Budget Initiative Fact Sheet

Office: **MaineCare Services**

Date: **12/13/2011**

Initiative #: **7430 – Consumer Directed Attendant Services**

Account: **0147**

I. Budget Proposal Description:

This initiative proposes to eliminate consumer directed attendant services (MaineCare Benefits Manual, Section 12) as an optional service.

Consumer Directed Attendant Services provide medically necessary services directed by the member such as personal care, care coordination and skills development to MaineCare members age 18 or older and physically disabled.

*User data has changed from SFY '10 to SFY '11 due to enrollment and billing under MIMHS. Previously, in SFY '10 there were local codes that distinguished service rendered and where service was delivered. In the transition to MIMHS we are using HIPAA compliant codes and pulling data based on these codes which includes all services provided.

IV. Program Eligibility Criteria:

- Members meet the medical eligibility requirements if they require a combination of assistance with the required Activities of Daily Living (ADL), as defined in Section 12.03-1(D)

- The member must have a disability with functional impairments that interfere with the member's own capacity to provide self-care and daily living skills without assistance. The member's disability must be permanent or chronic in nature as verified by the member's physician.
- A registered nurse trained in conducting assessments with the Department's approved MED form must conduct the medical eligibility assessment. The assessor must, as appropriate within the practice of professional nursing judgment, consider documentation, perform observations and conduct interviews with the applicant/member, family members, direct care staff, the applicant's/member's physicians and other individuals and document in the record of the assessment all information considered relevant in his or her professional judgment. The following levels of eligibility are determined at assessment:

Level I A member meets the medical eligibility requirements for Level I if he or she requires at least limited assistance plus a one person physical assist with at least two (2) of the following ADLs: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.

Level II A member meets the medical eligibility requirements for Level II if he or she requires at least limited assistance and a one person physical assist with at least three (3) of the following ADLs: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.

Level III A member meets the medical eligibility requirements for Level III if he or she requires at least extensive assistance and a one-person physical assist with two of the following five ADLs: bed mobility, transfer, locomotion, eating, or toileting; and limited assistance and a one-person physical assist with two of the following additional ADLs: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.

- The member must agree to complete initial member instruction and testing within 30 days of completion of the MED form to determine medical eligibility in order to develop and verify that he or she has attained the skills needed to hire, train, schedule, discharge and supervise attendants and document the provision of personal care services identified in the authorized plan of care. Members who do not complete the course of instruction or do not demonstrate to the Service Coordination Agency that they have attained the skills needed to self-direct are not eligible for services under this Section;
- The member must not be residing in a hospital, nursing facility, or Intermediate Care Facility for the Mentally Retarded (ICF-MR) as an inpatient;
- The member must not reside in an Adult Family Care Home (as defined in MaineCare Benefits Manual, Chapters II and III, Section 2,) or other residential setting including a Private Non-Medical Institution (MBM, Chapters II and III, Section 97), sometimes referred to as a residential care facility or supported living, regardless of payment source, (i.e. private or MaineCare);
- The member must not be receiving personal care services under Private Duty Nursing/Personal Care Services, or be receiving any In-home community and support services for elderly and other adults, Section 63, or participating in other MaineCare programs where personal care services are a covered service.
- The member must have the cognitive capacity, as measured on the MED form to be able to "self-direct" the attendant. The ASA will assess cognitive capacity as part of each member's

eligibility determination using the MED findings. The Service Coordination Agency will assess cognitive capacity as part of consumer instruction. Minimum MED form scores are:

1. Decision- making skills: a score of 0 or 1;
 2. Making self-understood: a score of 0, 1, or 2;
 3. Ability to understand others: a score of 0, 1, or 2;
 4. Self-performance of managing finances: a score of 0, 1, or 2; and
 5. Support for managing finances, a score of 0, 1, 2, or 3.
- An applicant not meeting the specific scores above during his or her eligibility determination will be presumed not able to self-direct and ineligible for benefits under this Section.
- Applicants who meet these eligibility criteria for personal care attendant services shall:
 - i. Receive an authorized plan of care based upon the scores, timeframes, findings and covered services recorded in the MED assessment. The covered services to be provided in accordance with the authorized plan of care must not exceed the established limits and must be authorized by the Department or its ASA;
 - ii. The ASA must approve an eligibility period for the member, based upon the scores, timeframes and needs identified in the MED assessment for the covered services, and the assessor's clinical judgment. An eligibility period cannot exceed 12 months;
 - iii. The ASA forwards the completed assessment packet to the Service Coordination Agency of the Member's choice within three business days of the medical eligibility determination and authorization of the plan of care;
 - iv. The Service Coordination Agency must contact the member within 24 hours of receipt of the MED assessment and authorized plan of care. The Service Coordination Agency must implement skills training and coordinate services with the Member as well as monitor service utilization and assure compliance with this policy; and
 - v. The Service Coordination Agency will complete the service plan and initiate skills instruction within 30 days of the medical eligibility assessment date. The Service Coordination Agency will notify the Department, using the transmittal form approved by the Department, when the member has successfully completed this requirement and an attendant has been hired. Provision of attendant services can begin only after the Department is notified that the Member has successfully completed this training and the service plan has been received.

V. Current Budget Proposal:

- 1) Appropriation Increase: \$ -0-
- 2) Appropriation Decrease:

<u>SFY '12</u>	<u>SFY '13</u>
\$ 449,605	2,440,130
- 3) Savings/Reduction Plan: Eliminate this optional coverage eliminating consumer directed attendant services as an optional service.

Services: Care Coordination, Skills Development, Personal Care Services

4) Any contracts impacted? Yes No

VI. Legal Requirements:

Federal – subject to approval of CMS State Plan Amendment. Members and providers must receive notification in advance. Medically necessary services for children are required through EPSDT and may not be eliminated.

Initiative #: 7431 – Targeted Case Management

Account: 0705, 0147

I. Budget Proposal Description:

This initiative proposes to eliminate Targeted Case Management (TCM) (MaineCare Benefits Manual, Section 13) as an optional service. The target groups included in TCM are:

- Adults with developmental disabilities
- Adults with substance abuse disorders
- Adults with HIV
- Members experiencing homelessness

TCM services for children are not proposed for elimination.

IV. Program Eligibility Criteria:

Designated case management agencies shall be responsible for confirming the member's eligibility for case management services. If the individual is not currently receiving MaineCare, he or she will be referred to a district office of the Department of Health and Human Services, Office for Family Independence, to determine eligibility for MaineCare.

Additionally members must meet specific eligibility requirements for the designated target group. In order to receive Targeted Case Management Services, members must meet criteria for one of four target groups. There must be a diagnosis, where a diagnosis is a requirement of the individual Targeted Case Management Eligibility Group. The diagnosis must be rendered, within the scope of the individual's license, by a physician, a physician assistant or an independently licensed clinician (as defined in state statute or rule). Functional limitations must be identified, supported and documented in assessments using accepted standardized instruments that are developmentally appropriate to the members being assessed. Functional limitations may include limitations in; vocational activities, educational activities, instrumental activities of daily living (IADL), social or interpersonal impairment, community activities, self-care, independent living or activities of daily living (ADL).

Members must meet the eligibility criteria for one of the following targeted population groups:

1. **Case Management Services for Adults with one of the following:**

Developmental Disabilities,

An individual is eligible for case management services in this target group if he or she is age 18 or older and meets the eligibility requirements of Title 34B M.R.S.A. §3573, which defines developmental disabilities, or Title 34B M.R.S.A. §6002, which defines autism. A person who has reached his or her 18th birthday and is under age 21 may choose to receive case management services as an adult.

Substance Abuse Disorders

An adult who has an Axis I diagnosis(es) of substance abuse disorder(s) described in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders (DSM) *and* who is currently seeking substance abuse treatment services by a DHHS-approved substance abuse treatment provider; *and* who is pregnant, who is living with his or her minor children, and/or who is an intravenous drug user, *and* who is enrolled in a substance abuse program which receives funding by the Substance Abuse Prevention Treatment Block Grant as provided by 42 U.S.C. section 300x-22(b).

HIV

An adult who is infected with the human immunodeficiency virus (HIV), as determined by a positive HIV antibody or antigen test, or who has a diagnosis of HIV disease or AIDS.

2. **Case Management Services for Members Experiencing Homelessness**

Eligibility requirements: Currently residing or has in the past 90 days resided in an emergency shelter in the State of Maine, *or* does not otherwise have a permanent address, residence, or facility in which they could reside. In addition, an individual must meet ALL of the following:

1. Require treatment or services from a variety of agencies and providers to meet the individual's medical, social, educational, and other needs; *and*
2. Will access needed services only if assisted by a qualified targeted comprehensive case manager who, in accordance with the individual plan of care, locates, coordinates, and regularly monitors the services; *and*

3. The member must meet at least one of the following criteria:
 - A. Is in need of immediate medical care; *or*
 - B. Is in need of an immediate crisis evaluation or mental health assessment to address a behavioral health issue; *or*
 - C. Has a current medical or mental health condition and is at risk of losing or has lost access to medically necessary services; *or*
 - D. Has an immediate need for medications to address an existing medical and/or behavioral health condition; *or*
 - E. Is demonstrating physical or mental impairment such that services are necessary to improve, restore or maintain health and well-being; *or*
 - F. Has experienced immediate or recent trauma and is demonstrating a need for assistance with gaining and coordinating access to necessary care and services appropriate to their needs.

V. Current Budget Proposal:

1) Appropriation Increase: \$ -0-

2) Appropriation Decrease: SFY '12 SFY '13
 \$ 483,652 2,201,640

3) Savings/Reduction Plan: Eliminate targeted case management as an optional service.

Services: Provided by a social services or health professional or other qualified staff, to identify the medical, social, educational and other needs (including housing and transportation) of the eligible member. Services must be identified to meet those needs, and access must be arranged. Case management consists of intake/assessment, plan of care development, coordination/advocacy, monitoring, and evaluation.

4) Any contracts impacted? Yes No

VI. Legal Requirements:

Federal – subject to approval of CMS State Plan Amendment. Members and providers must receive advance notice. Medically necessary services for children are required through EPSDT and may not be eliminated.

State – subject to approval of state rulemaking and changes to statute 22 MRSA §3174-Q.

2) Appropriation Decrease: SFY '12 SFY '13
\$ 410,611 2,225,611

3) Savings/Reduction Plan: Eliminate dental as an optional service.

Services:

- Acute surgical care directly related to an accident where traumatic injury has occurred (this coverage will only be provided for the first three months after the accident),
- Oral surgical and related medical procedures not involving the dentition and gingival, extraction of teeth that are severely decayed and pose a serious threat of infection during a major surgical procedure of the cardiovascular system, the skeletal system or during radiation therapy for a malignant tumor,
- Treatment necessary to relieve pain, eliminate infection or prevent imminent tooth loss and other dental services, including: full and partial dentures, medically necessary to correct or ameliorate an underlying medical condition, if the Department determines that the provision of those services will be cost-effective in comparison to the provision of other covered medical services for the treatment of the condition.

*User data has changed from SFY '10 to SFY '11 due to enrollment and billing under MIMHS. Previously, in SFY '10 there were local codes that distinguished service rendered and where service was delivered. In the transition to MIMHS we are using HIPAA compliant codes and pulling data based on these codes which includes all services provided.

IV. Program Eligibility Criteria:

After an initial visit, podiatric care is currently covered for a member who meets all of the following requirements:

- a. Has any illness, diagnosis or condition that if left untreated may cause loss of function or may risk loss of limb; and

- b. For whom self-care or foot care by a nonprofessional person would be hazardous and pose a threat to the member's condition.

V. Current Budget Proposal:

- 1) Appropriation Increase: \$ -0-
- 2) Appropriation Decrease: SFY'12 SFY'13
 \$ 68,407 370,903
- 3) Savings/Reduction Plan: Eliminate this optional coverage by eliminating podiatry services as an optional service.

- Services: Podiatric Care includes:
- Diagnostic and Treatment Services
 - Bunion Surgery
 - Laboratory and X-Ray Services
 - Orthotic Services
 - Care for Institutionalized Members
 - Supplies and Materials

- 4) Any contracts impacted? Yes No

VI. Legal Requirements:

Federal – subject to approval of CMS State Plan Amendment, federal requirement for member and provider notice. Medically necessary services for children are required through EPSDT and may not be eliminated.

State – subject to approval of state rulemaking and changes to statutes 22 MRSA §3174-Q, 22 MRSA §3173-C and 22 MRSA §3174-FF.

*User data has changed from SFY '10 to SFY '11 due to enrollment and billing under MIMHS. Previously, in SFY '10 there were local codes that distinguished service rendered and where service was delivered. In the transition to MIMHS we are using HIPAA compliant codes and pulling data based on these codes which includes all services provided.

IV. Program Eligibility Criteria:

Adult members age 21 and over) must have an initial evaluation by a physician that documents the member's rehabilitation potential. This requirement will not apply to members with Medicare coverage or other third-party health insurance while meeting a deductible. This requirement will also not apply to members with Medicare coverage or other third-party health insurance until the coverage for chiropractic services by the other payor has been exhausted.

V. Current Budget Proposal:

1) Appropriation Increase: \$ -0-
