APPLICATION FOR
SCIENTIFIC COLLECTION (BIRD BANDING) PERMIT
MAINE DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

I, ___________________________, residing at ________________________________
(print or type name)                           (street)
______________________________, ____________________, _________, ___________
(city/town)                          (county)                (state)      (zip code)
(____)_______________________
(phone)

hereby apply for a permit to live-trap and band wild birds in Maine during
the calendar year _______. (Use additional sheets if necessary.)

1. Give location(s) of proposed banding sites. ___________________________
                                           ______________________________________________________________________
                                           ______________________________________________________________________

2. When do you plan to conduct banding operations? _______________________
                                           ______________________________________________________________________

3. If you intend to band particular species or families of birds, state
which ones. _____________________________________________________________

4. Which capture methods will be used? ___________________________________

5. State the purpose and justification for the study.
                                           ______________________________________________________________________
                                           ______________________________________________________________________
                                           ______________________________________________________________________
                                           ______________________________________________________________________
                                           ______________________________________________________________________

6. If, while you are banding, your residence will be different from the one
stated above, please list the address of that residence.
                                           ______________________________________________________________________
7. Bird Banders must be 18 years of age or older. Are you over age 18?

8. I understand that no State Permit will be issued for banding migratory
birds unless a current Federal Permit has been obtained from: Bird
Banding Laboratory, National Biological Survey, 12100 Beech Forest Road,
laurel, MD 20708-4038. Therefore, a photocopy of my current Federal
Permit is attached.

9. List individuals authorized by you to assist in, or conduct the work
described in this Application:

10. Provide at least two references.

I certify that the answers to the preceding questions are correct to the best
of my knowledge.
