and midsize cities, so data is now available for over 750 cities across the U.S. – all cities over population 50,000.</p> <p>Equipped with the Dashboard's data and action-supporting resources, local leaders have a clearer picture of the challenges facing their communities and how to address them. City leaders have used the Dashboard to target public health investments in high-need neighborhoods, to expand support for city budget allocations for health, and to design evidence-based community health improvement efforts.</p> <p>Dashboard data is also used in educational settings around the world. Allocated: \$0	<p>Findings from the EHF Texas COVID-19 Survey.</p> <p>Executive Summary: In early March 2020, The Texas Department of State Health Services (DSHS) reported the first case of COVID19 in the state. Shortly after, local county judges began issuing stay-at-home orders to curb the spread of the disease. As Texas continues to grapple with the repercussions of the pandemic on the healthcare system and economy, Texans continue to worry about the effects of COVID-19 on their own health and finances.</p> <p>We undertook this study to learn from Texans the impact of the pandemic on their lives, including their health, financial condition, and concerns for the future. This report contains our findings for the Texas population as a whole and notes where there are statistically significant differences among demographic groups.</p> <p>When it comes to health care, over a third of Texans report that they or someone in their household skipped or postponed medical care because of the pandemic (36%). Additionally, almost one in three Texans under age 65 are currently without health insurance coverage (29%)¹.</p>	[Health and Social Services]		Deadline not identified.

				<p>Hispanic Texans are more likely to be uninsured than White Texans as are those with lower incomes. Use of virtual resources to access health care are important as residents are encouraged to stay home to curb the spread of COVID-19. However, 22 percent of Texans cannot access telemedicine resources because they either do not have a computer, tablet, or smartphone with internet access, do not know how to talk with a doctor online, or cannot access the internet to talk with a doctor. Older Texans and those in rural areas, and those with lower incomes are more likely to face challenges accessing telemedicine resources. COVID-19 has impacted the mental health of Texans with 46 percent saying that worry or stress related to COVID-19 has negatively impacted their mental health. More than one in ten report feeling nervous, anxious, or on edge nearly every day in past two weeks (13%). Similar numbers report not being able to stop worrying (11%) or having little interest or pleasure in doing things nearly every day (13%). Many Texans have experienced financial hardship as a result of the pandemic (50%). More than a third (37%) say they or someone in their household have lost their job, their business, been furloughed, had their wages or hours reduced, or taken mandatory unpaid leave. Black and Hispanic Texans as well as those with lower incomes are more likely to have faced financial hardship from the pandemic than their counterparts. Compared with estimates from the 2019 US Census Bureau's 2019 Current Populations Report: Health Insurance in the United States place the uninsured rate in Texas at 18 percent. Texans' Views on the COVID-19 Pandemic 4 An important issue for the 31 percent of Texans who have a child between 5 and 17 years old is schooling this year. One out of five parents say their child would not have the support or supervision needed to successfully participate in online classes if required this school year (21%).</p> <p>https://www.episcopalhealth.org/tag/covid-19/ https://www.census.gov/content/dam/Census/library/publications/2019/demo/p60-267.pdf https://ssrs.com/</p>

Mar-17-2021	Department of Health and Human Services	<p>PUBLICATION - HHS/CDC: "COVID-19 Vaccination Program Interim Playbook for Jurisdiction Operations"</p>	<p>Funding not identified. Allocated: \$0</p>	<p>This document serves as an interim playbook for SLTTs and their partners on how to plan and operationalize a vaccination response to COVID-19 within their jurisdictions.</p> <p>Immunization with a safe and effective COVID-19 vaccine is a critical component of the United States strategy to reduce COVID-19-related illnesses, hospitalizations, and deaths and to help restore societal functioning. The goal of the U.S. government is to have enough COVID-19 vaccine for all people in the United States who wish to be vaccinated. Early in the COVID-19 Vaccination Program, there may be a limited supply of COVID-19 vaccine, and vaccination efforts may focus on those critical to the response, providing direct care, and maintaining societal function, as well as those at highest risk for developing severe illness from COVID-19. This document serves as an interim playbook for state, territorial (including the US affiliated Pacific Islands [USAPI] of American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau), tribal, and local public health programs and their partners on how to plan and operationalize a vaccination response to COVID-19 within their jurisdictions. The document's sections cover specific areas of COVID-19 vaccination program planning and implementation and provide key guidance documents and links to resources to assist those efforts. Many, but not all, of the COVID-19 Vaccination Program activities described may overlap with routine activities; routine immunization and pandemic influenza program activities can serve as a foundation for COVID-19 vaccination planning. COVID-19 Disaster Resources Report

				<p>The ConAgra Foods Foundations seek to help kids and families get access to food and facts about food to live active, healthful lives. The foundation administers three primary programs:</p> <p>Nourish Today, Flourish Tomorrow: Partners with qualified nonprofit organizations that work in the core focus areas of child hunger and nutrition education. ConAgra does not accept unsolicited proposals in this program.</p> <p>Community Impact Grants: Funds nonprofits working in the same areas of hunger relief and nutritional education. ConAgra provides about 30 grants each year in this category.</p> <p>Nourish our Community Grants: Funds local nonprofit organizations that are recommended by ConAgra employees and that are located in the communities where the employees live and work. Applications for these grants are only accepted with nominations by employees.</p> <p>ConAgra Foods Foundation is dedicated to effectively working with grassroots organizations to address child hunger and nutrition education needs in local communities. Since 2009, the Foundation has invested more than \$1.4 million in 35 nonprofits across the country through the Community Impact Grants Program. We have learned a tremendous amount about program design, strategy, and best practices for delivering high-quality, innovative solutions for communities in the fight against child hunger. The Foundation will use the next year to evaluate and reassess the Community Impact Grants Program.</p>	Natural and Cultural Resources]
