

# **2026 Maine Healthcare Occupations Report**

---

**Published September 30, 2026**

# Preface

---

The Maine Healthcare Occupations Report combines a variety of workforce and education statistics for more than 90,000 workers in healthcare occupations in the state. Population and economic trends, demographics of workers in healthcare occupations, the distribution and mix of healthcare occupational workers by industry, employment forecasts, the number of workers employed in each occupation, and wage comparisons to the nation are included.

Additional occupational information including job descriptions, typical education requirements, and related educational programs reported in the state may be found in the Healthcare Occupational Sheets. Educational program completers by award type reported by schools in the state can be found in the Schools and Program Completers by Degree section. Wage outcomes by year and broad field of study from partnering educational institutions are included in the Post-Secondary Outcomes Report.

# Definitions: Healthcare Sector

---

The healthcare sector is defined as all establishments in the hospital, ambulatory healthcare services, nursing and residential care facilities, and social assistance industry subsectors. An economic sector is a conglomeration of industries involved in similar business activities. This definition is from the North American Industry Classification System (NAICS) for industries included in the healthcare and social assistance sector (or healthcare sector).

# Definitions: Healthcare Occupations

---

Healthcare occupations are defined using the 2018 Standard Occupational Classification (SOC) system. The SOC groups most healthcare occupations into two categories: healthcare practitioners and technical workers and healthcare support workers.

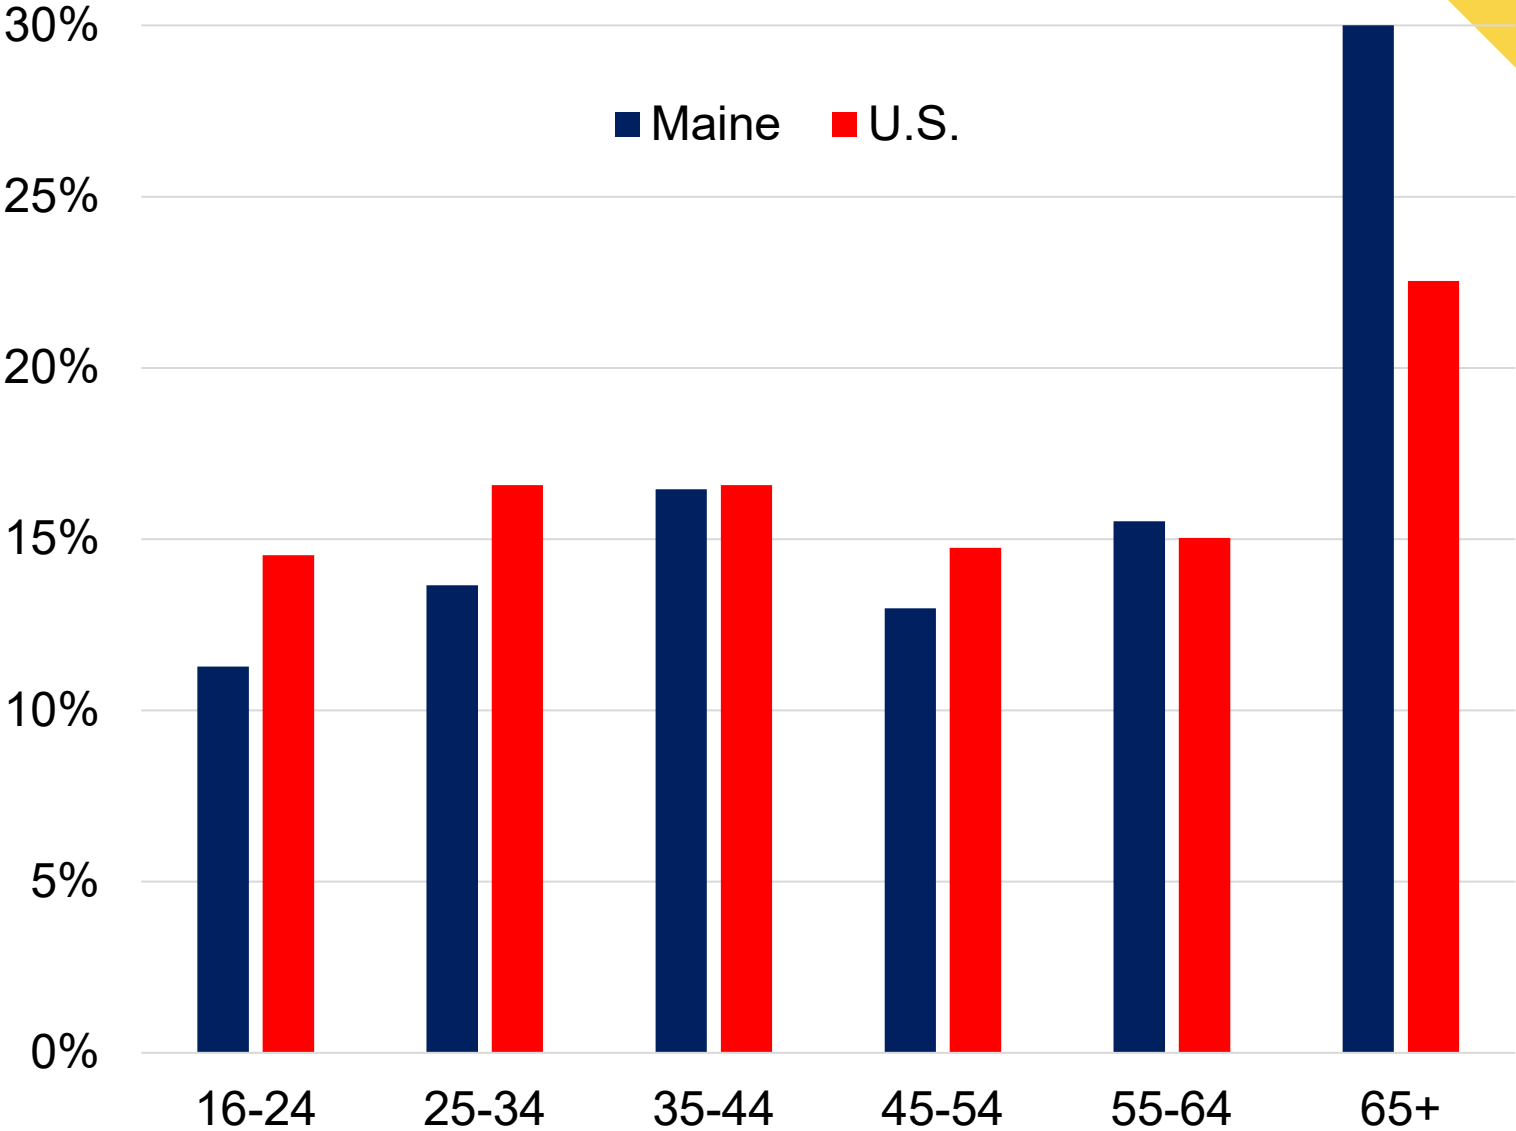

- Healthcare practitioners and technical workers represent the highest levels of licensure in the medical field and include occupations like doctors, dentists, nurses, therapists, & technicians.
- Healthcare support workers represent the lower levels of licensure and include occupations like nursing and medical assistants, home health aides, and phlebotomists.

Additional occupations providing, or related to the provision of, healthcare services have also been included from other occupational categories including Psychologists, Counselors, Community Health and Social Workers.

# Population Trends

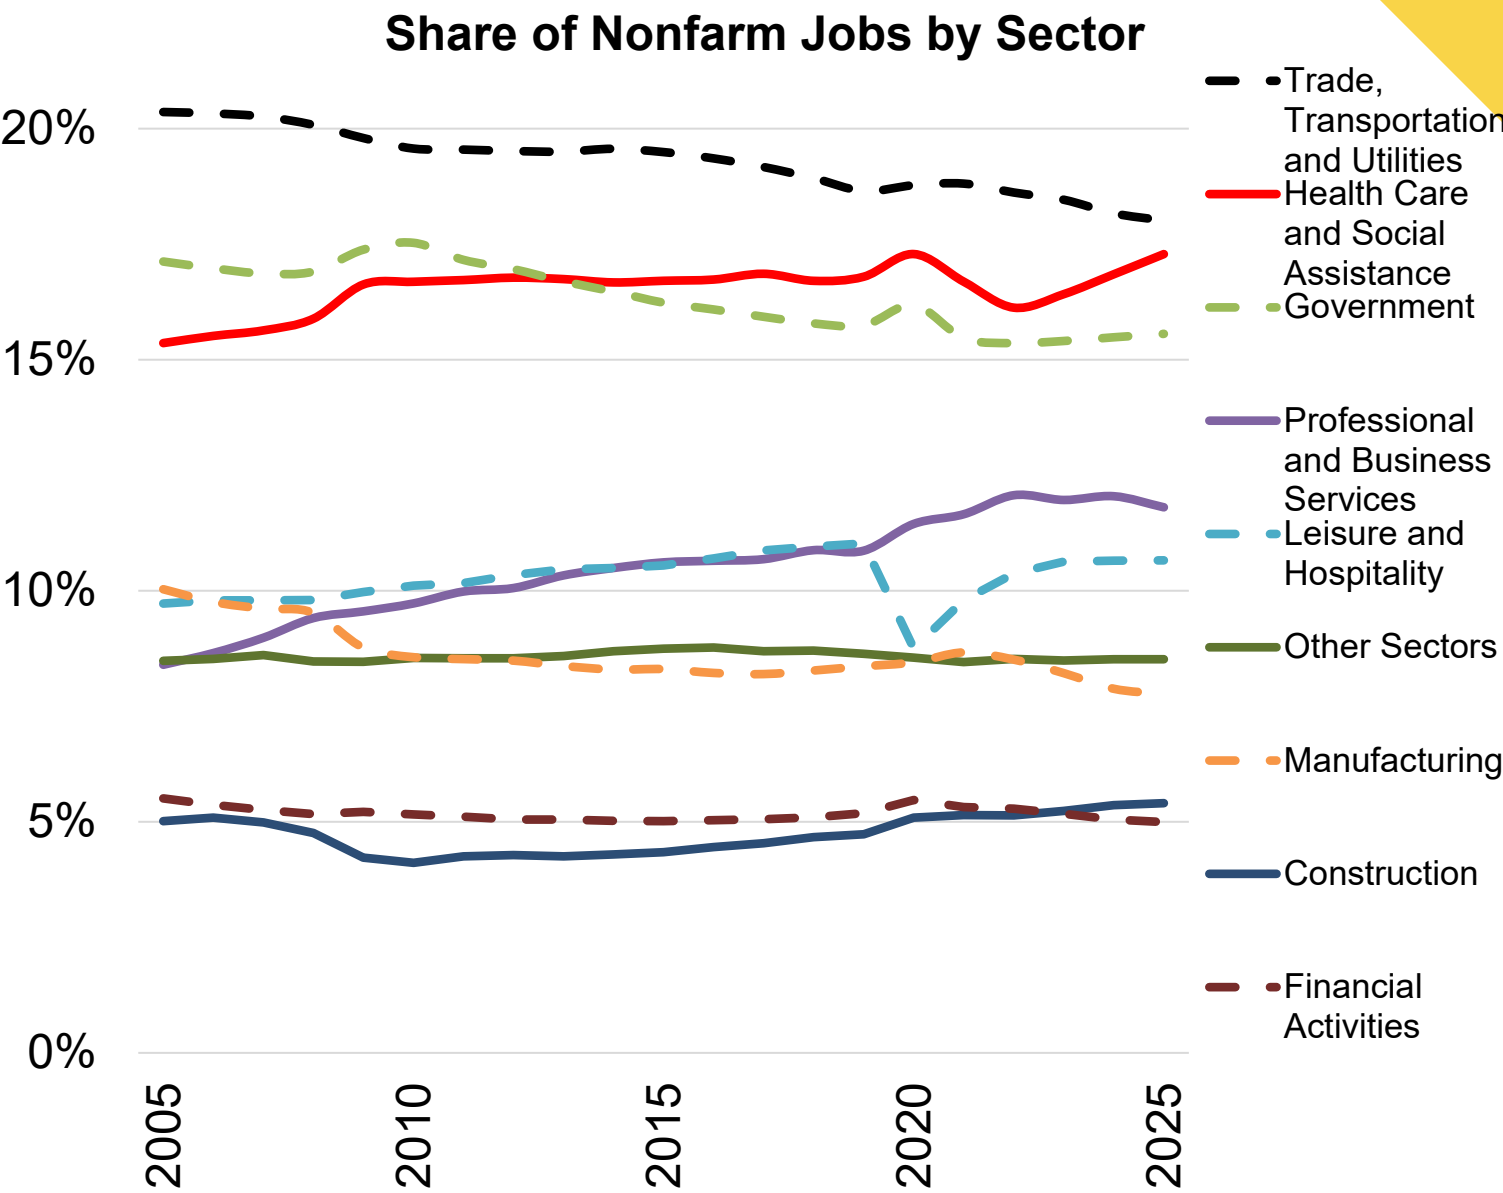

Relative to the nation, Maine has a higher share of its population age 55 and above and a lower share under age 35. As the population age structure advances, demand for a variety of healthcare services increases.

Share of Population Age 16 and Over in 2025

# Industry Trends

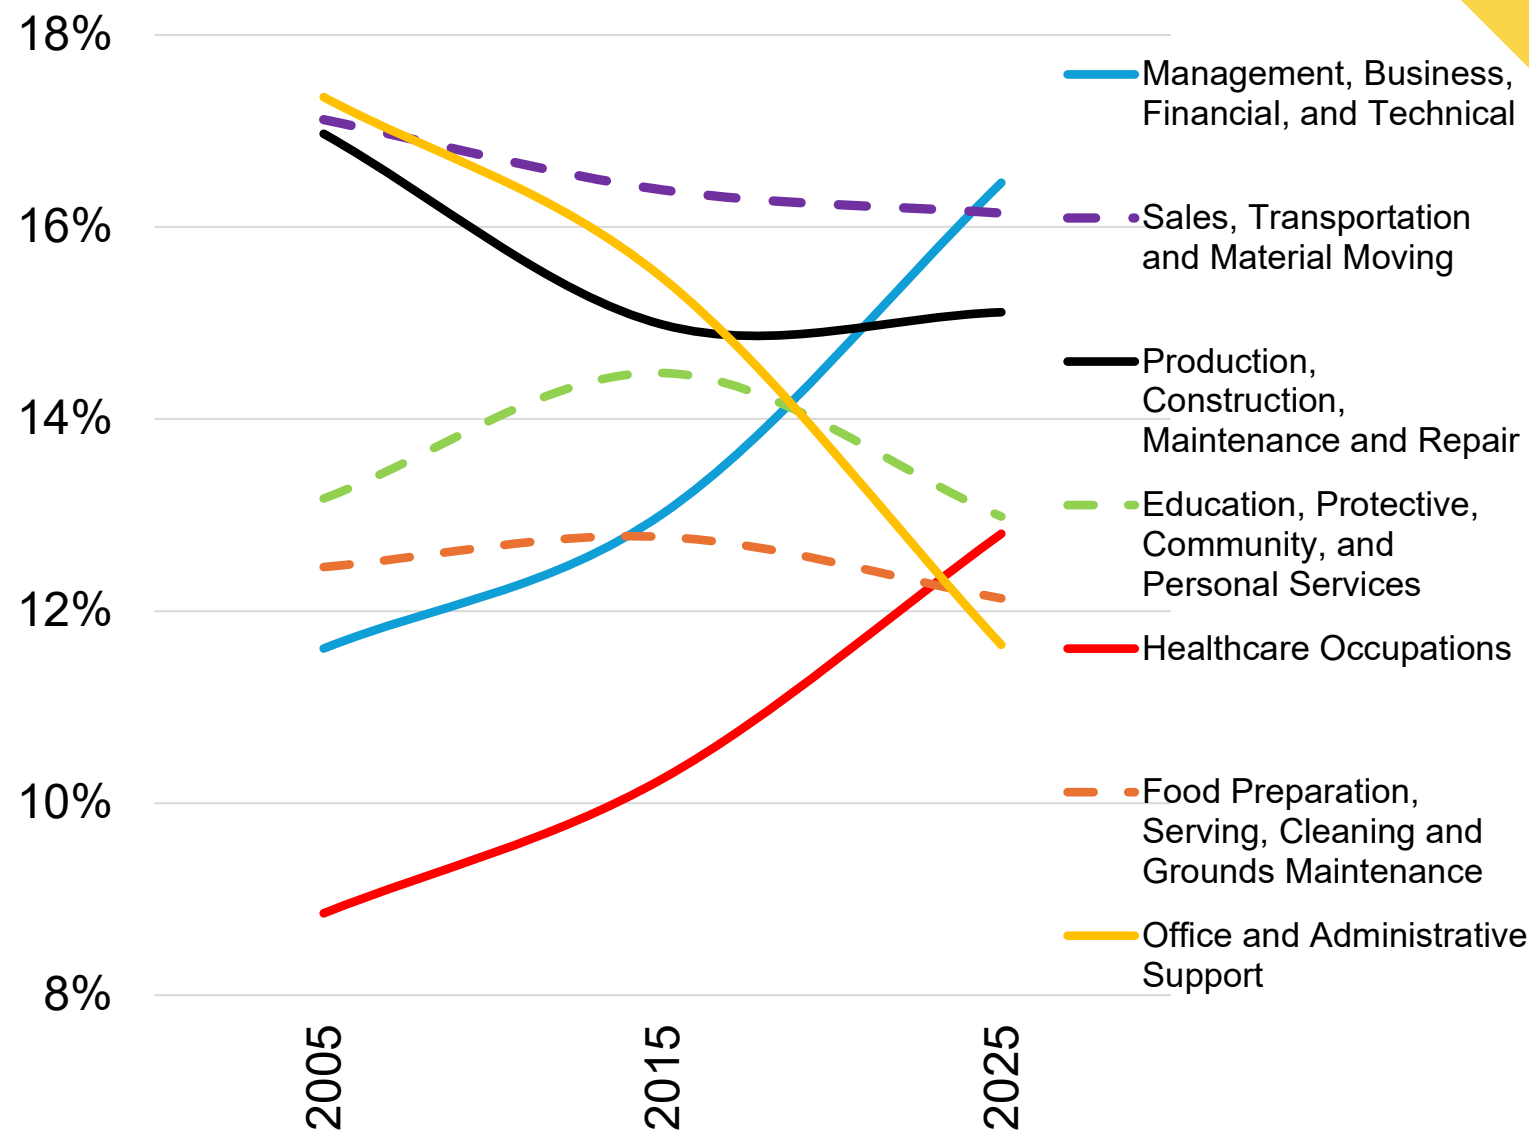

Increasing demand for healthcare services has led to rising employment in the healthcare sector in recent decades. The healthcare sector now represents more than 17 percent of total employment.

# Occupational Trends

As the share of jobs in healthcare industries has increased, demand for workers in health occupations has increased. In the last two decades, the share of jobs in health occupations has risen by four percentage points and now accounts for 13 percent of total occupational employment.

Share of Jobs by Combined Occupational Group

# Demographics of Healthcare Workers

---

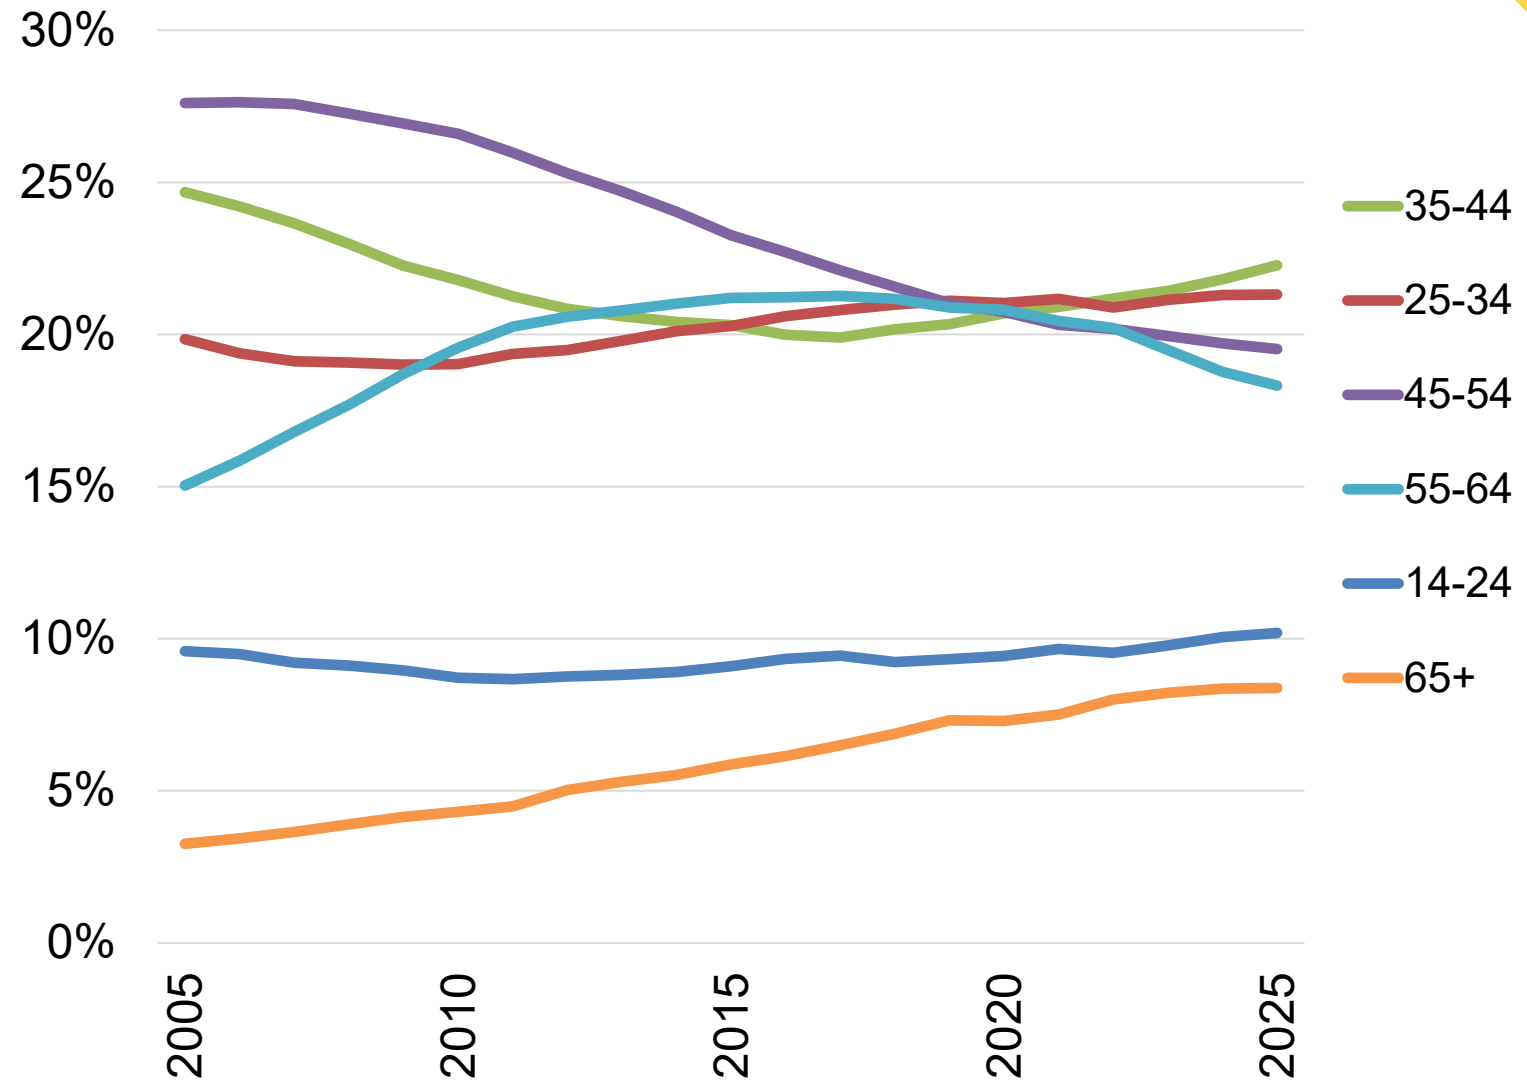

Demographic data on the age, sex, race/ethnicity, and education attainment of workers in the healthcare sector is from the U.S. Census Bureau's Quarterly Workforce Indicators (QWI). The QWI data includes all job holders in the healthcare sector, not just those in health occupations. Jobs in health occupations represent over 60 percent of all jobs in the sector. These demographics help provide context about the composition of the healthcare workforce and how it has changed over time.

# Age

The share of workers in age 55 and over groups has grown significantly over the last 20 years. The share of workers between the ages of 35 and 54 has fallen.

These trends reflect both an advancing population age structure and that many workers today work later in their careers than their predecessors.

## Age Distribution of Healthcare & Social Assistance Workers

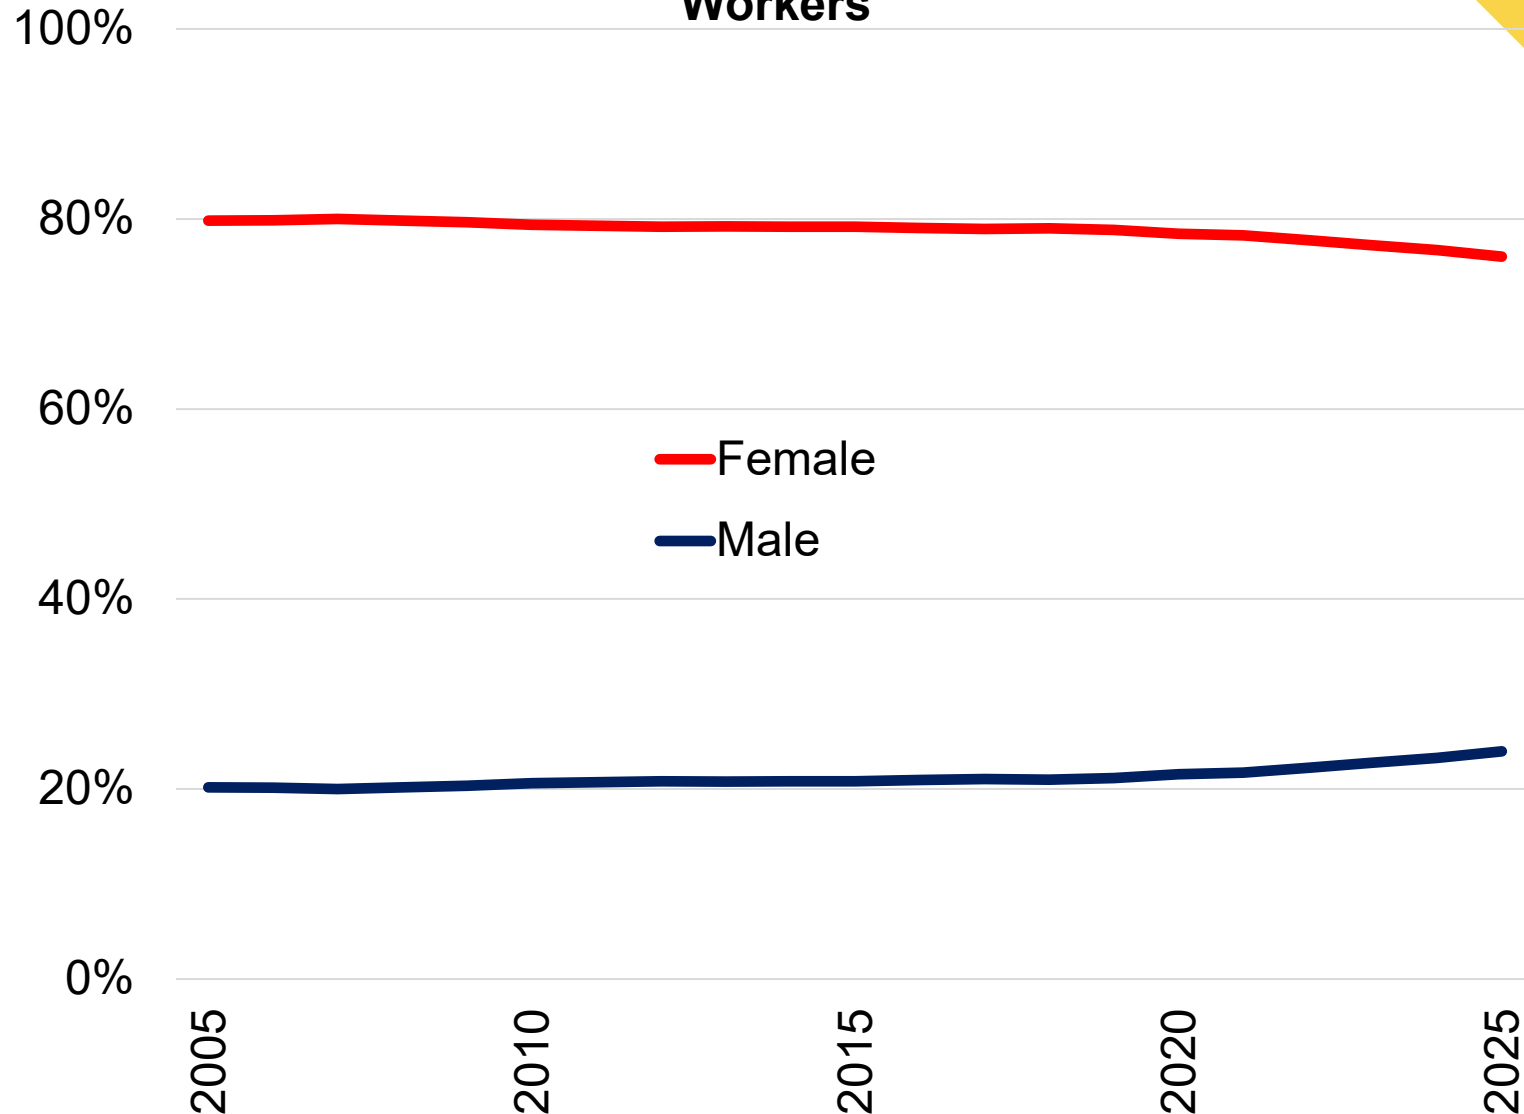

# Sex

Female job holders comprise the majority of the healthcare sector workforce, representing 76 percent of job holders in 2025.

The share of male job holders has risen modestly since 2020. Historically, males have comprised about 20 percent of job holders.

For the purpose of Census Bureau surveys and the decennial census, sex refers to a person's biological sex.

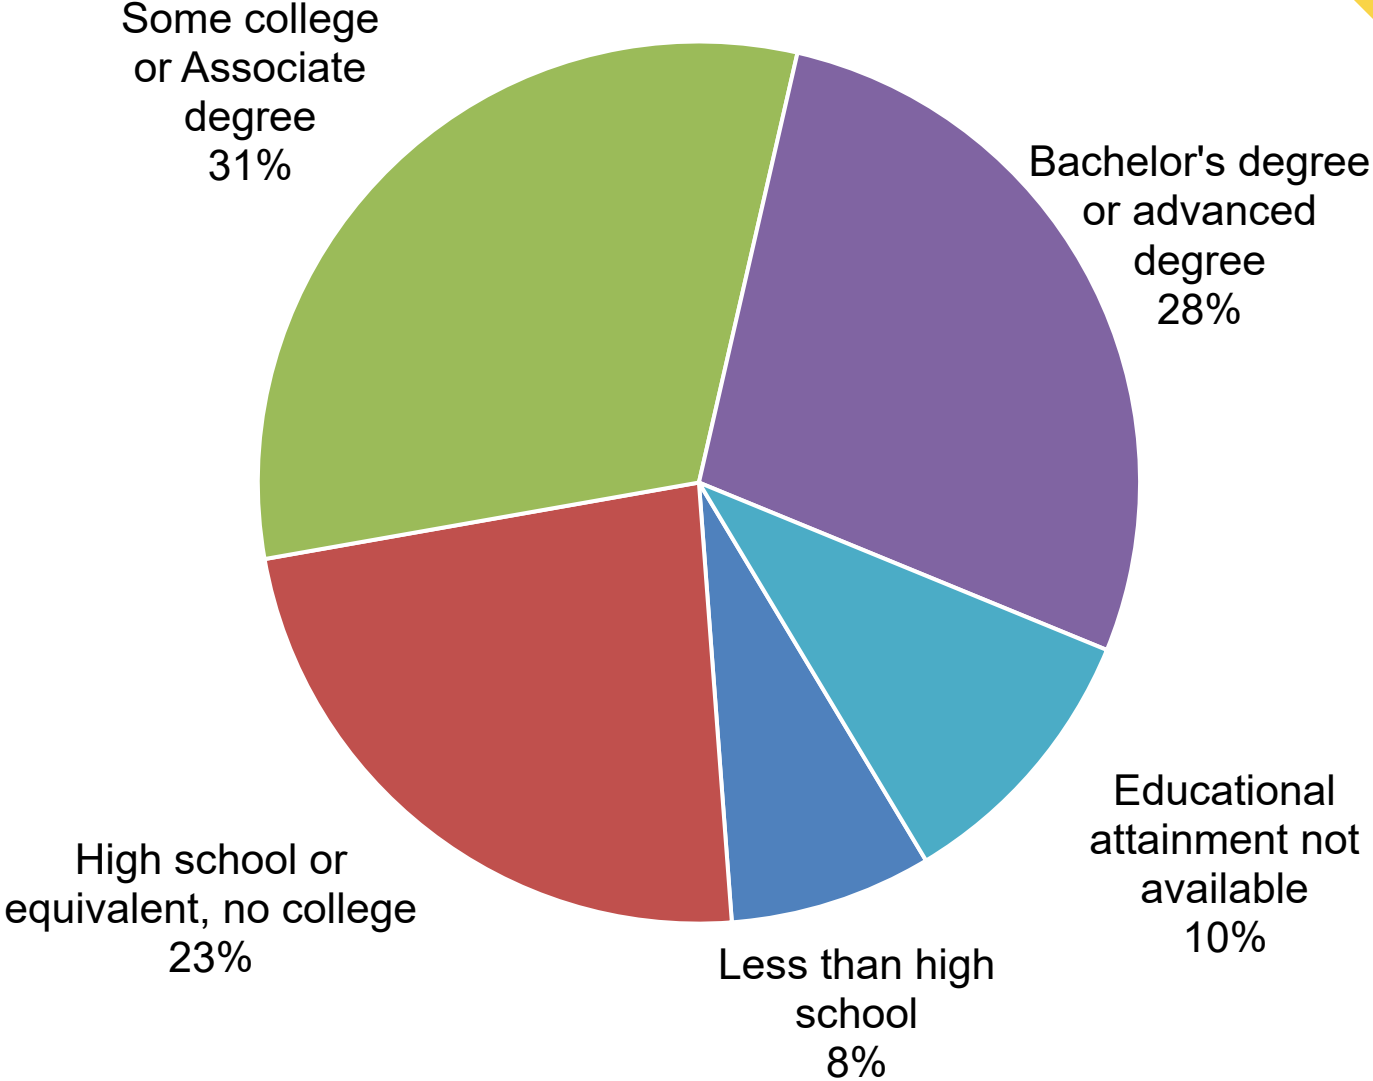

## Sex Distribution of Healthcare & Social Assistance Workers

# Educational Attainment

59 percent of job holders in the healthcare sector have attained at least some college or an associate degree. 31 percent have a high school diploma or less.

Educational Attainment of Healthcare & Social Assistance Workers

# Race & Ethnicity

Job holders in the healthcare sector are predominantly white (89 percent) and non-Hispanic or Latino (98 percent).

| Race & Ethnicity of Healthcare & Social Assistance Workers |             |                                 |             |           |                        |                    |
|------------------------------------------------------------|-------------|---------------------------------|-------------|-----------|------------------------|--------------------|
|                                                            | Race        |                                 |             |           | Ethnicity              |                    |
|                                                            | White Alone | Black or African American Alone | Asian Alone | All Other | Not Hispanic or Latino | Hispanic or Latino |
| Total                                                      | 89%         | 7%                              | 2%          | 2%        | 98%                    | 2%                 |
| 116,009                                                    |             |                                 |             |           |                        |                    |

# Jobs by County

Jobs in healthcare occupations are concentrated in the more populous counties of the state: Androscoggin, Cumberland, Kennebec, Penobscot and York.

Residents in rural communities often travel to these areas to obtain specialty care or other services that may not be available closer to them.

**Distribution of Maine's Healthcare Workforce in 2025**

| County       | Total Jobs in Healthcare Occupations | Percent of Healthcare Occupations | Percent of Population Living in Area | Healthcare Workers per 1,000 Residents |
|--------------|--------------------------------------|-----------------------------------|--------------------------------------|----------------------------------------|
| Androscoggin | 7,470                                | 8.8%                              | 8.2%                                 | 64                                     |
| Aroostook    | 3,780                                | 4.4%                              | 4.7%                                 | 57                                     |
| Cumberland   | 30,720                               | 36.1%                             | 22.4%                                | 97                                     |
| Franklin     | 1,310                                | 1.5%                              | 2.2%                                 | 42                                     |
| Hancock      | 2,240                                | 2.6%                              | 4.0%                                 | 39                                     |
| Kennebec     | 8,890                                | 10.5%                             | 9.1%                                 | 69                                     |
| Knox         | 1,820                                | 2.1%                              | 2.9%                                 | 44                                     |
| Lincoln      | 1,280                                | 1.5%                              | 2.6%                                 | 35                                     |
| Oxford       | 1,870                                | 2.2%                              | 4.3%                                 | 31                                     |
| Penobscot    | 12,290                               | 14.4%                             | 11.2%                                | 78                                     |

\*Maine Department of Labor, Occupational Employment & Wage Statistics

\*\*Some data is suppressed per BLS' data quality and confidentiality standards. In disaggregating the workforce by county, we can account for 93% of statewide employment

# Occupations by Industry

---

Data on the distribution and mix of healthcare occupational employment by industry are from CWRI's Occupational Employment and Wage Statistics (OEWS) program. This data is intended to highlight the healthcare-providing occupations most commonly found within healthcare industries.

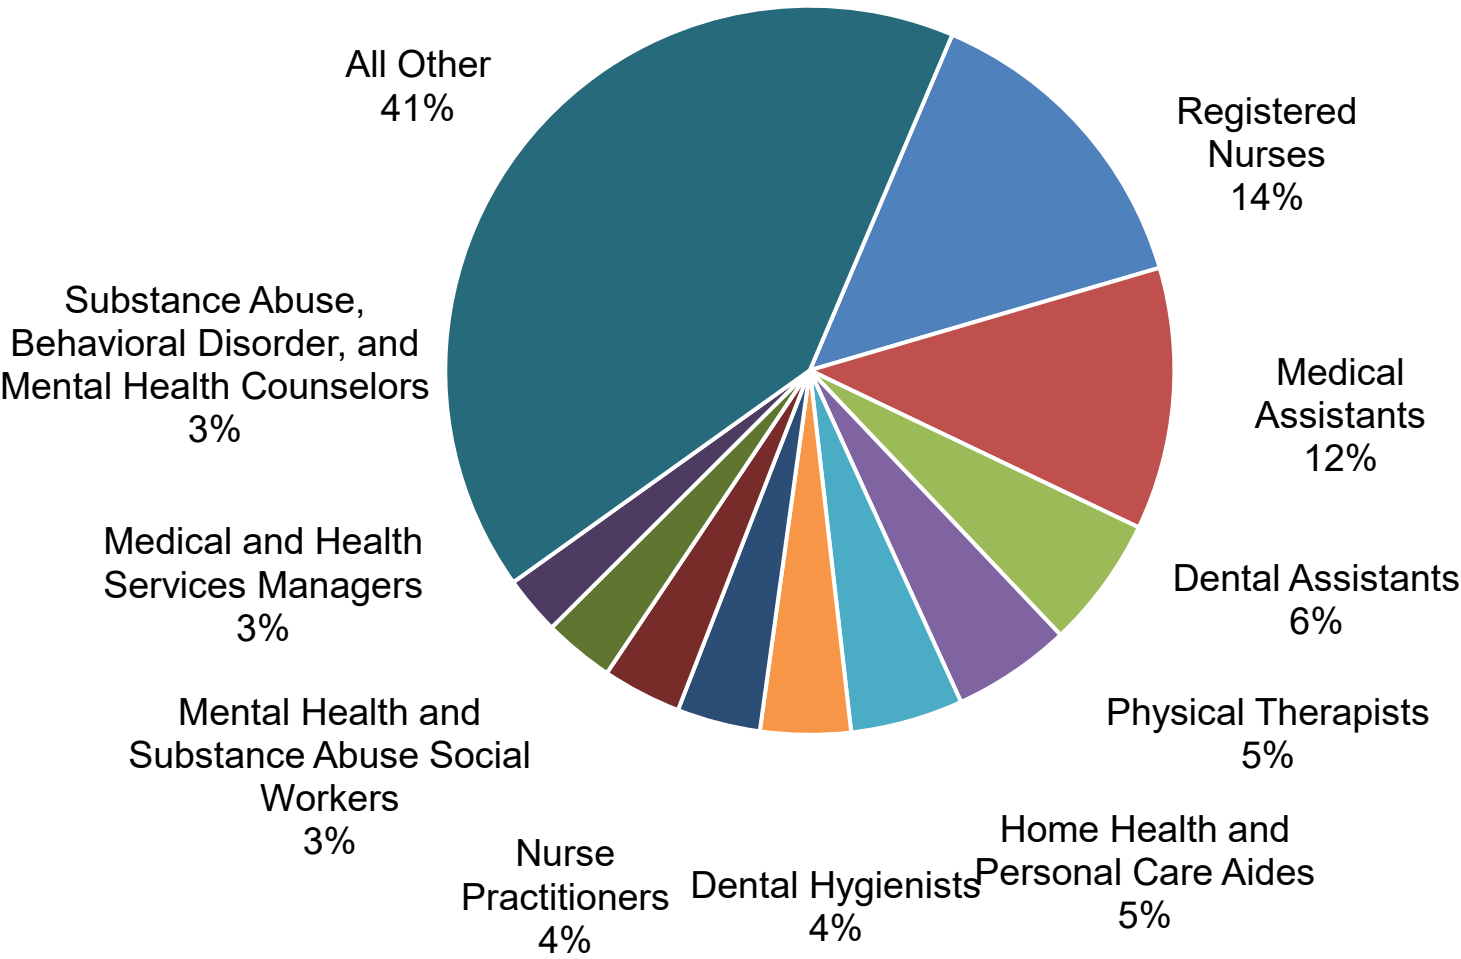

The mix of occupations within the Ambulatory Healthcare Services and Hospitals subsectors are quite diverse, with a higher share of workers in roles typically requiring advanced education like Registered Nurses, Physicians and other specialty healthcare technicians.

Within the Nursing & Residential Care Facilities and Social Assistance subsectors, a larger share of health occupations require less education or training for occupations including Home Health & Personal Care Aides and Nursing Assistants.

# Ambulatory Healthcare Services

Registered Nurses, Medical Assistants, Dental Assistants, Physical Therapists, and Home Health and Personal Care Aides represented 42 percent of healthcare occupations within the Ambulatory Healthcare Services subsector in 2025.

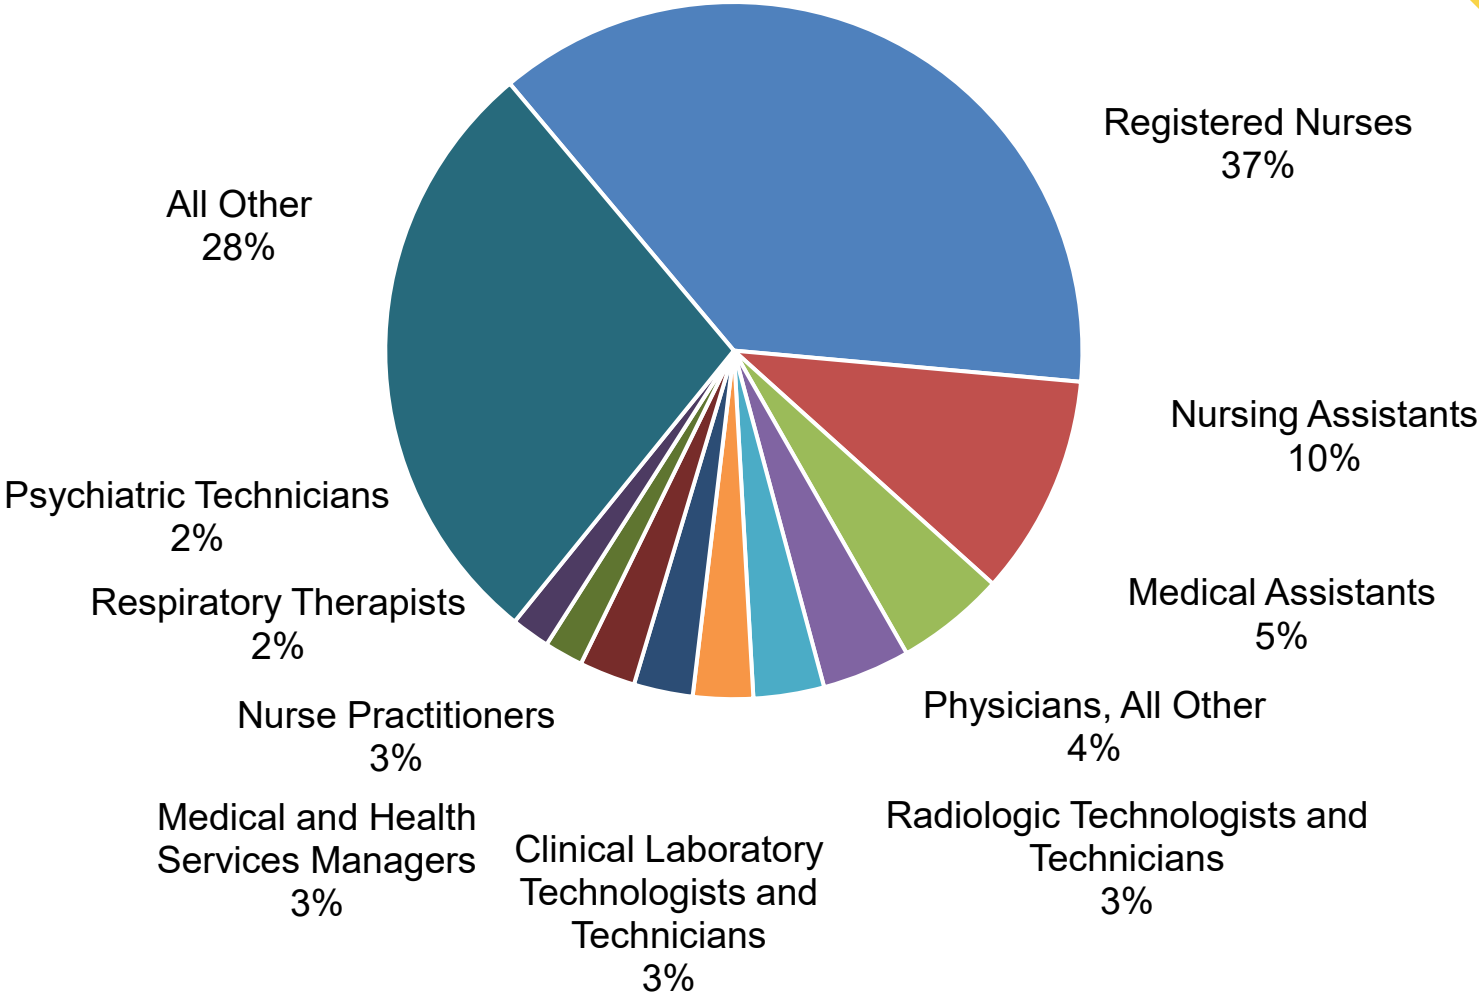

Mix of Healthcare Occupations in Ambulatory Healthcare Services

# Hospitals

Registered Nurses are the largest occupation in Hospitals, representing 37 percent of all healthcare workers in 2025, followed by Nursing Assistants, ten percent, and Medical Assistants, five percent.

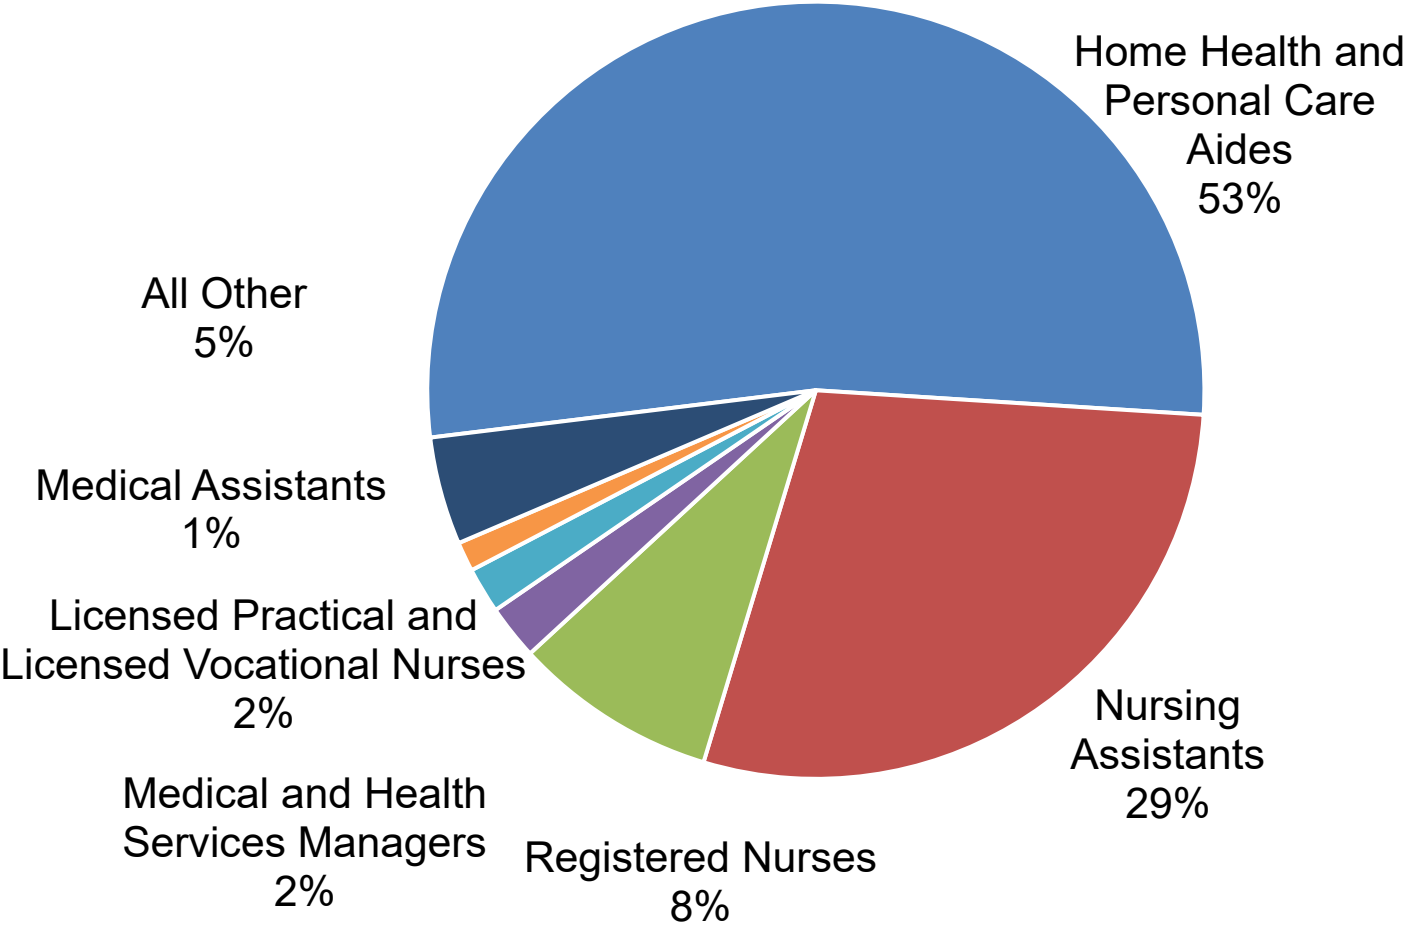

Mix of Healthcare Occupations in Hospitals

# Nursing & Residential Care Facilities

Home Health and Personal Care Aides and Nursing Assistants represented approximately 82 percent of total employment in healthcare occupations within the Nursing and Residential Care Facility subsector.

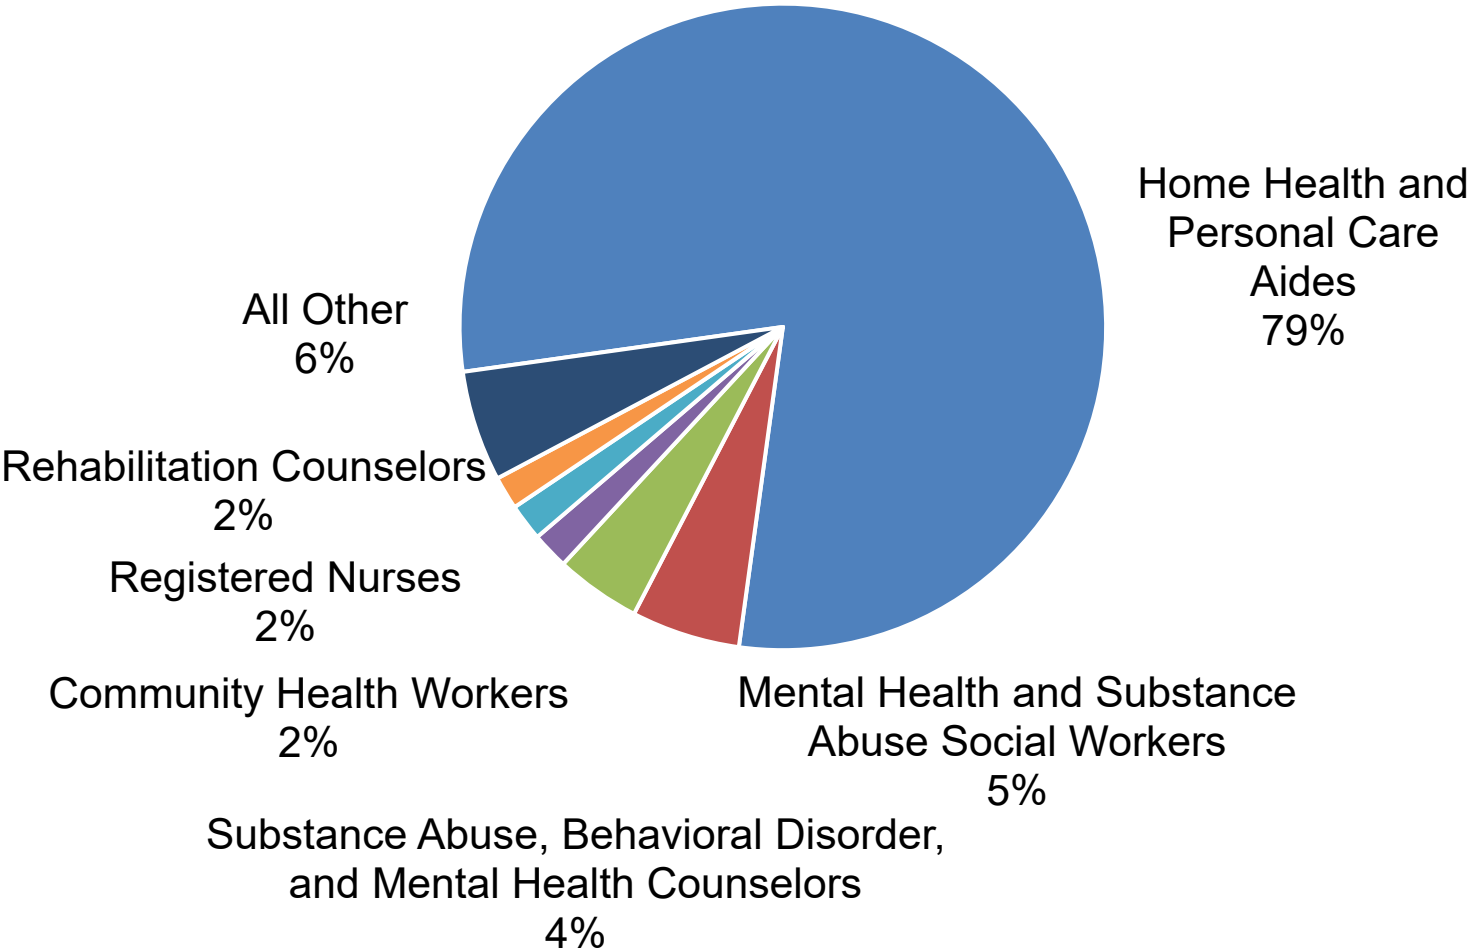

Mix of Healthcare Occupations in Nursing & Residential Care Facilities

# Social Assistance

Home Health and Personal Care Aides make up the majority, nearly four out of every five, of healthcare jobs in the Social Assistance subsector. These jobs typically require a high school diploma or equivalent and involve short-term job training.

Mix of Healthcare Occupations in Social Assistance

# Occupational Outlook

---

Occupational outlook data is from 2024-34 Employment Projections. Annual job openings and 2025 average annual wages are compared across typical educational requirements for healthcare occupations that are organized in three groups based on typical education and training requirement:

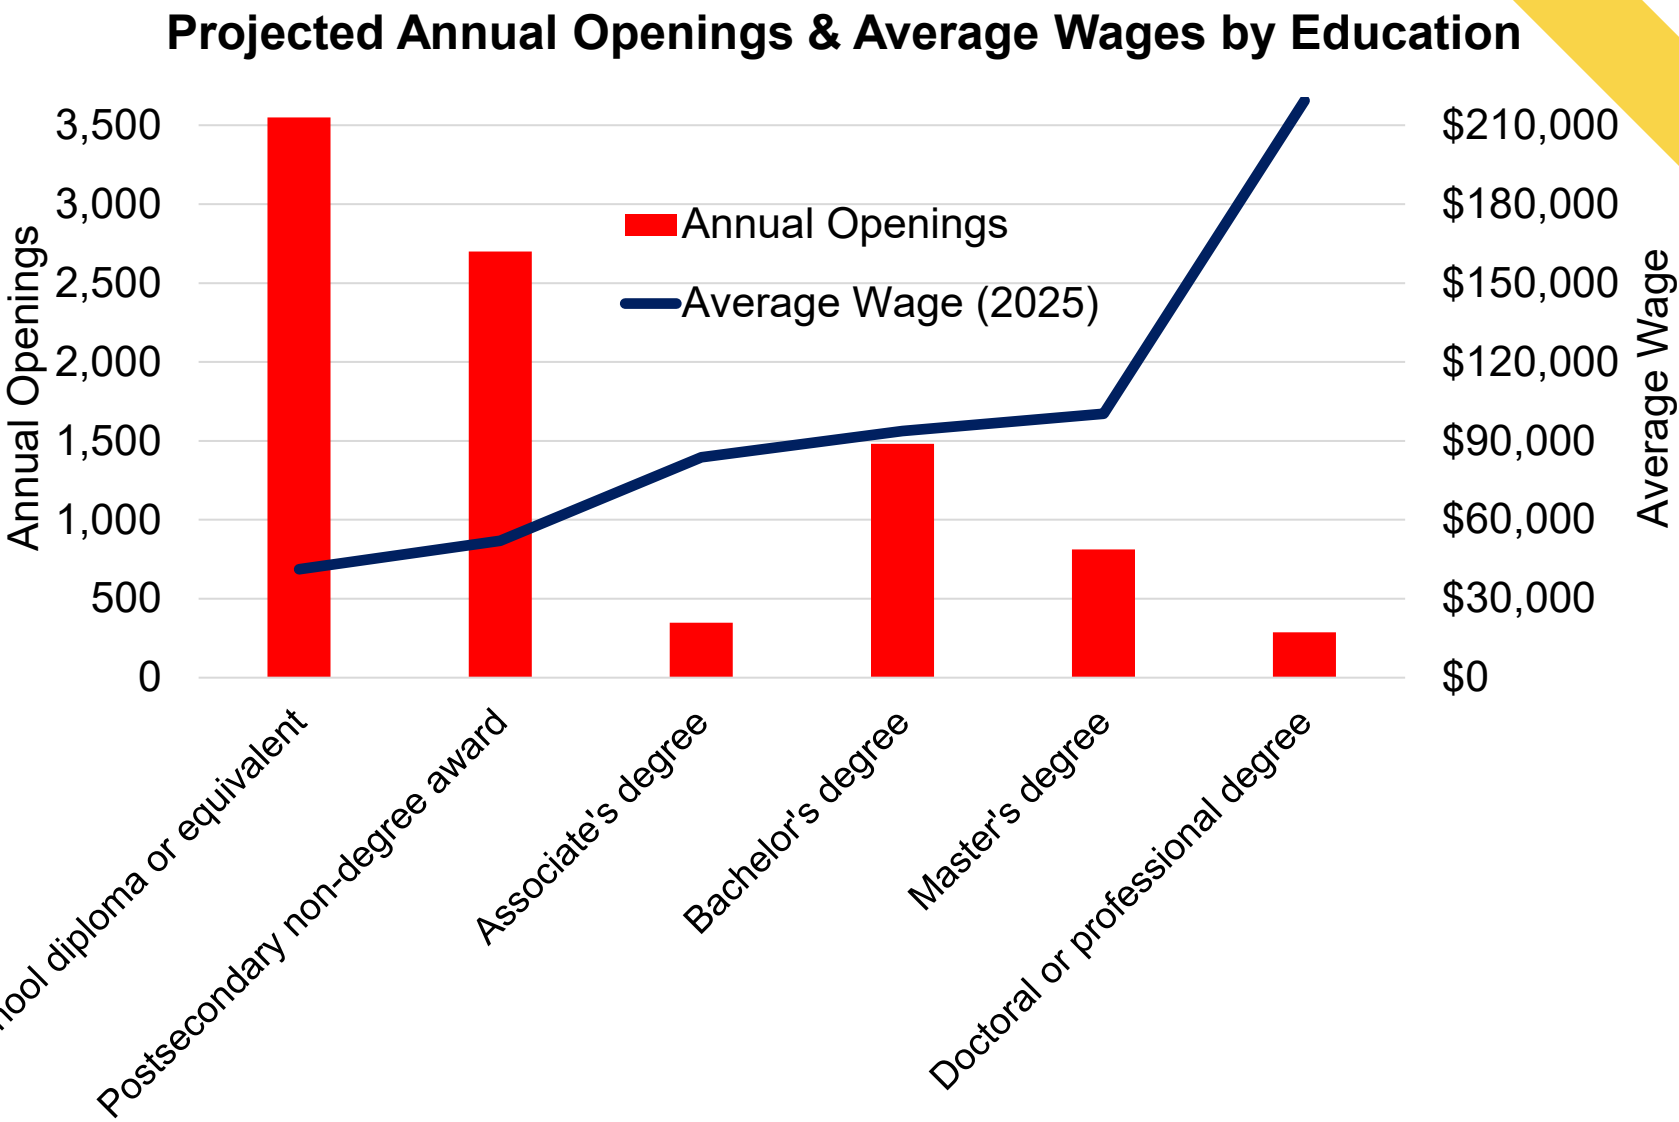

- Basic Education: postsecondary non-degree award or lower
- Intermediate Education: Associate's or Bachelor's degree
- Advanced Education: Master's or Doctoral or professional degree

Ample opportunity is projected for occupations within each education group to meet the increasing demand for healthcare services. Wages generally increase as the typical educational requirements of occupations increase.

# Openings by Education

The highest projected openings are in occupations that typically only require a postsecondary non-degree award or less. These occupations are often support-level roles, generally offer lower wages, and have higher rates of turnover.

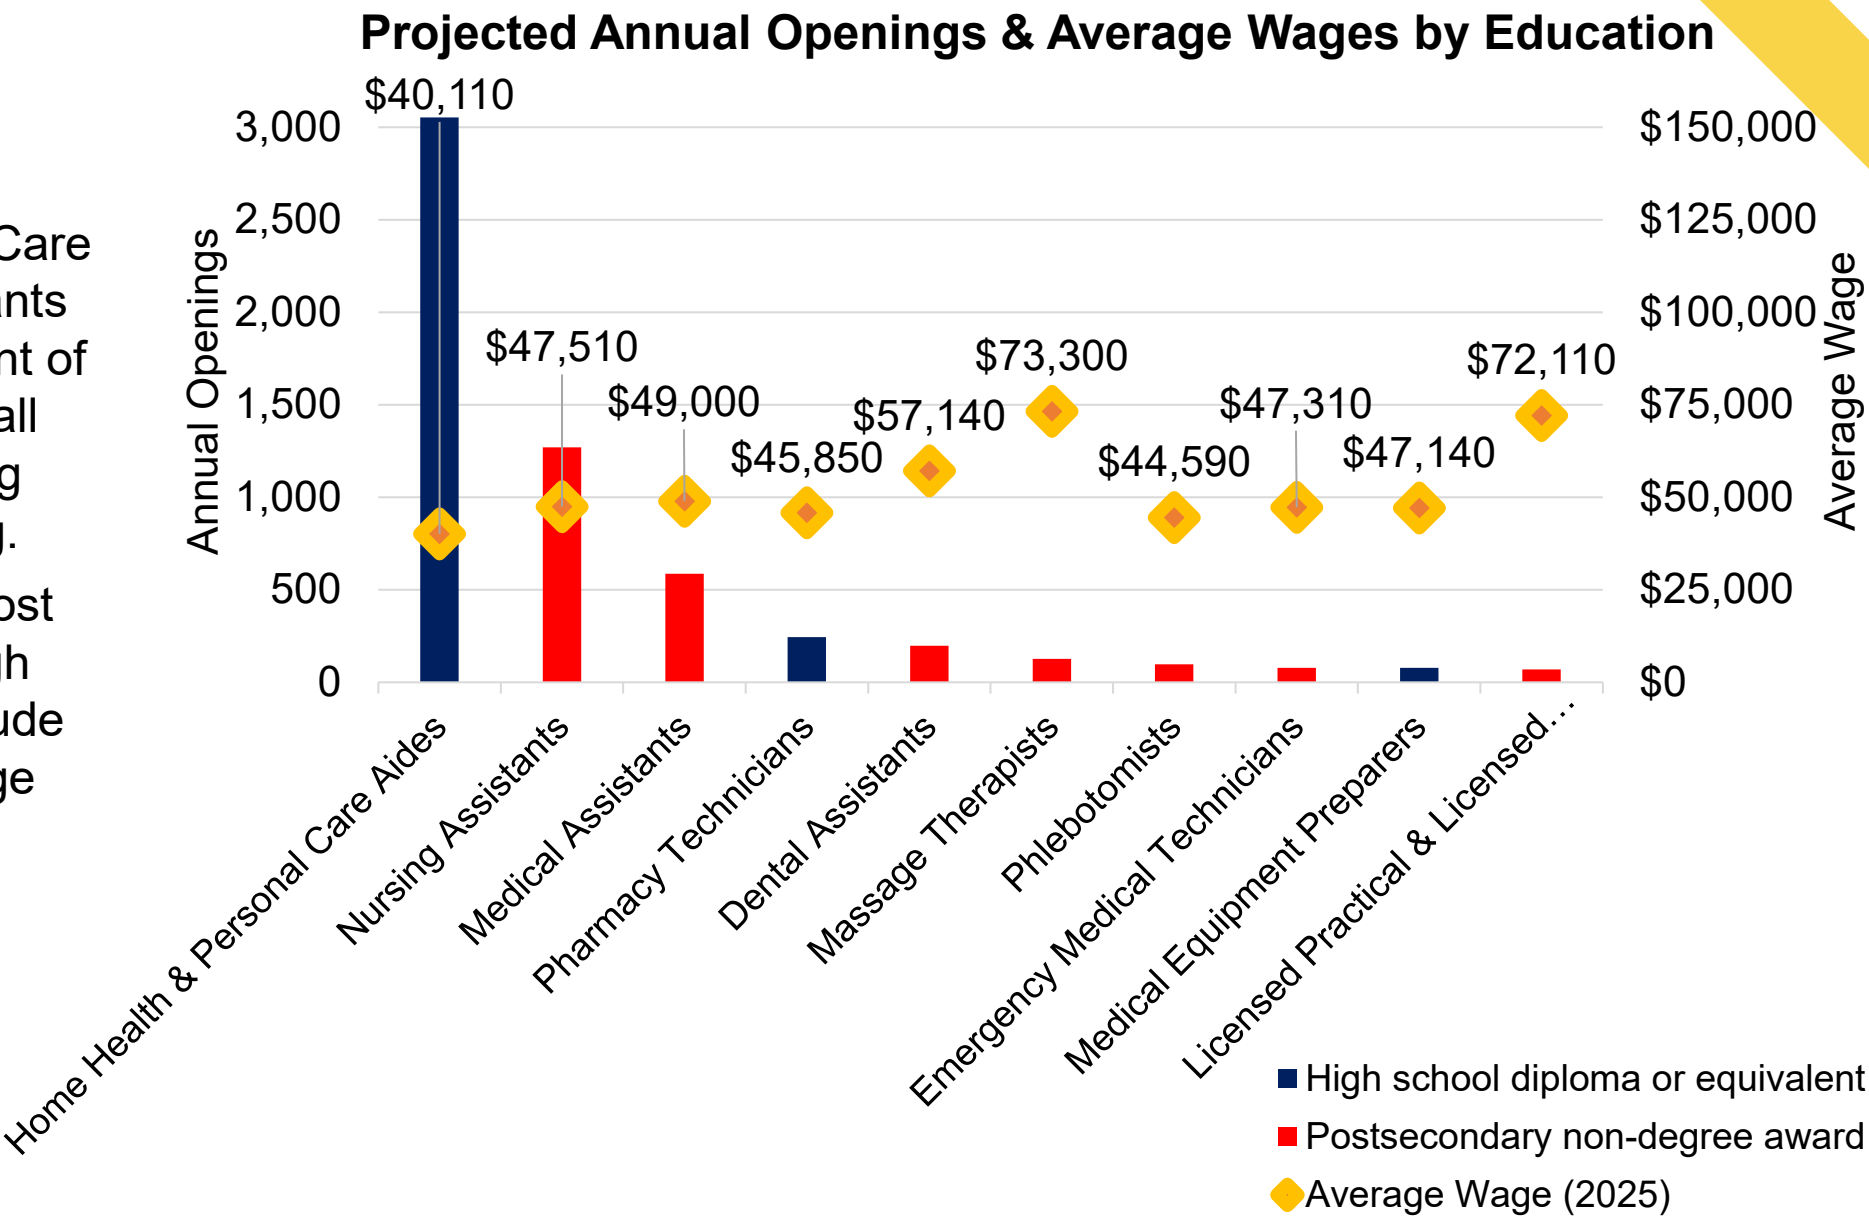

Substantial openings are projected in more technical and practitioner-level roles that require advanced education like a Bachelor's or Master's degree, which generally offer higher wages.

# Basic Education

Home Health & Personal Care Aides and Nursing Assistants represent nearly 70 percent of total job openings across all health occupation requiring basic education or training.

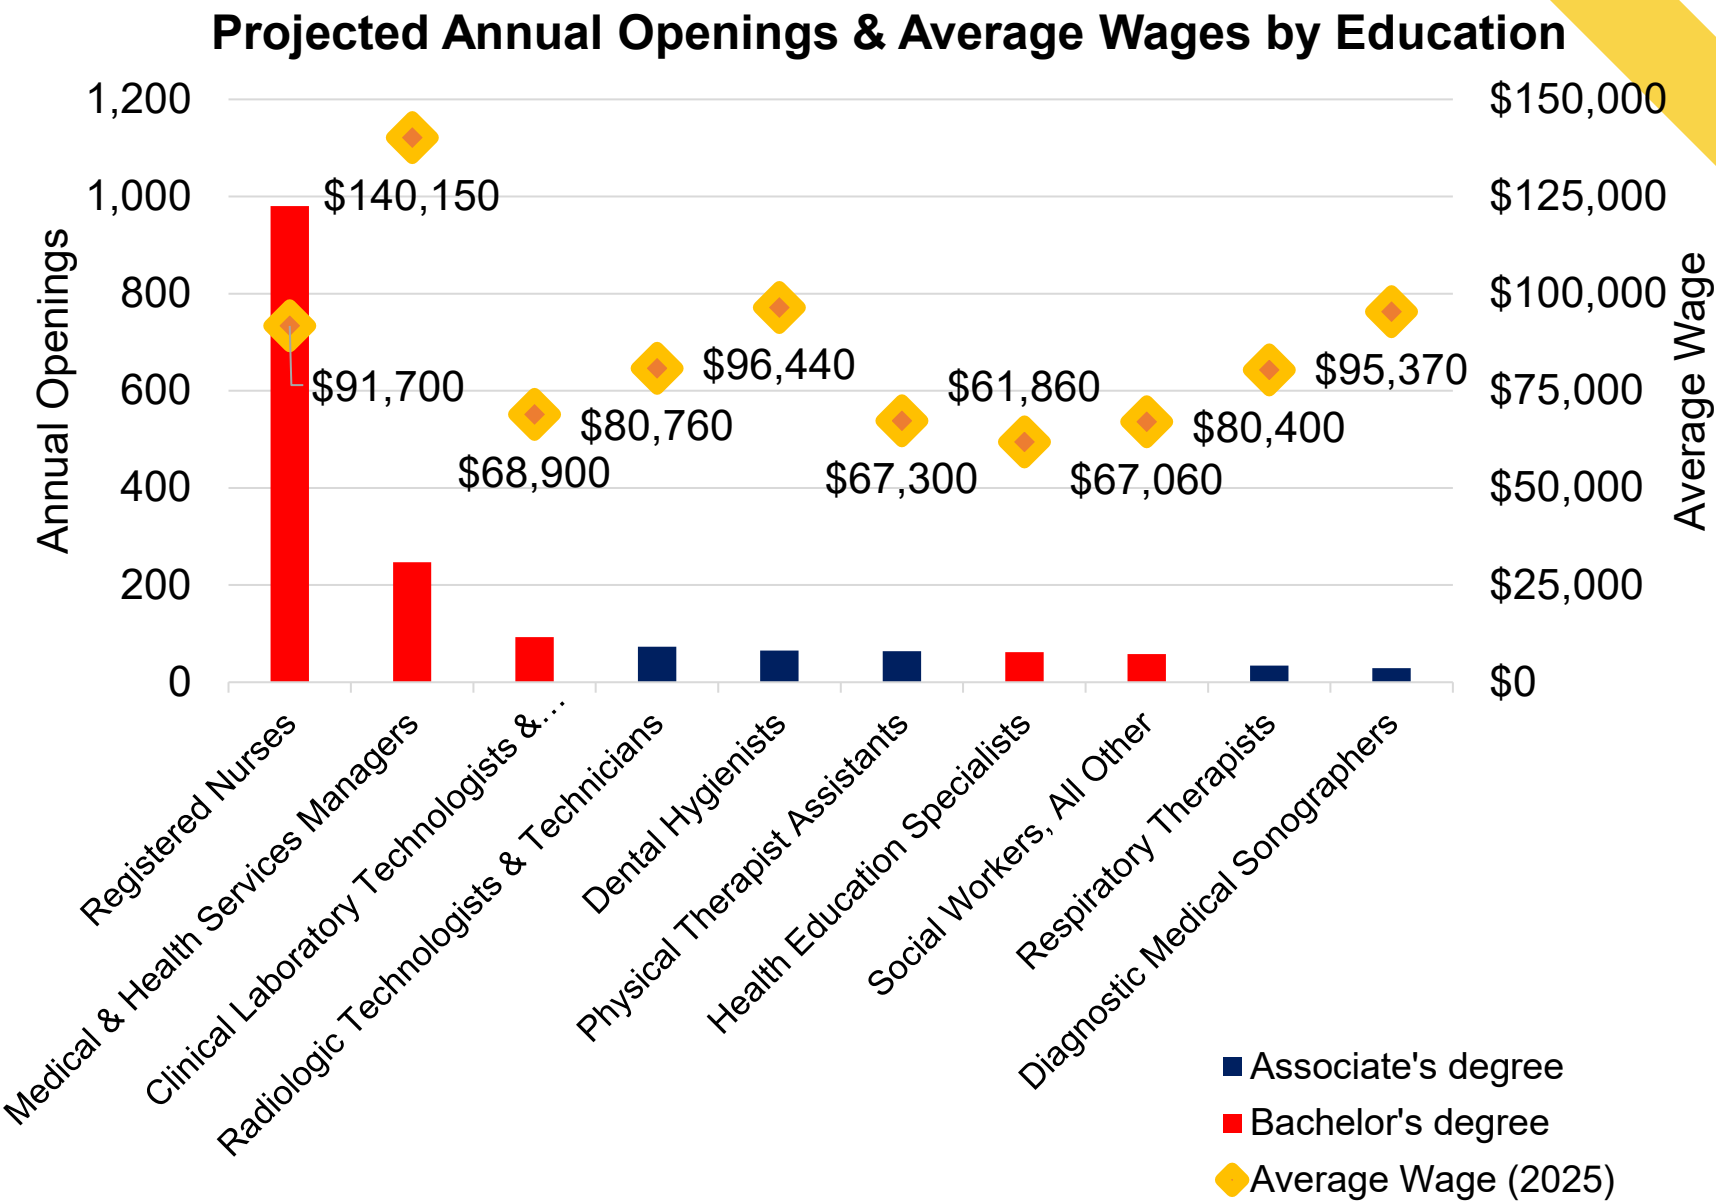

Average wages among most occupations are low though some exceptions that include Dental Assistants, Massage Therapists, and Licensed Practical & Licensed Vocational Nurses.

# Intermediate Education

Registered Nurses are projected to have about four times as many openings as the next nearest occupation ranked by total openings per year.

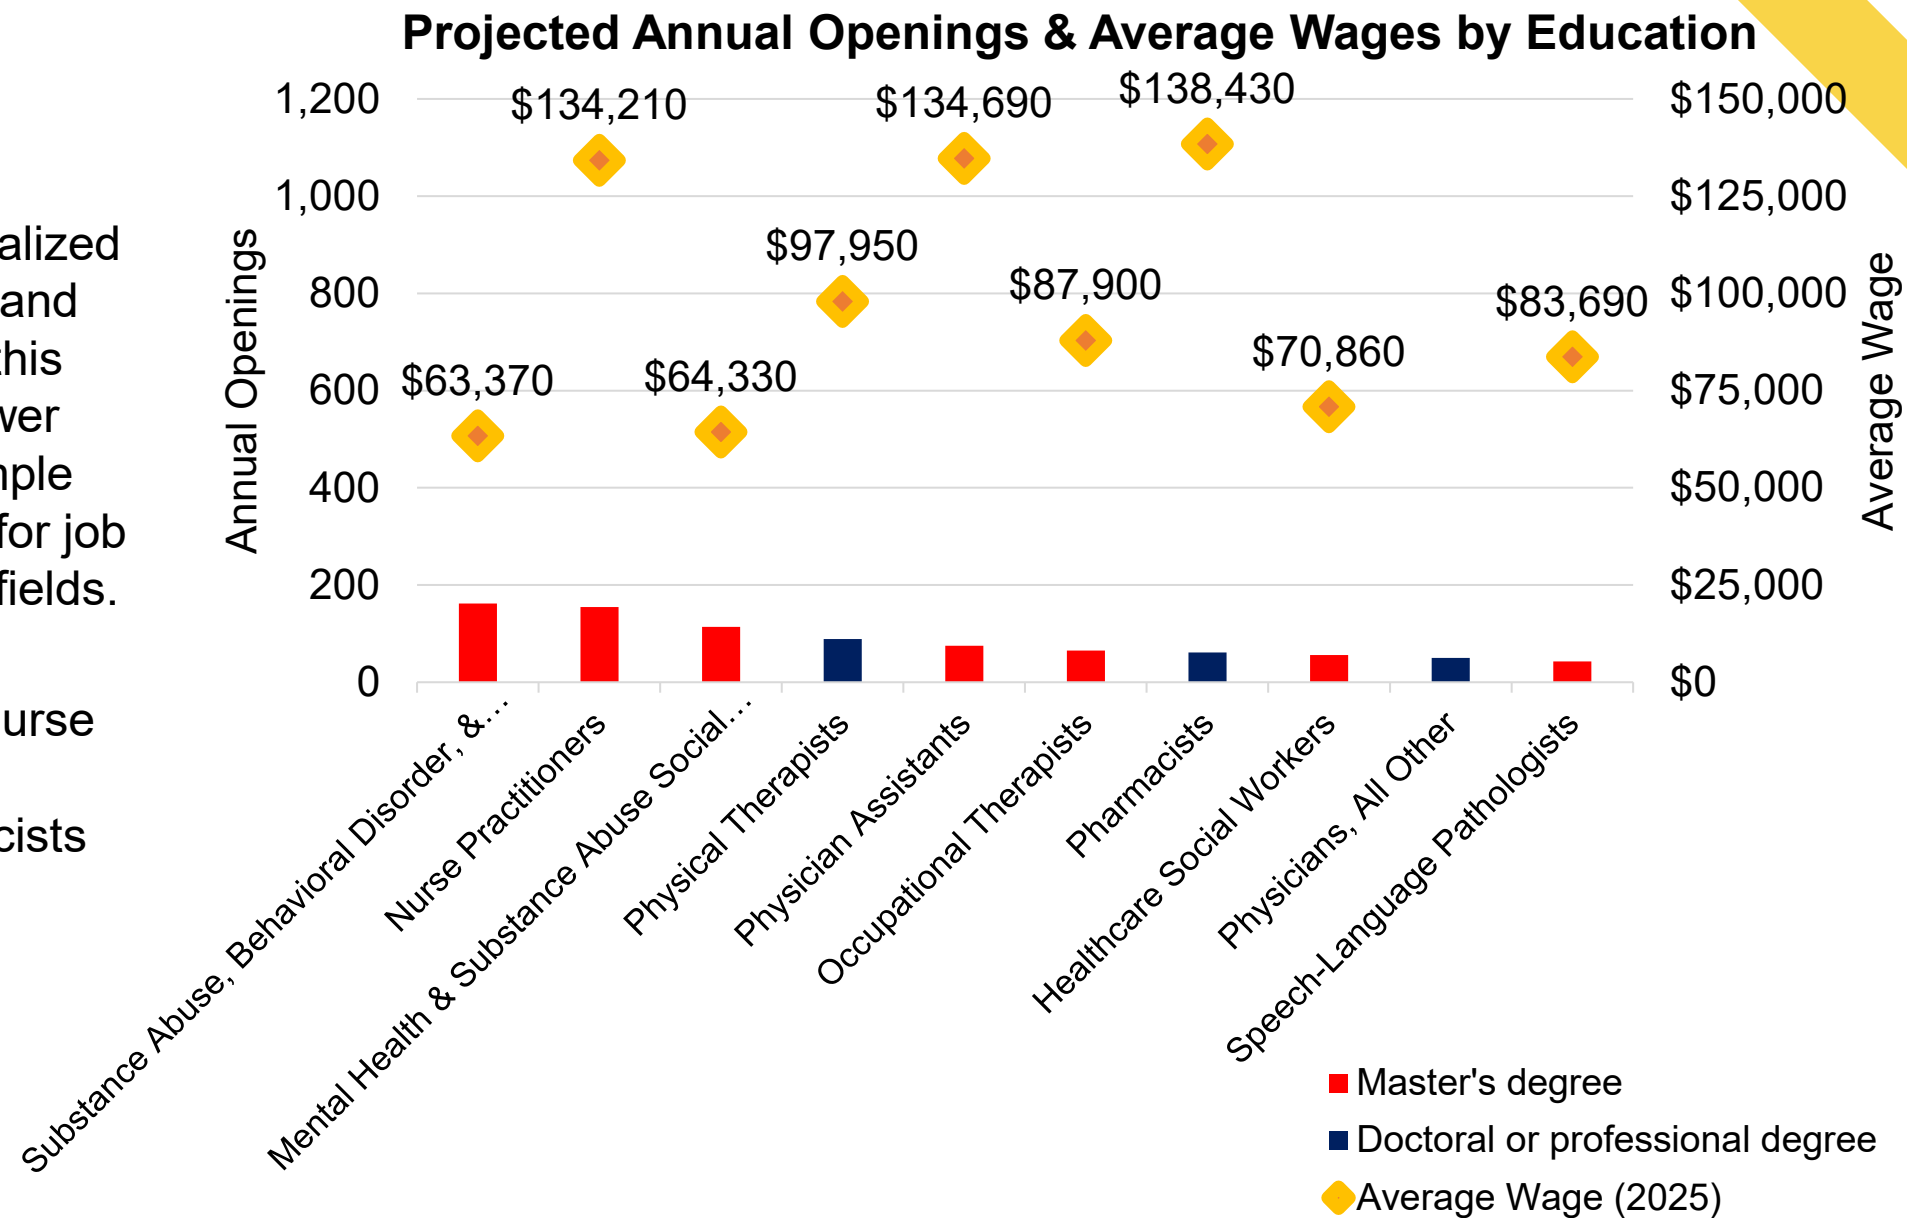

Wages among occupations in this group generally exceed the average across all occupations with the top ten ranked by annual openings all exceeding \$61,000 annually on average.

# Advanced Education

Due to their highly specialized postgraduate education and training, occupations in this group generally have lower job openings, though ample opportunity is projected for job seekers pursuing these fields.

Average wages are high among this group with Nurse Practitioners, Physician Assistants, and Pharmacists occupations exceeding \$100,000 per year on average.

# Occupational Data Sheets

---

The healthcare occupational data sheets contain information from 2024-34 Employment Projections and 2025 OEWS wage estimates. For certain occupations, estimates may not be available and are denoted with an n/a.

Occupations are sorted by their 6-digit SOC code, located before the occupational title. Each sheet includes: occupational definition, sample of reported job titles, typical education requirement, and related educational programs.

Occupations and Classification of Instructional Programs (CIP) are matched using a SOC to CIP crosswalk. Not all occupations have a matched CIP reported. Instructional programs may still be relevant to that occupation.

# 11-9111 – Medical and Health Services Managers

**Definition:** Plan, direct, or coordinate medical and health services in hospitals, clinics, managed care organizations, public health agencies, or similar organizations.

**Sample of Reported Job Titles:** Cancer Center Director, Clinical Director, Health Information Management Director (HIM Director), Health Information Manager (HIM Manager), Healthcare System Director, Medical Records Director, Medical Records Manager, Mental Health Program Manager, Nurse Manager, Nursing Director

**Typical Education Requirement:** Bachelor's degree

| Statewide Occupational Projections |           |                |                       | 2025 Average Annual Wages |           |
|------------------------------------|-----------|----------------|-----------------------|---------------------------|-----------|

# Schools & Program Completers by Degree

---

The following data, sourced from the National Center for Educational Statistics, contains the number of program completers, by degree, at Maine Schools over the last five years. Data is sorted by CIP code, followed by the program title, as well as the CIP program definition.

Data is published as reported by schools and is subject to revision. Blank cells indicate no reporting, zero or otherwise, for any given program/year. Limitations of this source include reporting inconsistencies, errors, and CIP changes over time.

# 19.0504 - Human Nutrition

**Definition:** A program that focuses on the relationships between food consumption and human development and health. Includes instruction in the cellular and molecular processes of food processing in the human body, related metabolic processes, the relationship of food and nutrition to disease, and nutritional needs across the life span.

| School                    | Award Level                                      | 2021 | 2022 | 2023 | 2024 | 2025 |

|                           | Master's degree                                  | 22   | 16   | 28   | 53   | 71   |

# 30.1701 - Behavioral Sciences

**Definition:** A program with a combined or undifferentiated focus on the social sciences, psychology, and biomedical sciences to study complex problems of human individual and social growth and behavior.

| School                           | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|----------------------------------|-------------------|------|------|------|------|------|
| University of Maine              | Doctor's degrees  | 2    |      |      | 1    | 0    |
| University of Maine at Fort Kent | Bachelor's degree | 11   | 7    | 14   | 7    | 6    |

# 30.1901 - Nutrition Sciences

**Definition:** A scientific program that focuses on the utilization of food for human growth and metabolism, in both normal and dysfunctional states, from the interdisciplinary perspective of the agricultural, human, biological, and biomedical sciences. Includes instruction in food science, biochemistry, physiology, dietetics, food and nutrition studies, biotechnology, biophysics, and the clinical sciences.

| School              | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------|-------------------|------|------|------|------|------|
| University of Maine | Bachelor's degree | 28   | 24   | 24   | 14   | 18   |

# 31.0505 - Exercise Science & Kinesiology

**Definition:** A scientific program that focuses on the anatomy, physiology, biochemistry, and biophysics of human movement, and applications to exercise and therapeutic rehabilitation. Includes instruction in biomechanics, motor behavior, motor development and coordination, motor neurophysiology, performance research, rehabilitative therapies, the development of diagnostic and rehabilitative methods and equipment, and related analytical methods and procedures in applied exercise and therapeutic rehabilitation.

| School                          | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------------------|-------------------------------------------------|------|------|------|------|------|
| Central Maine Community College | Associate's degree                              |      | 0    | 1    | 3    | 5    |
| Husson University               | Bachelor's degree                               | 38   | 59   | 59   | 43   | 49   |
| Saint Joseph's College of Maine | Postsecondary awards, certificates, or diplomas |      |      | 1    |      |      |
|                                 | Bachelor's degree                               | 11   | 15   | 9    | 21   | 19   |
|                                 | Master's degree                                 |      |      | 3    |      |      |
| University of New England       | Bachelor's degree                               | 43   | 41   | 40   | 32   | 30   |

# 42.2706 - Behavioral Neuroscience

**Definition:** A program that focuses on the scientific study of the biological bases of behavior and psychological functioning, and their application to experimental and therapeutic research problems. Includes instruction in functional neuroanatomy, neural system development, biochemical neural regulatory mechanisms, neurological biophysics, memory storage and retrieval, physiology of cognition and perception, physiological bases of psychopathology and behavioral disorders, psychopharmacology, comparative psychobiology, molecular and cellular neuroscience, brain science, anatomy and physiology of the central nervous system, and specialized experimental design and research methods.

| School        | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------|-------------------|------|------|------|------|------|
| Colby College | Bachelor's degree | 20   | 13   | 9    | 18   | 10   |

# 42.2799 - Research & Experimental Psychology, Other

---

**Definition:** Any instructional program in research and experimental psychology not listed above.

| School          | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------|-------------------|------|------|------|------|------|
| Bates College   | Bachelor's degree | 73   | 83   | 50   | 50   | 59   |
| Bowdoin College | Bachelor's degree | 23   | 20   | 29   | 24   | 33   |

# 42.2801 - Clinical Psychology

**Definition:** A program that prepares individuals for the independent professional practice of clinical psychology, involving the analysis, diagnosis, and clinical treatment of psychological disorders and behavioral pathologies. Includes instruction in clinical assessment and diagnosis, personality appraisal, psychopathology, clinical psychopharmacology, behavior modification, therapeutic intervention skills, patient interviewing, personalized and group therapy, child and adolescent therapy, cognitive and behavioral therapy, supervised clinical practice, ethical standards, and applicable regulations.

| School            | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------|-------------------|------|------|------|------|------|
| Husson University | Bachelor's degree | 4    | 3    | 6    | 6    | 4    |
|                   | Master's degree   | 6    |      |      |      |      |

# 42.2802 - Community Psychology

**Definition:** A program that prepares individuals to apply psychological principles to the analysis of social problems, and the implementation of intervention strategies for addressing these problems. Includes instruction in social ecology, primary and secondary prevention of social pathologies, social intervention strategies and tactics, large group counseling, social services systems behavior, creating settings, cultural stress, and the dynamics of social change.

| School              | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------|-------------------|------|------|------|------|------|
| University of Maine | Bachelor's degree | 16   | 17   | 8    | 7    | 5    |

# 42.2803 - Counseling Psychology

**Definition:** A program that prepares individuals for the independent professional practice of psychological counseling, involving the rendering of therapeutic services to individuals and groups experiencing psychological problems and exhibiting distress symptoms. Includes instruction in counseling theory, therapeutic intervention strategies, patient/counselor relationships, testing and assessment methods and procedures, group therapy, marital and family therapy, child and adolescent therapy, supervised counseling practice, ethical standards, and applicable regulations.

| School                            | Award Level                                      | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|--------------------------------------------------|------|------|------|------|------|
| Beal University                   | Master's degree                                  |      |      | 0    | 0    | 0    |
| Husson University                 | Master's degree                                  |      | 8    | 13   | 8    | 12   |
|                                   | Postbaccalaureate and post-master's certificates |      |      | 3    | 2    | 3    |
| University of Maine at Farmington | Master's degree                                  | 0    | 4    | 12   | 12   | 20   |

# 42.2805 - School Psychology

**Definition:** A program that prepares individuals to apply clinical and counseling psychology principles to the diagnosis and treatment of student behavioral problems. Includes instruction in child and/or adolescent development; learning theory; testing, observation and other procedures for assessing educational, personality, intelligence and motor skill development; therapeutic intervention strategies for students and families; identification and classification of disabilities and disorders affecting learning; school psychological services planning; supervised counseling practice; ethical standards; and applicable regulations.

| School                       | Award Level      | 2021 | 2022 | 2023 | 2024 | 2025 |
|------------------------------|------------------|------|------|------|------|------|
| University of Southern Maine | Master's degree  |      |      |      |      | 0    |
|                              | Doctor's degrees | 3    | 1    | 2    | 4    | 3    |

# 42.2806 - Educational Psychology

**Definition:** A program that focuses on the application of psychology to the study of the behavior of individuals in the roles of teacher and learner, the nature and effects of learning environments, and the psychological effects of methods, resources, organization and non-school experience on the educational process. Includes instruction in learning theory, human growth and development, research methods, and psychological evaluation.

| School                       | Award Level                                      | 2021 | 2022 | 2023 | 2024 | 2025 |
|------------------------------|--------------------------------------------------|------|------|------|------|------|
| University of Southern Maine | Master's degree                                  | 39   | 87   | 85   | 56   | 44   |
|                              | Postbaccalaureate and post-master's certificates | 3    | 9    | 8    | 6    | 5    |

# 42.2811 - Family Psychology

**Definition:** A program that prepares individuals to provide therapeutic, evaluative, and research services to families and individuals in the family unit context. Includes instruction in natural and family systems theory, family and group rituals, family evaluation and assessment, marital and couples therapy, sex therapy, parenting, interviewing techniques, genogram construction, family sculpting, diversity issues, family violence, family law, and professional standards and ethics.

| School              | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------|-------------------------------------------------|------|------|------|------|------|
| University of Maine | Postsecondary awards, certificates, or diplomas | 6    | 12   | 10   | 6    | 8    |

# 42.2812 - Forensic Psychology

**Definition:** A program that prepares individuals to apply clinical, counseling, school, and neuropsychology skills to the provision of psychological services within the criminal justice and civil legal systems, including consultation, assessment, and interventions. Includes instruction in the epidemiology of mental/behavioral disorders, risk factors for violence and criminality, profiling and patterning, psychological testing, prediction and intervention measurement, forensic assessment, criminal and civil law and procedures, secure environments, forensic treatment and intervention skills, and professional standards and ethics.

| School         | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|----------------|-------------------|------|------|------|------|------|
| Thomas College | Bachelor's degree | 21   | 20   | 11   | 14   | 8    |

# 42.9999 - Psychology, Other

**Definition:** Any instructional program in psychology not listed above.

| School              | Award Level      | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------|------------------|------|------|------|------|------|
| Husson University   | Master's degree  | 6    | 4    | 6    | 7    | 1    |
| University of Maine | Doctor's degrees |      | 2    |      |      |      |

# 44.0701 - Social Work

**Definition:** A program that prepares individuals for the professional practice of social welfare administration and counseling, and that focus on the study of organized means of providing basic support services for vulnerable individuals and groups. Includes instruction in social welfare policy; case work planning; social counseling and intervention strategies; administrative procedures and regulations; and specific applications in areas such as child welfare and family services, probation, employment services, and disability counseling.

| School                              | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |

| University of Southern Maine    | Bachelor's degree  | 33   | 18   | 14   | 16   | 28   |

# 51.0001 - Health & Wellness, General

**Definition:** A program of study that prepares individuals to assume roles as health/wellness professionals in private business and industry, community organizations, and health care settings. Includes instruction in personal health, community health and welfare, nutrition, epidemiology, disease prevention, fitness and exercise, and health behaviors.

| School                            | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|-------------------|------|------|------|------|------|
| Saint Joseph's College of Maine   | Bachelor's degree | 11   | 5    | 8    | 5    | 7    |
|                                   | Master's degree   |      |      | 2    |      |      |
| University of Maine at Farmington | Bachelor's degree |      |      |      | 9    | 10   |

# 51.0201 - Communication Sciences & Disorders, General

**Definition:** A program that focuses on the application of biomedical, psychological, and physical principles to the study of the scientific bases, development, and treatment of speech, language, hearing, and cognitive communication problems caused by disease, injury, or disability. Includes instruction in language science, hearing science, speech and voice science, biology of communication, behavioral linguistics, psychology, and applications to the development of diagnostic and rehabilitative strategies and technologies.

| School              | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------|-------------------|------|------|------|------|------|
| University of Maine | Bachelor's degree | 27   | 26   | 13   | 19   | 19   |
|                     | Master's degree   | 17   | 19   | 17   | 19   | 12   |

# 51.0401 - Dentistry

**Definition:** A program that prepares individuals for the independent professional practice of dentistry/dental medicine, encompassing the evaluation, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity, maxillofacial area, and adjacent structures and their impact on the human body and health. Includes instruction in the basic biomedical sciences, occlusion, dental health and prevention, oral pathology, cariology, operative dentistry, oral radiology, principles of the various dental specialties, pain management, oral medicine, clinic and health care management, patient counseling, and professional standards and ethics.

| School                    | Award Level      | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------------|------------------|------|------|------|------|------|
| University of New England | Doctor's degrees | 64   | 61   | 61   | 63   | 64   |

# 51.0601 - Dental Assisting/Assistant

**Definition:** A program that prepares individuals to provide patient care, take dental radiographs (x-ray photographs), prepare patients and equipment for dental procedures, and discharge office administrative functions under the supervision of dentists and dental hygienists. Includes instruction in medical record-keeping, general office duties, reception and patient intake, scheduling, equipment maintenance and sterilization, basic radiography, pre- and post-operative patient care and instruction, chairside assisting, taking tooth and mouth impressions, and supervised practice.

| School                         | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|--------------------------------|-------------------------------------------------|------|------|------|------|------|
| University of Maine at Augusta | Postsecondary awards, certificates, or diplomas | 1    | 7    | 0    | 0    | 22   |
|                                | Associate's degree                              | 2    | 6    | 2    | 0    | 0    |

# 51.0602 - Dental Hygiene/Hygienist

**Definition:** A program that prepares individuals to clean teeth and apply preventive materials, provide oral health education and treatment counseling to patients, identify oral pathologies and injuries, and manage dental hygiene practices. Includes instruction in dental anatomy, microbiology, and pathology; dental hygiene theory and techniques; cleaning equipment operation and maintenance; dental materials; radiology; patient education and counseling; office management; supervised clinical training; and professional standards.

| School                         | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|--------------------------------|--------------------|------|------|------|------|------|
| University of Maine at Augusta | Associate's degree | 15   | 15   | 16   | 15   | 12   |
|                                | Bachelor's degree  | 7    | 5    | 7    | 9    | 3    |
| University of New England      | Bachelor's degree  | 53   | 54   | 35   | 31   | 36   |

# 51.0706 - Health Information/Medical Records Admin/Administrator

**Definition:** A program that prepares individuals to plan, design, and manage systems, processes, and facilities used to collect, store, secure, retrieve, analyze, and transmit medical records and other health information used by clinical professionals and health care organizations. Includes instruction in the principles and basic content of the biomedical and clinical sciences, information technology and applications, data and database management, clinical research methodologies, health information resources and systems, office management, legal requirements, and professional standards.

| School                    | Award Level                                      | 2022 | 2023 | 2024 | 2025 | 2025 |
|---------------------------|--------------------------------------------------|------|------|------|------|------|
| University of New England | Bachelor's degree                                | 0    |      |      |      |      |
|                           | Master's degree                                  | 1    | 0    | 0    | 0    |      |
|                           | Postbaccalaureate and post-master's certificates | 3    | 9    | 2    | 0    |      |

# 51.0707 - Health Information/Medical Records Technology/Technician

**Definition:** A program that prepares individuals, under the supervision of health information administrators and other professionals, to construct medical records and clinical databases, perform manipulations on retrieved data, control the security and quality of records, and supervise data entry and technical maintenance personnel. Includes instruction in clinical and biomedical science data and information requirements, database management, data coding and validation, information security, quality control, health information content and structure, medical business procedures, and legal requirements.

| School                            | Award Level                                      | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|--------------------------------------------------|------|------|------|------|------|
| Beal University                   | Associate's degree                               | 12   | 8    | 4    | 7    | 1    |
|                                   | Bachelor's degree                                | 1    | 2    | 1    | 3    | 0    |
| Kennebec Valley Community College | Associate's degree                               | 15   | 6    | 7    | 5    | 11   |
| University of Maine at Augusta    | Postsecondary awards, certificates, or diplomas  | 0    | 0    | 0    | 0    | 0    |
| University of New England         | Postbaccalaureate and post-master's certificates |      | 2    |      | 2    | 0    |
| York County Community College     | Associate's degree                               | 1    |      |      |      |      |

# 51.0713 - Medical Insurance Coding Specialist/Coder

**Definition:** A program that prepares individuals to perform specialized data entry, classification, and record-keeping procedures related to medical diagnostic, treatment, billing, and insurance documentation. Includes instruction in medical records and insurance software applications, basic anatomy and physiology, medical terminology, fundamentals of medical science and treatment procedures, data classification and coding, data entry skills, and regulations relating to Medicare and insurance documentation.

| School                            | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |

# 51.0802 - Clinical/Medical Laboratory Assistant

**Definition:** A program that prepares individuals, under the supervision of physicians or laboratory scientists or technologists, to perform waived testing procedures (Clinical Laboratory Improvement Amendments of 1988), phlebotomy, and other duties in support of laboratory teams. Includes instruction in clinical procedures, various laboratory tests, laboratory mathematics, computer technology, equipment operation and maintenance, sterilization and safety, communications skills, and interpersonal skills.

| School                              | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------------------------|--------------------|------|------|------|------|------|
| University of Maine at Augusta      | Associate's degree | 9    | 5    | 4    | 7    | 8    |
| University of Maine at Presque Isle | Associate's degree | 7    | 4    | 4    | 3    | 3    |

# 51.0803 - Occupational Therapist Assistant

**Definition:** A program that prepares individuals, under the supervision of occupational therapists, to direct patient participation in skill-enhancing, learning, and motivational tasks; correct or diminish pathologies; and to provide direct health education and promotion services. Includes instruction in human life span development, occupational therapy principles and practice skills, treatment planning and implementation, record-keeping and documentation, patient education and intervention, activity and program direction, and assistive services management.

| School                            | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|--------------------|------|------|------|------|------|
| Kennebec Valley Community College | Associate's degree | 11   | 7    | 3    | 3    | 9    |
| University of Southern Maine      | Bachelor's degree  |      |      | 0    | 0    | 0    |

# 51.0806 - Physical Therapy Assistant

**Definition:** A program that prepares individuals, under the supervision of a physical therapist, to implement physical therapy treatment care plans, train patients, conduct treatment interventions, use equipment, and observe and record patient progress. Includes instruction in applied anatomy and physiology, behavioral sciences, biomechanics, clinical documentation, clinical pathology, communication, exercise physiology, kinesiology, neuroscience, and professional standards and ethics.

| School                              | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------------------------|--------------------|------|------|------|------|------|
| Kennebec Valley Community College   | Associate's degree | 15   | 14   | 18   | 13   | 15   |
| University of Maine at Presque Isle | Associate's degree | 1    | 12   | 4    | 8    | 0    |

# 51.0901 - Cardiovascular Technology/Technologist

**Definition:** A program that prepares individuals to perform invasive, noninvasive, and peripheral examinations of the cardiovascular system at the request of physicians to aid in diagnoses and therapeutic treatments. Includes instruction in reviewing and recording patient histories and clinical data, patient care, investigative and examination procedures, diagnostic procedures, data analysis and documentation, physician consultation, equipment operation and monitoring, and professional standards and ethics.

| School                           | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|----------------------------------|-------------------------------------------------|------|------|------|------|------|
| Southern Maine Community College | Postsecondary awards, certificates, or diplomas |      | 0    | 0    | 0    | 0    |
|                                  | Associate's degree                              | 10   | 11   | 10   | 12   | 10   |

# 51.0904 - Emergency Medical Technology/Technician (EMT Paramedic)

**Definition:** A program that prepares individuals, under the remote supervision of physicians, to recognize, assess, and manage medical emergencies in prehospital settings and to supervise Ambulance personnel. Includes instruction in basic, intermediate, and advanced EMT procedures; emergency surgical procedures; medical triage; rescue operations; crisis scene management and personnel supervision; equipment operation and maintenance; patient stabilization, monitoring, and care; drug administration; identification and preliminary diagnosis of diseases and injuries; communication and computer operations; basic anatomy, physiology, pathology, and toxicology; and professional standards and regulations.

| School                            | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |

| Eastern Maine Community College   | Postsecondary awards, certificates, or diplomas | 0    | 0    | 0    | 0    | 0    |
|                                   | Associate's degree                              | 2    | 4    | 1    | 0    | 2    |
| Kennebec Valley Community College | Postsecondary awards, certificates, or diplomas | 22   | 9    | 24   | 25   | 26   |
|                                   | Associate's degree                              | 3    | 4    | 5    | 3    | 2    |
| Northern Maine Community College  | Postsecondary awards, certificates, or diplomas | 0    | 0    | 7    | 7    | 13   |
|                                   | Associate's degree                              | 6    | 3    | 3    | 5    | 9    |
| Southern Maine Community College  | Associate's degree                              | 16   | 12   | 11   | 15   | 14   |

# 51.0908 - Respiratory Care Therapy/Therapist

**Definition:** A program that prepares individuals, under the supervision of physicians, to assist in developing respiratory care plans, administer respiratory care procedures, supervise personnel and equipment operation, maintain records, and consult with other health care team members. Includes instruction in the applied basic biomedical sciences; anatomy, physiology, and pathology of the respiratory system; clinical medicine; therapeutic procedures; clinical expressions; data collection and record-keeping; patient communication; equipment operation and maintenance; personnel supervision; and procedures for special population groups.

| School                            | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|--------------------|------|------|------|------|------|
| Kennebec Valley Community College | Associate's degree | 11   | 10   | 6    | 14   | 14   |
| Southern Maine Community College  | Associate's degree | 10   | 12   | 9    | 7    | 11   |

# 51.0909 - Surgical Technology/Technologist

**Definition:** A program that prepares individuals, under the supervision of physicians and surgical nurses, to maintain, monitor, and enforce the sterile field and adherence to aseptic technique by preoperative, surgical team, and postoperative personnel. Includes instruction in instrument and equipment sterilization and handling, surgical supplies management, wound exposure and closure, surgical computer and robot operation and monitoring, maintenance of hemostasis, and patient and team scrubbing.

| School                           | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|----------------------------------|--------------------|------|------|------|------|------|
| Eastern Maine Community College  | Associate's degree | 9    | 8    | 13   | 8    | 9    |
| Southern Maine Community College | Associate's degree | 4    | 1    | 4    | 4    | 6    |

# 51.091 - Diagnostic Medical Sonography/Sonographer & Ultrasound Technician

---

**Definition:** A program that prepares individuals, under the supervision of physicians, to utilize medical ultrasound techniques to gather sonographic data used to diagnose a variety of conditions and diseases. Includes instruction in obtaining, reviewing, and integrating patient histories and data; patient instruction and care; anatomic, physiologic and pathologic data recording; sonographic data processing; sonography equipment operation; and professional standards and ethics.

| School                              | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------------------------|-------------------------------------------------|------|------|------|------|------|
| Maine College of Health Professions | Postsecondary awards, certificates, or diplomas | 2    | 3    | 5    | 2    | 9    |

# 51.0911 - Radiologic Technology/Science - Radiographer

**Definition:** A program that prepares individuals, under the supervision of physicians, to provide medical imaging services to patients and attending health care professionals. Includes instruction in applied anatomy and physiology, patient positioning, radiographic technique, radiation biology, safety and emergency procedures, equipment operation and maintenance, quality assurance, patient education, and medical imaging/radiologic services management.

| School                              | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------------------------|-------------------------------------------------|------|------|------|------|------|
| Eastern Maine Community College     | Associate's degree                              | 8    | 16   | 12   | 12   | 18   |
| Kennebec Valley Community College   | Associate's degree                              | 13   | 11   | 13   | 15   | 16   |

| University of Southern Maine | Postsecondary awards, certificates, or diplomas  | 0    | 1    | 0    | 0    | 0    |
|                              | Bachelor's degree                                | 8    | 10   | 8    | 11   | 6    |
|                              | Master's degree                                  | 14   | 28   | 13   | 14   | 20   |
|                              | Postbaccalaureate and post-master's certificates | 1    | 3    | 3    | 4    | 4    |

# 51.2207 - Public Health Education & Promotion

---

**Definition:** A program that focuses on the application of educational and communications principles and methods to the promotion of preventive health measures and the education of targeted populations on health issues, and prepares individuals to function as public health educators and health promotion specialists. Includes instruction in human development, health issues across the life span, population-specific health issues, principles and methods of public health education, administration of health education campaigns and programs, evaluation methods, public communications, and applications to specific public health subjects and issues.

| School                          | Award Level       | 2024 | 2025 | 2023 | 2024 | 2025 |
|---------------------------------|-------------------|------|------|------|------|------|
| Saint Joseph's College of Maine | Bachelor's degree | 0    | 0    |      |      |      |

# 51.2212 - Behavioral Aspects of Health

**Definition:** A program that focuses on the biological, behavioral, and socio-cultural determinants of health and health behavior, and the interventions and policies aimed at improving community and population health. Includes instruction in behavioral sciences, public health practice and policy, human services, and research methods.

| School              | Award Level                                      | 2023 | 2024 | 2025 | 2024 | 2025 |
|---------------------|--------------------------------------------------|------|------|------|------|------|
| University of Maine | Postbaccalaureate and post-master's certificates | 25   | 13   | 29   |      |      |

# 51.2306 - Occupational Therapy/Therapist

**Definition:** A program that prepares individuals to assist patients limited by physical, cognitive, psychosocial, mental, developmental, and learning disabilities, as well as adverse environmental conditions, to maximize their independence and maintain optimum health through a planned mix of acquired skills, performance motivation, environmental adaptations, assistive technologies, and physical agents. Includes instruction in the basic medical sciences, psychology, sociology, patient assessment and evaluation, standardized and non-standardized tests and measurements, assistive and rehabilitative technologies, ergonomics, environmental health, special education, vocational counseling, health education and promotion, and professional standards and ethics.

| School                       | Award Level      | 2021 | 2022 | 2023 | 2024 | 2025 |
|------------------------------|------------------|------|------|------|------|------|
| Husson University            | Master's degree  | 14   | 58   | 42   | 31   | 16   |
| University of New England    | Master's degree  | 49   | 52   | 52   | 34   | 33   |
| University of Southern Maine | Master's degree  | 37   | 22   | 20   | 27   | 12   |
|                              | Doctor's degrees | 0    | 1    | 4    | 7    | 6    |

# 51.2308 - Physical Therapy/Therapist

**Definition:** A program that prepares individuals to evaluate, examine, diagnose, and alleviate physical functional impairments and limitations caused by injury or disease through the design and implementation of therapeutic interventions to promote fitness and health. Includes instruction in anatomy, behavioral sciences, biology, biomechanics, biophysical agents, care plan development and documentation, cellular histology, clinical evaluation and measurement, clinical reasoning, communication, exercise physiology, kinesiology, neuroscience, pharmacology, pathology, physiology, professional standards and ethics, rehabilitation psychology, and therapeutic exercise.

| School                    | Award Level      | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------------|------------------|------|------|------|------|------|
| Husson University         | Doctor's degrees | 39   | 36   | 34   | 34   | 36   |
| University of New England | Doctor's degrees | 54   | 59   | 60   | 53   | 48   |

# 51.2309 - Therapeutic Recreation/Recreational Therapy

**Definition:** A program that prepares individuals to plan, organize, and direct recreational activities designed to promote health and well-being for patients who are physically, mentally, or emotionally disabled. Includes instruction in the foundations of therapeutic recreation, leisure education and counseling, program planning, therapeutic recreational modalities, basic anatomy and physiology, psychology, medical terminology, human growth and development, patient observation and evaluation, special needs populations, and professional standards and ethics.

| School                              | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |

# 51.2313 - Animal-Assisted Therapy

**Definition:** A program that prepares health and human service professionals to integrate the use of animals into their treatment practices in order to facilitate change in people with mental and physical disabilities. Includes instruction in psychology, psychology of disabilities, animal behavior, animal training, the human-animal bond, integration of animals into therapeutic settings, and ethical and cultural issues.

| School            | Award Level                                     | 2023 | 2024 | 2025 | 2024 | 2025 |
|-------------------|-------------------------------------------------|------|------|------|------|------|
| Husson University | Postsecondary awards, certificates, or diplomas | 5    | 5    | 21   |      |      |

# 51.2314 - Rehabilitation Science

---

**Definition:** A program that focuses on human function, disability, and rehabilitation from the perspectives of the health sciences, social sciences, psychology, engineering, and related fields. Includes instruction in psychological, social, and cultural aspects of disability and rehabilitation; sensory and motor function and dysfunction; biomechanics and kinesiology; assistive technology; rehabilitation instrumentation and methodology; statistics; and health and rehabilitation policy.

| School                            | Award Level       | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------------|-------------------|------|------|------|------|------|
| University of Maine at Farmington | Bachelor's degree | 11   | 13   | 7    | 9    | 8    |

# 51.2706 - Medical Informatics

**Definition:** A program that focuses on the application of computer science and software engineering to medical research and clinical information technology support, and the development of advanced imaging, database, and decision systems. Includes instruction in computer science, health information systems architecture, medical knowledge structures, medical language and image processing, quantitative medical decision modeling, imaging techniques, electronic medical records, medical research systems, clinical decision support, and informatics aspects of specific research and practice problems.

| School                    | Award Level                                      | 2021 | 2022 | 2023 | 2024 | 2025 |
|---------------------------|--------------------------------------------------|------|------|------|------|------|
| University of New England | Bachelor's degree                                | 1    | 0    |      |      |      |
|                           | Master's degree                                  | 18   | 10   | 6    | 8    | 6    |
|                           | Postbaccalaureate and post-master's certificates | 1    | 9    | 4    | 4    | 3    |

# 51.3103 - Dietetic Technician

**Definition:** A program that prepares individuals, under the supervision of registered dietitians and nutritionists, to implement nutritional and dietetic plans and provide direct client and patient services. Includes instruction in human nutrition, client interviewing and record keeping, dietary planning, food preparation and safety, food worker supervision, food service establishment monitoring and inspection, and applicable procedures and regulations.

| School                           | Award Level        | 2021 | 2022 | 2023 | 2024 | 2025 |
|----------------------------------|--------------------|------|------|------|------|------|
| Southern Maine Community College | Associate's degree | 4    | 5    | 6    | 8    | 13   |

# 51.3306 - Holistic/Integrative Health

**Definition:** A program that focuses on the holistic interconnectedness of physical, psychological, social, spiritual, and environmental well-being and that integrates aspects of alternative, complementary, and conventional medicine to alleviate illness and promote, maintain, and optimize wellness. Includes instruction in anatomy and physiology, alternative diagnostic and healing methods, aromatherapy, biofeedback, energy medicine, environmental psychology, ethics, health coaching, herbal medicine, mind-body medicine, mindfulness, nutrition, somatic bodywork, and stress management.

| School                          | Award Level       | 2024 | 2025 | 2023 | 2024 | 2025 |
|---------------------------------|-------------------|------|------|------|------|------|
| Saint Joseph's College of Maine | Bachelor's degree | 0    | 0    |      |      |      |

# 51.3501 - Massage Therapy/Therapeutic Massage

**Definition:** A program that prepares individuals to provide relief and improved health and well-being to clients through the application of manual techniques for manipulating skin, muscles, and connective tissues. Includes instruction in Western (Swedish) massage, sports massage, myotherapy/trigger point massage, myofascial release, deep tissue massage, cranio-sacral therapy, reflexology, massage safety and emergency management, client counseling, practice management, applicable regulations, and professional standards and ethics.

| School                       | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|------------------------------|-------------------------------------------------|------|------|------|------|------|
| Spa Tech Institute-Westbrook | Postsecondary awards, certificates, or diplomas | 81   | 59   | 53   | 49   | 33   |

# 51.3801 - Registered Nursing/Registered Nurse (1/2)

**Definition:** A program that generally prepares individuals in the knowledge, techniques and procedures for promoting health, providing care for sick, disabled, informed, or other individuals or groups. Includes instruction in the administration of medication and treatments, assisting a physician during treatments and examinations, Referring patients to physicians and other health care specialists, and planning education for health maintenance.

| School                              | Award Level                                     | 2021 | 2022 | 2023 | 2024 | 2025 |
|-------------------------------------|-------------------------------------------------|------|------|------|------|------|
| Beal University                     | Associate's degree                              | 74   | 79   | 63   | 86   | 85   |

# Post-Secondary Outcomes Report

---

The Maine Post-Secondary Outcomes, MPSO, report provides information on employment and wage outcomes for Maine workers who graduated from partnering post-secondary institutions. The following data contains median wage outcomes for completers of healthcare-related programs by broad field of study across all credentials at three, five, and seven years after graduation that are currently working full-time in Maine.

This data doesn't include completers who may be working in a different state, part-time or in a non-payrolled structure such as self-employment. This data is collected differently from the completions data that is included in the Healthcare Occupational Data sheets and is only available for the current partnering institutions, the University of Maine System and the Maine Community College System. For more information, visit: <https://www.maine.gov/labor/cwri/mpso/index.html>.
