**Dealership Sale of Oversized ATV**  
**Notification Form**

**New Law Effective October 18, 2021: ATV Size Restriction**

**Oversized ATV:** is a new category of an ATV that is wider than 65 inches or that weighs more than 2,000 pounds according to the original manufacturer’s specifications and cannot be registered with the State of Maine (except in certain situations described below).

- Exception: Registration of an oversized ATV is allowed for **Maine residents only** who previously registered that oversized ATV **before January 1, 2022**. An oversized ATV that is allowed under this law to be registered by its current Maine-resident owner may be transferred to a new (Maine resident) owner who may also register that ATV.

**Where Registered Oversized ATVs May Operate:**

Any oversized ATV registered (under the exception above) are only allowed to operate where they have permission from the landowner or lessee, on frozen waters of the state, and on state approved ATV trails or portions of those trails that are open to registered oversized ATVs (unless there is a sign prohibiting oversized ATVs at the request of the landowner or lessee and State).

**Where Unregistered ATVs (Including Oversized ATVs) May Operate:**

Unregistered ATVs, whether oversized or not, are allowed to be operated only on land the operator owns or leases.
