

equips Maine communities, landowners, and conservation partners with tools to protect, restore, and connect important habitats and ecosystems in a changing climate.

Habitat Connectivity

Conserved Lands, Undeveloped Habitat Blocks & Habitat Connectors

Kittery

 **Likely Road Crossing Areas for Wildlife**
**Fee and Easement
Conservation Land**

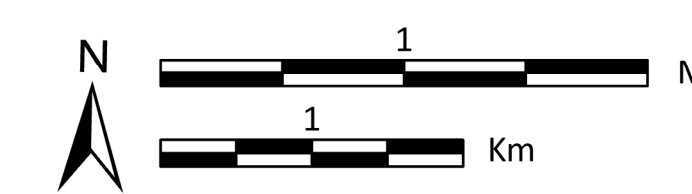

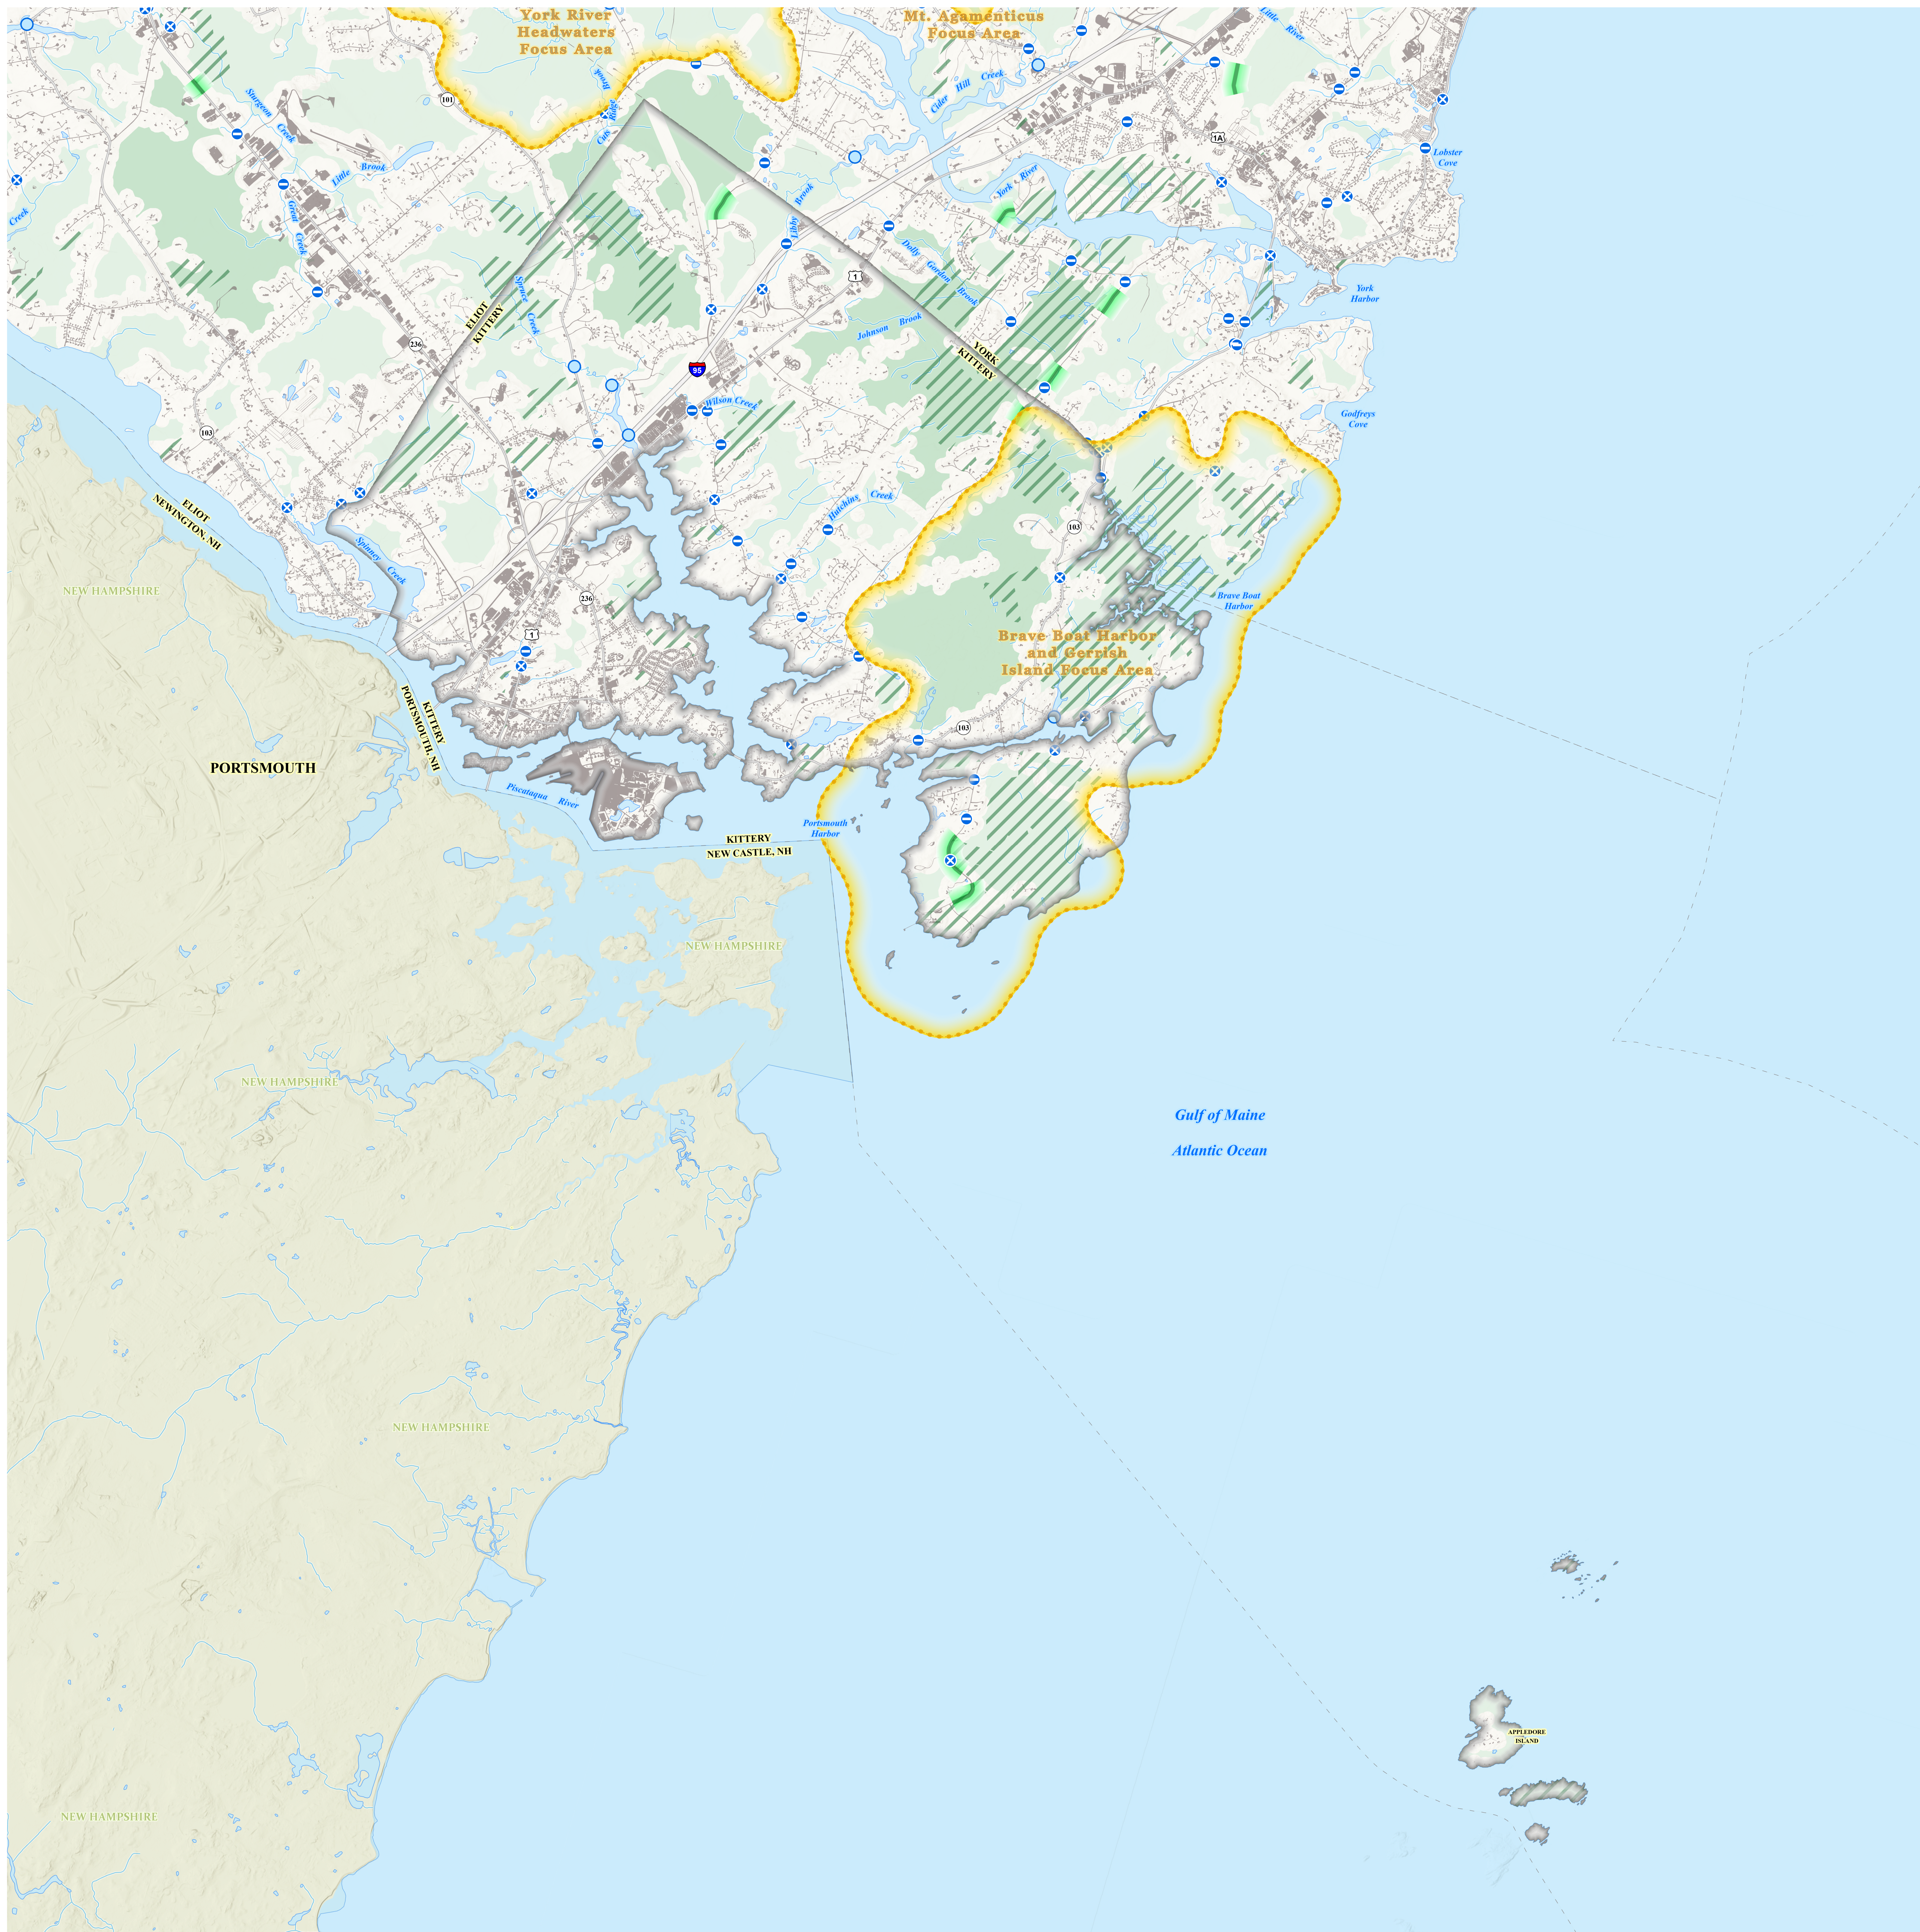

Focus Areas of Statewide Ecological Significance

A map of the York River Watershed in New Hampshire. The map shows the York River flowing from the north, through the town of Eliot, and into the Atlantic Ocean. Key locations marked include Mt. Agamenticus, York River Headwaters, and Brave Boat Harbor and Gerish Island. The map also shows the surrounding towns of Berwick, South Berwick, Wells, Ogunquit, and Kittery, and the state of New Hampshire.
