## **Cranberry Isles**

## **Water Resources and Shoreland Habitats**

**Beginning with Habitat (BwH)** equips Maine communities, landowners, and conservation partners with tools to protect, restore, and connect important habitats and ecosystems in a changing climate. www.beginningwithhabitat.org

This map is nonregulatory and is intended for planning purposes only

OrganizedTowns

Shellfish Growing Areas

Distributions of molluscan shellfish species.

Wetlands

National Wetlands Inventory (NWI) uses aerial photographs to approximate wetland locations. NWI data typically under represents the presence of wetlands on the landscape.

Areas are delineated by ME Dep. of Environmental Protection's Mandatory Shoreland Zoning Act, which includes areas within 250 feet of great ponds, rivers, and wetlands, and within 75 feet of streams. The

Shoreland Areas within 250 feet of great ponds, rivers, and wetlands, and within 75 feet of streams. The regulations within each shoreland zone depends on the town, and towns may regulate greater areas than what is shown here. For more information, please visit: https://www.maine.gov/dep/land/slz/
