

2025 Oversized ATV Models*

It is unlawful to register an Oversized ATV in Maine. An Oversized ATV is defined as an ATV that exceeds 65 inches in width and / or weighs more than 2,000 pounds according to the manufacturer's specifications.

Below is a list of models known to exceed these limits.

*Please note that while this list includes all currently known models it is not exhaustive, and we will be adding to it periodically so please check back for updates.

Questions or Other Models

If you are unsure whether a specific model meets the definition of an Oversized ATV, please refer to the manufacturer's specifications on the original paperwork provided at the time of sale. You may also contact the manufacturer or dealership for help determining if the machine is Oversized based on the VIN.

If you are still unable to determine if a specific machine is oversized, you may contact the Department at 207-287-8000 or info.ifw@maine.gov for further assistance.
