SECTION I – INTRODUCTION

The Compendium of State Fiscal Information, updated on an annual basis, provides a summary of the most important fiscal information affecting Maine State Government. It compiles a summary of actual operating revenue and expenditures, descriptions of revenue sources, and summaries of Maine's debt, Maine's Budget Stabilization Fund and Maine's tax burden. The Office of Fiscal and Program Review hopes you find this information useful. Recent additions and changes to this report (see *What's New* at the end of this introduction) as part of efforts to improve its usefulness may result in some questions for those users who may be using this information for historical purposes. Questions regarding conversions of data or suggestions for improvements to this report should be directed to: Office of Fiscal and Program Review, 5 State House Station, Augusta, Maine 04333-0005, Telephone: (207) 287-1635.

Report Layout

This report presents information in 6 different sections. The first section, the *Introduction*, presents an overview of the report and some of the accounting methods used for the data included in this report. The second section, Summary of Major Taxes and Revenue Sources, provides brief summaries of the major taxes and revenue sources. Each summary includes a discussion of the current tax rates, current fees and assessments or a description of the types of revenue included in the category. Each major revenue source includes a table providing a 10year history of the revenue generated. Most of the summaries also include a history providing information on when the tax, fee, or assessment was first adopted and the major amendments affecting that tax, fee, or assessment. The third section, Revenues and Expenditures, provides exhibits detailing revenues and expenditures of Maine State Government by major fund type. The fourth section, Maine's Bonded Debt, includes a summary of Maine's general obligation debt, debt of the Maine Governmental Facilities Authority and other tax supported debt. The fifth section provides a history of the Maine Budget Stabilization Fund (formerly the Maine Rainy Day Fund). Formerly a reserve fund for the prepayment of outstanding bonds or expenditures for major construction, this reserve is now an integral part of the appropriations limitation law. The sixth and final section, State and Local Tax Burdens, provides a history of Maine's taxes per capita and as a percentage of personal income.

Accounting and State Fiscal Year

The information in this report is presented on a budgetary basis, which summarizes all funds as they are recorded on the official accounting system maintained by the Office of the State Controller within the Department of Administrative and Financial Services. (Note: some minor adjustments have been made by the Office of Fiscal and Program Review to correct for certain data entry errors.) Revenue recognition and the amounts included in this report are based on a modified accrual basis of accounting. Revenues are recognized when they become both measurable and available. The major taxes subject to accrual are the individual income tax, sales and use tax and the telecommunications personal property tax. At the end of fiscal year 1999, fuel taxes and, at the end of fiscal year 2000, several additional taxes became subject to accrual. Revenues from other sources are recognized when received and expenditures are recorded when paid. The following table summarizes the major taxes that are subject to accrual and the amounts accrued for the last 5 fiscal years.

Table I-1 Major Revenue Accruals Fiscal Years 2002 - 2006

Maine State Government's fiscal year runs from July 1st to June 30th. References to fiscal year throughout this report will use the year in which the fiscal year ends, i.e., fiscal year 2005 refers to the fiscal year ending June 30, 2005.

Fund Accounting

The normal operations of Maine State Government are recorded and controlled on a fund basis in three major operating funds: **General Fund**, **Highway Fund**, **Other Special Revenue Funds and Federal Funds**. The tables in Section III provide a summary of total revenues and expenditures of these three major operating funds. An additional table has been included in this year's report, which provides a history of expenditures for all funds, see page 76.

General Fund

The General Fund is the primary operating fund of Maine State Government. It receives revenue from general state revenue sources not otherwise accounted for in another fund. The largest sources of revenue are from the Individual Income Tax, Sales and Use Tax, Cigarette Tax and Corporate Income Tax. These four major taxes account for nearly 85% of General Fund revenue. The Graph and Tables on pages 81 to 84 provide a summary of revenues and expenditures of the General Fund.

Highway Fund

The Highway Fund is used to account for revenue derived from excise taxes and license and other fees relating to the registration, operation, and use of vehicles on public highways and from fuel used for the propulsion of these vehicles, with fuel taxes representing nearly two-thirds of Highway Fund revenue. Pursuant to the Constitution of Maine, Article IX, Section 19, this revenue must be used for highway related activities. This revenue is expended primarily within the Departments of Transportation, Public Safety and the Secretary of State (Bureau of Motor Vehicles). The Graph and Tables on pages 86 to 89 summarize the revenues and expenditures of the Highway Fund.

Other Special Revenue Funds

Other Special Revenue Funds receive their revenues from segregated or dedicated sources. The funds are expended by category for special purposes. The State's own source dedicated or special funds are segregated from the Federal Funds for the first time in this report and are referred to in this report as Other Special Revenue Funds. The Fund for a Healthy Maine (whose primary income source is Tobacco Settlement funds) is also included within this grouping. The graph and tables on pages 90 to 94 summarize the revenues and expenditures grouped under Other Special Revenue Funds. The revenue and expenditures of the Fund for a Healthy Maine are also detailed in 2 separate tables on page 94.

Federal Funds

A major source or revenue within the broader definition of Other Special Revenue Funds is derived from the federal government, including federal matching funds and grants. This year's report separates out these Federal Funds (Federal Expenditures Fund and Federal Block Grant Fund) from the State's own source Other Special Revenue Funds. For the purposes of this report, the Federal Expenditures Fund and the Federal Block Grant Fund will be referred to as "Federal Funds." The graphs and tables on pages 95 to 98 summarize the revenue and expenditures of the Federal Funds.

Other Funds

In addition to the three operating funds that are listed above, there are numerous other funds that are used to record specific activities. The *Debt Service Fund* is used to account for issuance of general obligation debt and the use of general obligation debt proceeds as well as the revenue collected for the payment of principal and interest on certain revenue bonds. *Capital Project Funds* are used to account for financial resources used to acquire major capital assets other than those financed by proprietary funds. *Proprietary funds* are used to account for on-going activities supported by fees for goods or services, with *Enterprise Funds* accounting for activities offering goods and services to the general public and *Internal Services Funds*, including *Expendable Trust Funds*, *Non-expendable Trust Funds* and *Agency Funds*, are used to account for assets held by the State acting as a trustee or an agent for individuals, organizations or other funds. The table on page 76 provides a history of expenditures in these "non-operating" funds. Debt Service Funds and Internal Service Funds are included in this exhibit and are sub-totaled separately, but are excluded from the Total State Expenditures to avoid double-counting certain expenditures.

Sources

The information contained in this report was compiled from the following sources:

- State Controller's records and reports;
- State Treasury reports;
- The Maine Revised Statutes Annotated;
- State Planning Office;
- Various state departments and agencies; and
- The U.S. Department of Commerce.

What's New

As noted in several instances in this introduction, this year's Compendium of State Fiscal Information includes several new additions and changes from previous versions of the report which include the following:

- 10-year revenue histories are included in Section II with the descriptions of the major revenue sources;
- A new exhibit is added providing historical data on all State expenditures by fund, in addition to the Operating Fund exhibits; and
- Other Special Revenue Funds in Section III are separated into 2 groups, one for Federal Funds and one for State own-source funds.

As part of the additional effort and analysis required for the 10-year histories, the Office of Fiscal and Program Review identified some additional errors in classification as a result of miscoded entries and adjusted some of the historical data into different categories.

SECTION II – SUMMARY OF MAJOR TAXES AND REVENUE SOURCES

This section contains summaries of the major tax and revenue sources. The summaries identify the tax base for each tax or the persons or entities required to pay each of the major license fees or assessments as of June 30, 2006. For those revenue sources that are not considered taxes, fees or assessments, a discussion or description of the major contributions are provided. The summaries also include a revenue history by fund of these categories. Most of these summaries also include a statutory history showing dates of adoption and the major amendments to the tax, fee or assessment.

INDIVIDUAL INCOME TAX – 36 M.R.S.A Part 8

A tax is imposed for each taxable year on the Maine taxable income of every resident individual, estate and trust of this state. Maine taxable income is based on federal adjusted gross income with several Maine specific adjustments. Nonresident individuals, estates and trusts are subject to tax on income derived from sources within this State. Tax rates are progressive from 2% to 8.5%. Table II-1 on page 7 provides a summary of 2006 individual income tax schedules, personal exemptions and standard deductions. For nonresident individuals, the rate is determined based on taxable income from all sources and applied to Maine sourced income to determine the tax. Tax rates for fiduciaries are the same as those for single individuals.

Withholding of Maine income tax from wages is required of every employer who maintains an office or transacts business in Maine and who makes payment of any wages subject to Maine income tax, whether or not the employee is a Maine resident. Every person who maintains an office or who transacts business in Maine and who makes payment of any other items of income which constitute Maine taxable income is also required to withhold Maine income tax from such payments if federal withholding is required.

Every partnership and S corporation having a resident partner or shareholder or having Maine derived income is required to file an information tax return. Limited liability companies are taxed as partnerships or corporations according to the treatment elected by the company for purposes of the federal income tax.

Revenue Notes – Individual Income Tax – Individual income tax collections accrue to the General Fund. At the end of each month 5.1% (increasing to 5.2% July 1, 2007) of this revenue is reserved for transfer to the Local Government Fund for municipal revenue sharing. The amounts in Other Special Revenue Funds are revenue set aside for reimbursement to contractors/collection agencies under 36 M.R.S.A. §113. Individual income tax revenue began year-end accruals of revenue in fiscal year 1996. The amounts presented above are the gross amounts before the reductions for municipal revenue sharing and the transfers for tax relief programs described below.

History – Individual Income Tax

Adopted 1969. Originally effective on July 1, 1969, for individuals, estates and trusts. Amended numerous times since enactment to alter the tax rates and other provisions. For individuals and fiduciaries, the tax rate brackets, standard deduction and personal exemption were made subject to indexing for inflation beginning in 1983 for each year except tax years 1988 and 1989. For tax years 1992 through 1999 the tax rate brackets and personal exemption were not adjusted for inflation because the inflation factor was less than 1.000. Beginning in 1989, the standard deduction is the same as the federal standard deduction except that for tax years beginning in 2003 and thereafter, federal increases to the standard deduction for married filers were not adopted. Amended in 1998 to increase the personal exemption to \$2,400 in 1998 and \$2,750 in 1999 and indexed in subsequent years. Amended in 1999 to increase the personal exemption to \$2,850 in 2000 and subsequent years and repeal the indexing of the personal exemption.

<u>INDIVIDUAL INCOME TAX – TAX RELIEF PROGRAM TRANSFERS – 36 M.R.S.A.</u> <u>§6203-A & §6656</u>

Beginning in fiscal year 2005, amounts representing the cost of property tax relief payments to individuals under the Maine Residents Property Tax Program (also known as the circuit breaker program) are transferred from individual income tax revenue to the "Circuit Breaker reserve" to pay benefits certified under that program. Prior to fiscal year 2005, benefits were paid from General Fund appropriations for that purpose.

Beginning in fiscal year 2006, amounts representing the cost of business personal property tax reimbursement payments under the Business Equipment Tax Reimbursement (BETR) program are transferred from individual income tax revenue to the "Business Equipment Tax Reimbursement reserve" to pay benefits under the BETR program.

Individual Income Tax – Tax Relief Program Transfers

Revenue Notes – Individual Income Tax – Tax Relief Program Transfers

For budgetary accounting purposes, the transfers to the tax relief programs are deducted from Individual Income Tax revenue prior to the calculation of the transfer to revenue sharing so that these transfers reduce the transfers for municipal revenue sharing by 5.1% of the amount of the gross transfers.

History – Individual Income Tax – Tax Relief Program Transfers

The Circuit Breaker transfer mechanism was enacted by PL 2003, chapter 673, Part BB, effective for fiscal year 2005. The BETR program transfer mechanism was enacted by PL 2005, chapter 12, Part BBB, effective for fiscal year 2006.

CORPORATE INCOME TAX - 36 M.R.S.A. Part 8

A corporate income tax is imposed on all corporations subject to federal income tax and having nexus with Maine with the exception of financial institutions subject to the franchise tax and insurance companies subject to the insurance premium tax. The tax is levied on Maine net income which is federal taxable income as modified by Maine law. In the case of a corporation doing business both within and outside of the State, Maine net income is determined by apportioning the modified federal taxable income according to a formula using payroll, property and sales (double-weighted). The income of mutual fund service providers is apportioned based only on sales. Tax rates are progressive from 3.5% to 8.93% (see table below). A taxable corporation that is a member of an affiliated group operating in a unitary fashion must file a combined report.

Corporate Income Tax

Revenue Notes – Corporate Income Tax

Corporate income tax collections accrue to the General Fund. At the end of each month, 5.1% (increasing to 5.2% July 1, 2007) of this revenue is reserved for transfer to the Local Government Fund for municipal revenue sharing. In fiscal year 2001, the Other Special Revenue amounts reflects the revenue set aside for reimbursement to contractors/collection agencies under 36 M.R.S.A. §113. Corporate income tax revenue began year-end accruals of revenue in fiscal year 2000.

History – Corporate Income Tax

Adopted 1969. Originally effective January 1, 1969. Amended numerous times since enactment to alter the tax rates and other provisions.

FRANCHISE TAX ON FINANCIAL INSTITUTIONS - 36 M.R.S.A. c.819

The franchise tax on financial institutions is imposed annually on every financial institution doing business in Maine that had a substantial physical presence in the State and which at any time during the taxable year realized Maine net income or had Maine assets. Beginning in 2006, financial institutions may choose to pay the franchise tax comprised of two parts: (1) one percent of Maine net income and (2) 8¢ per \$1,000 of Maine assets or to pay franchise tax at the rate of 39¢ per \$1,000 of Maine assets with no assessment based on Maine net income. A financial institution that is a member of an affiliated group operating in a unitary fashion must file a combined report.

Revenue Notes – Franchise Tax on Financial Institutions

The franchise tax on financial institutions is collected as part of the corporate income tax filing process and accrues to the General Fund with 5.1% (increasing to 5.2% July 1, 2007) transferred to the Local Government Fund for municipal revenue sharing. Revenue from this tax is included under Corporate Income Tax. Separate detail is not available.

History – Franchise Tax on Financial Institutions

Adopted 1983. Originally enacted with the corporate income tax (P&SL 1969 c. 154). Financial institutions were taxed at the same rate as corporations until 1984 when the tax was changed to $\frac{1}{2}$ of 1% of Maine net income and 4¢ per \$1,000 of Maine assets. Tax was doubled in 1986. Amended in 1997 and 1998 to clarify definitions, application and apportionment. Amended in 2006 to provide option of tax based solely on Maine assets.

SALES AND USE TAXES - 36 M.R.S.A. CC.211-225

<u>Sales Tax</u> – The sales tax is imposed at the rate of 5% of the sale price on retail sales of tangible personal property and the taxable services of transmission and distribution of electricity, prepaid calling arrangements and long-term automobile rentals or leases; at 7% on temporary rentals of living quarters in hotels, rooming houses, tourist and trailer camps, the sale of liquor by the drink and prepared food; and at 10% on the short-term rental of automobiles. The tax is also imposed on casual sales of motor vehicles, camper trailers, truck campers, livestock trailers, special mobile equipment, boats and aircraft. Sales of new manufactured housing (mobile homes and modular homes) are subject to the 5% tax, usually at 50% of the selling price. Beginning July 1, 2004, other services formerly taxed under the sales tax are taxed under the service provider tax described below.

<u>Use Tax</u> – The use tax is imposed at the same rate as the sales tax on the sale price of tangible personal property and taxable services purchased at retail sale beyond the collection jurisdiction of the State for use, storage or other consumption in Maine, unless substantial (12 months) use was made of the property elsewhere before it was brought to Maine. An exception is made for motor vehicles registered as automobiles that were purchased and actually used in another state before being brought to Maine, if the purchaser was a resident of the other state at the time of purchase. The use tax does not apply to purchases on which Maine sales tax has been paid, and credit is allowed for sales or use tax paid in another jurisdiction up to the amount of the Maine tax.

Sales and Use Tax

Revenue Notes – Sales and Use Taxes

Sales and Use Tax collections accrue primarily to the General Fund. At the end of each month, 5.1% (increasing to 5.2% July 1, 2007) of this revenue is reserved and transferred to the Local Government Fund for municipal revenue sharing. The Other Special Revenue Funds amounts represent transfers to the Passamaquoddy Sales Tax Fund and transfers for collections agency costs pursuant to 36 M.S.R.A. §113. Some small amounts represent adjustments for sales taxes collected by state agencies. Sales and Use Tax revenue began year-end accruals of revenue in fiscal year 1998.

Service Provider Tax

Revenue Notes – Service Provider Tax

Service provider tax revenues from above-listed services 1 to 6 accrue to the General Fund. At the end of each month, 5.1% (increasing to 5.2% July 1, 2007) of this revenue is reserved and transferred to the Local Government Fund for municipal revenue sharing. (See page 12 for more detail on these transfers.) Service provider tax revenues from above-listed items 7 to 11 accrue to Other Special Revenue Funds accounts in the Department of Health and Human Services and are used to fund MaineCare services, with a part of the proceeds of the tax used to replace General Fund appropriations for these purposes. The General Fund portion of the Service Provider Tax has been subject to year-end accrual since its implementation.

History – Service Provider Tax

Enacted in PL 2003, c. 673, Part V effective July 1, 2004. Above-listed services 1 to 6 were formerly taxed under the sales and use tax. Amended in 2005 to include community support services (PL 2005, c. 12, Part VV) and day habilitation services, personal support services and residential training services (PL 2005, c. 386, Part S).

TRANSFERS FOR MUNICIPAL REVENUE SHARING - 30-A M.R.S.A. §5681

Transfers are made on the last day of each month from the General Fund to the Local Government Fund to set aside revenue to be distributed to municipalities to lessen the burdens on local property taxes. Amounts equal to 5.1%, increasing to 5.2% on July 1, 2007, of the taxes collected and credited to the General Fund under Title 36; Parts 3 and 8, the individual income tax, the corporate income tax, the franchise tax on financial institutions, a portion of the service provider tax and the sales and use taxes are transferred. The amounts in the Local Government Fund are distributed to municipalities on the 20th day of each month based on a formula factoring in property tax burden and population. An annual growth ceiling is established for the Local Government Fund equal to \$100,000,000 for fiscal year 2005-06, adjusted for inflation. Amounts exceeding the annual growth ceiling are transferred to the Disproportionate Tax Burden Fund, which is also referred to as "Revenue Sharing II," and distributed to municipalities with property tax mill rates over 10 mills based on a formula factoring in population and the portion of the property tax mill rate that exceeds 10 mills.

State-Municipal Revenue Sharing

Revenue Notes – Transfers for Municipal Revenue Sharing

The General Fund column shows the amounts reserved and netted out of General Fund revenue from individual income tax, corporate income tax, franchise tax on financial institutions, sales and use taxes and a portion of the service provider tax. The Other Special Revenue Funds column shows the amounts transferred to the Local Government Fund. Prior to fiscal year 1999, the amounts in these tables were not equal due to the one-month lag between the reserving of the revenue in the General Fund and the recognition of the revenue in the Local Government Fund. Effective in fiscal year 1999, the State Controller began recording transfers to the Local Government Fund during the same month in which the amounts were reserved in the General Fund. In fiscal year 1999, this represented a one-time increase of revenue to the Local Government Fund of \$15,746,438; the change did not affect the timing or the amount of payments to municipalities. Prior to fiscal year 1999, the difference in any fiscal year is equal to the amount of revenue reserved in June from the "revenue sharing" taxes of that fiscal year compared to the amounts reserved from those same taxes in June of the prior fiscal year. After fiscal year 1999, the difference represents adjustments to prior period revenue that affect these transfers.

History - Transfers for Municipal Revenue Sharing

First implemented by PL 1971, c. 478. For fiscal years 1972 and 1973, the distributions were provided by appropriations of \$2,900,000 and \$3,700,000, respectively. Beginning July 1, 1973, 4% of the collections of the individual income tax, corporate income tax, franchise tax on financial institutions and sales and use taxes were set aside for distribution to municipalities. PL 1981, c. 522, effective July 1, 1983, required in addition to the 4% that \$237,000 of sales and use tax receipts be transferred monthly to the Local Government Fund for municipal revenue sharing. Amended by PL 1983, c. 855 to increase the percentage from 4% to 4.75%, effective June 30, 1984, and to increase the percentage again from 4.75% to 5.1%, effective July 1, 1985. PL 1991, c. 780, part Q, effective August 1, 1992, eliminated the provision requiring the transfer of the \$237,000 per month or \$2,844,000 annually from sales and use tax receipts. The transfers to the Local Government Fund were suspended for 6 months in fiscal year 1992 to achieve approximately \$32.5 million in additional General Fund revenue. This suspension was partially offset by a General Fund appropriation of \$14,400,000 in the same fiscal year. PL 2001, c. 559, Part G postponed to May 1, 2003 the increase to 5.2% originally schedule for January 1, 2003 by PL 2001, c. 439, Part OO. PL 2001, c. 714, Part Y further postponed the increase to 5.2% until July 1, 2005, c. 12, Part E postponed the increase to 5.2% until July 1, 2007. PL 2005, c. 2, Part H rebased the annual growth ceiling on the Local Government Fund.

GROSS RECEIPTS TAX – 36 M.R.S.A. c. 370 (Repealed)

The Gross Receipts Tax was imposed from 1993 through 1996 on all licensed nursing home operations in the State at a rate of 7% of the gross receipts of charges made for nursing facility care. Sales of prepared food by establishments licensed for the on-premise consumption of alcoholic beverages were also subject to the gross receipts tax in lieu of the 7% sales tax imposed on such sales previously when the Gross Receipt Tax was not in effect.

Revenue Notes – Gross Receipts Tax

Gross Receipts Tax collections accrued to the General Fund prior to its repeal on January 1, 1997. Unlike the Sales and Use Taxes, Gross Receipts Tax collections were not subject to the transfers to municipal revenue sharing. Taxes on the sale of prepared food by establishments licensed for the on-premise consumption of alcoholic beverages reverted to a sales tax effective January 1, 1997 and became subject to the transfers to municipal revenue sharing.

History – Gross Receipts Tax

Adopted 1993. The tax was originally enacted by PL 1993, c. 410, Part YY. It was amended by PL 1993, c. 711 to repeal a refundable nursing home care tax credit and establish the Catastrophic Health Expense Program that allowed individuals or trusts acting on behalf of individuals a nonrefundable tax credit equal to 2.7% of the Federal income tax deduction for medical expenses. The Gross Receipts Tax and the Catastrophic Health Expense Program were repealed effective January 1, 1997, pursuant to PL 1995, c. 665, Part E. The sale of prepared food by establishments licensed for the on-premise consumption of alcoholic beverages reverted to a sales tax on the same date the Gross Receipts Tax was repealed.

ESTATE TAX - 36 M.R.S.A. c.575

The Maine estate tax is imposed upon the transfer of the estate of every person who was a Maine resident at the time of death. For deaths occurring before January 1, 2002, the tax is equal to the amount by which the credit allowed against the federal estate tax for state death taxes exceeds the amount of such taxes actually paid to other states, provided that the allowance for such taxes may not exceed that percentage of the federal tax credit which the other states' portion of the estate is to the total estate. Beginning in 2002, the federal estate tax and the federal credit for state death taxes were phased out. The federal credit was reduced to 75% in 2002, 50% in 2003, 25% in 2004 and completely eliminated beginning in 2005. For deaths occurring after 2002, the Maine estate tax is equal to the tax that would be owed using the formula for calculating the federal credit for state death taxes in effective on December 31, 2002 (exclusive of any reduction in the maximum credit amount) and based on the unified credit amount as of December 31 2000, \$1,000,000 in 2006 decedents. A similar tax is imposed on real and tangible personal property having Maine situs passing by reason of the death of a person not a Maine resident, at the same percentage of the federal allowance for state death taxes that the value of the property taxable in Maine bears to the total estate.

Revenue Notes – Estate Tax

Estate Tax collections accrue to the General Fund with the exception of a one-time transfer of \$6,200,000 in fiscal year 1998 to a dedicated account, the Children's Health Reserve Account, that was established by PL 1997, c. 560, Part C. The Estate Tax began year-end accruals at the end of fiscal year 2000.

History – Estate Tax

Adopted 1927. The current Maine estate tax was enacted in 1981 to replace previous estate tax based on federal credit for state death taxes beginning with deaths occurring after June 30, 1986. An additional inheritance tax was phased out between 1981 and 1986. Amended in PL 2001, c. 559, Part GG to calculate Maine estate tax under the formula in effect before federal reductions. Amended in PL 2003, c. 20, Part JJ to extend that treatment through 2004. Amended in PL 2003, c. 673, Part D to extend nonconformity with federal changes.

Revenue from the Cigarette Tax accrues primarily to the General Fund. This tax began year-end accrual of revenue in fiscal year 2000. PL 1997, c. 560, Part A doubled the tax to 37 mills per cigarette or 74¢ per package of 20 and dedicated the revenue to the Tobacco Tax Relief Fund (22 M.R.S.A. §1546) effective November 1, 1997. It also required revenue transfers out of the Other Special Revenue Tobacco Tax Relief Fund to support allocations made to the Tobacco Prevention and Control program within the Department of Health and Human Services and transfers to the General Fund in amounts equal to the budgeted amount of Cigarette Tax revenue in fiscal years 1998 and 1999.

History – Cigarette Tax

Adopted 1941. PL 1941, c. 298, sec. 20 stated that the revenue generated by the tax was appropriated for the payment of old age assistance, less any expenses incurred in assessing the tax. PL 1945, c. 297 provided that the revenue generated from the tax be credited to the General Fund. The table below summarizes the cigarette tax rate changes.

Beginning in fiscal year 2005, the retail license revenue accrues to the General Fund.

History – Cigarette & Tobacco Products License Fees

Adopted 1941. Amended by PL 1985, c. 783 effective June 1, 1986 to add tobacco products distributors license. PL 1995, c. 470 effective September 29, 1995 established the retail license for cigarette and tobacco products with the Department of Health and Human Services, Bureau of Health and set the fee at up to \$25. PL 2001, c. 526 repealed the Bureau of Revenue Services distributor license fees effective July 2, 2002. PL 2003, c. 673, Part CC changed the retail license from a one-time requirement to an annual requirement and increased the maximum fee from \$25 to \$50. PL 2005, c. 12, Part TT repealed the \$50 maximum fee for a retail tobacco license and required the Department of Health and Human Services to establish a sliding-scale license fee based on the relative size of retail tobacco licensees that generates the same total revenue that a \$100 flat fee would generate. Fees are established by rule.

LIQUOR SALES AND OPERATIONS - 28-A M.R.S.A. §88

Up until fiscal year 2004, the selling price of all spirits and fortified wine had been used to produce a state liquor tax which was deposited in the General Fund. The State Liquor Tax was formerly referred to as an Excise Tax on Spirits and was used to recover all liquor-related sales and operations costs of the Bureau of Alcoholic Beverages and Lottery Operations. As described below in more detail, this tax has been largely supplanted by the provisions of 28-A M.R.S.A. §88 which authorized a ten-year year lease with a private entity for the sales and distribution of spirits; this function and revenue source was formerly described and tabulated in the Liquor Taxes section of this report.

In July 2004, the State signed a ten-year lease with a private entity for the sale and distribution of spirits subject to price regulation by the Bureau of Alcoholic Beverages and Lottery Operations. Throughout the term, the private entity is guaranteed a gross profit baseline percentage of 36.8% of aggregate sales. Revenue sharing with the State is determined on a calendar year basis when profits exceed 36.8% at which time an amount equal to 50% of the gross profit overage is transferred to the General Fund.

Liquor Sales and Operations Revenue

Revenue Notes – Liquor Sales and Operation

Through fiscal year 2004, the General Fund revenue in this category represents the net profits from liquor sales and operations of the Bureau of Alcoholic Beverages and Lottery Operations (BABLO) transferred to the General Fund. In fiscal year 2004, the General Fund amount includes a \$75,000,000 lease payment in addition to the transfers from BABLO. Fiscal year 2005 includes an additional \$50,000,000 lease payment.

History – Liquor Sales and Operation

The antecedent to the specific Liquor Tax was originally authorized in 1934 with a tax markup determined by the State Liquor Commission for the sale of spirits and wine by the State. Amended in 1937 to provide a tax at \$2.08 per gallon on spirits and 50¢ per gallon on wine. Amended in 1941 to provide a tax markup of at least 61% which was increased in 1955 to 65%, in 1967 to 75% of the "less carload FOB warehouse price" and in 1994 to 65% of delivered case price. Amended in 1998 to set a list price for spirits and fortified wine that would return an additional \$3,000,000 in General Fund revenue above accepted fiscal year 1999 estimates. Amended in 1999 to set the now-titled Liquor Tax to generate an aggregate amount sufficient to return to the General Fund an amount substantially equal to the amount collected in prior fiscal year. As a means of recovering liquor-related costs for state government, the Liquor Tax has now been largely superseded by PL 2003, c. 20, Part LLL which authorized the State to contract with a private entity for the right to distribute spirits for a period of ten years beginning in fiscal year 2005, subject to price regulation by the Bureau of Alcoholic Beverages and Lottery Operations.

LIQUOR TAXES - 28-A M.R.S.A. Part 4

Up until fiscal year 2004, the selling price of all spirits and fortified wine had been used to produce a state liquor tax which was deposited in the General Fund. The State Liquor Tax was formerly referred to as an Excise Tax on Spirits and was used to recover all liquor-related sales and operations costs of the Bureau of Alcoholic Beverages and Lottery Operations. This tax has been largely supplanted by the provisions of 28-A M.R.S.A. §88 which authorized a ten-year lease with a private entity for the sales and distribution of spirits; this function and revenue source is now separately described and tabulated in the Liquor Sales and Operation section of this report.

In addition to this tax, a premium is imposed at the rate of 30ϕ per gallon on all wine other than sparkling wine (see 28-A M.R.S.A. §1703, sub-§3). The tax on manufacture or importation of hard cider is 25ϕ per gallon with a premium of 10ϕ per gallon.

Liquor Taxes

Revenue Notes – Liquor Taxes

Revenue from Liquor Taxes accrues to the General Fund. The table above provides detail for each of the Liquor Excise Taxes and Premium Taxes. Revenue pertaining to operating costs and sales generated by the specific Liquor Tax and the subsequent leasing agreement with a private entity for the distribution of spirits are now included in the Liquor Sales and Operation section of this report.

History – Liquor Taxes

The antecedent to the specific Liquor Tax was originally authorized in 1934 with a tax markup determined by the State Liquor Commission for the sale of spirits and wine by the State. Amended in 1937 to provide a tax at \$2.08 per gallon on spirits and 50¢ per gallon on wine. Amended in 1941 to provide a tax markup of at least 61%, which was increased in 1955 to 65%, in 1967 to 75% of the "less carload FOB warehouse price" and in 1994 to 65% of delivered case price. Amended in 1998 to set a list price for spirits and fortified wine that would return an additional \$3,000,000 in General Fund revenue above accepted fiscal year 1999 estimates. Amended in 1999 to set the now-titled Liquor Tax to generate an aggregate amount sufficient to return to the General Fund an amount substantially equal to the amount collected in prior fiscal year. As a means of recovering liquor-related costs for state government, the Liquor Tax has now been largely superseded by PL 2003, c. 20, part LLL, which authorized the State to contract with a private entity for the right to distribute spirits for period of 10 years beginning in fiscal year 2005, subject to price regulation by the Bureau of Alcoholic Beverages and Lottery Operations.

The tax on manufacture or importation of malt liquor was originally enacted in 1933 at 5 $1/3\phi$ per gallon, \$1.24 per barrel or varying rates per case based upon the number and volume of bottles per case. Amended in 1969 to remove wine from state sale and markup and impose tax at the same level in the distribution process as for malt liquor. A tax on manufacture and importation of wine at distribution level was enacted in 1969. A tax specific to fortified wine was enacted in 1993 at a rate of \$1 per gallon. A tax specific to low-alcohol spirits was enacted in 1991 at a rate of \$1 per gallon.

The alcohol premium was enacted in 1981 on spirits at the rate of $62 \frac{1}{2} \phi$ per gallon, malt liquor at the rate of 5ϕ per gallon, table wines at the rate of 15ϕ per gallon and sparkling wine at the rate of 12ϕ per gallon. The premium was doubled in 1986. A premium tax for low-alcohol spirits was added in 1991 and fortified wine was added in 1993, both at a rate of 24ϕ per gallon. Premium revenue was originally dedicated to alcohol prevention, education and treatment. Revenue was undedicated in 1990. 28-A M.R.S.A. §1703, subsection 5 requires an appropriation to the Office of Substance Abuse equal to premium revenues.

LIQUOR LICENSE FEES – 28-A M.R.S.A. Part 3

In addition to the collection of beer and wine excise taxes, the Department of Public Safety collects a variety of license fees related to the selling and serving of alcoholic beverages. The Bureau of Liquor Enforcement regulates the operation of licensed premises and licenses approximately 6,000 liquor establishments and 300 agency stores. Table II-2 on the next page provides a comprehensive list of all fees collected by the Bureau of Liquor Enforcement. In addition to the fees listed in Table II-2, the bureau charges a \$10 filing fee for all applications.

INSURANCE REGULATORY ASSESSMENTS AND FEES – 24-A M.R.S.A. §§237 & 601 & 24 M.R.S.A. §2332

Every insurance company or health maintenance organization licensed to do business in this State is subject to an annual assessment by the Bureau of Insurance. The assessment, not to exceed 0.2% of direct premiums written for any biennial period, is in proportion to the direct gross premium written on business in this State during the year ending December 31st immediately preceding the fiscal year for which an assessment is made. Similarly, every nonprofit hospital or medical service organization and nonprofit health care plans licensed to do business in the state is also assessed by the Bureau of Insurance. These annual assessments are based on subscription incomes and are not to exceed 0.015% of subscription income for any biennial period. The proceeds from each assessment process are used to support the costs of the Bureau of Insurance. There is a minimum assessment of \$100.

In addition to the Insurance Regulatory Assessment, the Bureau of Insurance is also authorized to assess a number of other license, application, filing and other miscellaneous fees related to its regulation of the insurance industry. The current fee schedule is available from the Office of Fiscal & Program Review or from the Department of Professional and Financial Regulation website (http://www.maine.gov/pfr/insurance/company/retaliatory_statement.htm).

WORKERS' COMPENSATION INSURANCE ASSESSMENTS - 39-A M.R.S.A. §154

Each insurance company or entity that is authorized to write workers' compensation policies in this State and that either does business or collects premiums or assessments pays an annual assessment to the Workers' Compensation Board Administrative Fund which provides funding for the board's administrative and operating costs. Assessments for insurance carriers are based on payroll times the filed manual rate times the employer's current experience modification factor, if applicable. The only deductible credits that may be included in the calculation are for the \$1,000 and \$5,000 indemnity deductible and the \$250 and \$500 medical deductible per 24-A M.R.S.A. \$2385 and \$2385-A.

The assessment is levied by the Workers' Compensation Board by May 1st of each year. The assessment is collected from employers by certain insurance companies beginning on July 1st of each year. Those insurance companies which have an estimated annual payment of more than \$50,000 may pay the assessment on a quarterly basis on or before the last day of January and April, the 25th day of June and concluding on the last day of October. All insurance companies are required to file an adjusted annual return by September 15th for the previous fiscal year. Insurance companies with an annual assessment estimate of less than \$50,000 are required to pay the entire assessment by June 1st of each year. Self-insured employers must pay the assessment on or before June 1st.

The assessments determined by the Board must be distributed between insurance companies or associations and self-insured employers in direct proportion to the pro rata share of disabling

cases attributable to each group for the most recent calendar year for which data is available. By law, the assessments may not be designed to produce more than a set amount for any one fiscal year. In fiscal year 2006, the assessment cap was set at \$8,525,000.

Assessments collected exceeding the assessment cap by a margin of more than 10% must be refunded to those who paid the assessment. Any amount collected above the board's allocated budget and within the 10% margin must be used to create a reserve of up to ¹/₄ of the board's annual budget. Any collected amounts or savings above the allowed reserve must be used to reduce the assessment for the following fiscal year.

Finance Industry Fees and Assessments

Revenue Notes – Finance Industry Fee & Assessments

The revenue generated by the Office of Securities, with the exception of the fees for renewal of securities agents and investment adviser representatives accrues as General Fund revenue. All other fees and assessments on the finance industry, except the Franchise Tax on Financial Institutions, which is included in the Corporate Income Tax, accrue as dedicated revenue to the Bureau of Financial Institutions.

History – Finance Industry Fees & Assessments

Fees pertaining to the Maine Consumer Credit Code were first authorized by PL 1973, c. 762. Since that time, the statutorily established fees have been increased a number of times. The assessment on financial institutions was first authorized in 1923 by PL 1923, c. 144; annual assessments were fixed at \$2.50 for every \$100,000 of assets held by the financial institution. Under PL 1975, Chapter 500, the rate of assessment was changed to at least 7¢ for each \$1,000 of average deposits, which was subsequently changed to at least 6¢ for each \$1,000 of average assets. Bureau of Financial Institution's rulemaking set the assessment for financial institutions at 7¢ for each \$1,000 of total average assets. Effective January 18, 2004, assessments for limited purpose banks that predominately engage in the business of a nondepository trust company was set by rule at 6¢ for each \$10,000 of assets subject to assessment. Office of Securities rulemaking reduced the annual renewal fee for agents from \$40 to \$30 effective November 23, 2003. PL 2003, c. 673, Part RRR increased the fee for most securities registration filings from \$500 to \$1,000 effective August 1, 2004. PL 2005, c. 12, Part KKKK, increased initial and renewal license fees for broker-dealers to \$250, renewal license fees for investment advisers to \$200, and initial license fees for agents and investment adviser representatives to \$50 effective June 29, 2005. The Maine Uniform Securities Act, PL 2005, c. 65, Part A, effective December 31, 2005, set licensing fee caps and granted the Securities Administrator rulemaking authority to set fees with the caps. With the exception of the investment adviser representative annual renewal fee, which was lowered to \$30 effective December 31, 2005, Office of Securities rulemaking set the fees at the same level that existed under the prior securities act.

Hospital Assessments and Taxes

Revenue Notes – Hospital Assessments and Taxes

When first adopted in 1991, hospital assessment revenue was dedicated to support Medicaid costs. Although the original assessment was repealed in 1998, revenue continued to be collected primarily from outstanding tax liabilities. Effective July 1, 2001, all revenue collected under the original assessment must accrue to the General Fund. All revenue from the one-time fiscal year 2003 tax also accrued to the General Fund. Of the \$3,795,726 in General Fund revenue from this source for fiscal year 2003, \$3,509,865 was collected from the new one-time hospital tax, and \$285,861 from collections of outstanding tax liabilities from the original assessment. General Fund collections for fiscal years 2004 and 2005 reflect outstanding tax liabilities from these assessments.

The current hospital tax, effective in fiscal year 2004 accrues as dedicated revenue to support hospital and other MaineCare programs. However a portion of the proceeds of the tax replaced General Fund appropriations for these purposes.

History - Hospital Assessments and Taxes

Adopted in 1991. A hospital assessment was established by PL 1991, c. 528, Part Q and c. 591, Part Q for hospital payment years ending during or after fiscal year 1992 at a rate of 6% of each hospital's gross patient service revenue limit. State operated hospitals were initially exempt from this assessment. PL 1995, c. 368, Part RR amended the assessment for hospital payment years that end in fiscal year 1998 to reduce the rate from 6% to 3.56%. PL 1995, c. 665, Part L amended the assessment to include state hospitals. PL 1997, c. 24, Part T amended the assessment for hospital payment years that end in fiscal year 1998 to increase the rate from 3.56% to 5.27%; due to the effective date of the legislation, the rate of 3.56% was never in effect. The assessment was repealed June 30, 1998 by PL 1995, c. 368, Part RR. Following the repeal, PL 2001, c. 358, Part N authorized a transfer of the balance of dedicated revenue as of June 30, 2001 to the General Fund effective July 1, 2001 and required all remaining revenue to accrue to the General Fund. A one-time assessment for fiscal year 2003 was established in PL 2001, c. 714, Part NN. This 0.135% tax was assessed on hospital gross patient services revenue for hospital payment years ending in fiscal year 2000.

The current hospital tax was added in PL 2003, c. 513 and amended in PL 2003, c. 673. The current hospital tax is distinct from the hospital assessment repealed in 1998 and the one-time hospital assessment in effect for fiscal year 2003.

For the state fiscal year beginning on July 1, 2003 a tax equal to 0.74% of hospital net operating revenue was imposed. For the state fiscal year beginning July 1, 2004, the tax was increased to 2.23% of hospital net operating revenue for the hospital's fiscal year that ended during calendar year 2002. For the state fiscal year beginning July 1, 2005, the hospital's taxable year was the hospital's fiscal year that ended during calendar year 2002. For the state fiscal year 2003. For the state fiscal year was the hospital's fiscal year that ended during calendar year 2003. For the state fiscal year that ended during calendar year 2004.

Telecommunications Personal Property Tax

Revenue Notes – Telecommunications Personal Property Tax

Revenue from this tax accrues to the General Fund. Through fiscal year 1999, that portion of the revenue from these tax collections not associated with the prepayment was recognized as revenue in the year in which the taxes are levied, although not payable until June 1st of the next fiscal year. The portion of the revenue associated with the prepayment is accounted for on a cash basis in the year that it is paid. With the elimination of the prepayment and the change of the payment date, all revenue from this tax is accrued and recognized as revenue in the same fiscal year as the assessment.

History – Telecommunications Personal Property Tax

Adopted in current form in 1987. Originally enacted as a property tax on telephone and telegraph property in 1883. Changed to a tax on gross receipts in 1901. Expanded in 1986 (PL 1985, c. 651) to cover telecommunications. Replaced in 1987 (PL 1987, c. 507) with a tax on telecommunications personal property at the rate of 21 mills in

1988 and 27 mills thereafter. Amended by PL 1991, c. 121 to add a prepayment of ½ of the subsequent year's tax by June 1st. Amended by PL 1999, c. 731, Part W and PL 1999, c. 732 Part H to eliminate the prepayment and to change the payment date to August 15th. PL 1999, c. 731, Part W also implemented a phased-in reduction of the rate from 27 mills to 26 mills for 2004 assessments, 25 mills for 2005 assessments, 24 mills for 2006 assessments, 23 mills for 2007 assessments, 22 mills for 2008 assessments, 21 mills for 2009 assessments and 20 mills for assessments made in 2010 and subsequent years. PL 2001, c. 559, §H-1 delayed each phased-in reduction by one year.

Public Utilities Assessments

Revenue Notes – Public Utilities Assessments

The revenue generated by the Public Utilities Commission assessment, the Electric Conservation Programs assessment, the Solar Energy Rebate Program assessment and the Public Advocate assessment accrue as dedicated revenue.

History - Public Utilities Assessments

Adopted in 1979. Original Public Utilities Commission assessment was established by PL 1979, c. 427 at no more than .2% of intrastate gross operating revenues of each regulated utility with total annual revenues not to exceed \$150,000. Amended several times since to increase the percentage of intrastate gross operating revenues and to increase the maximum annual revenues. The assessment for the Office of the Public Advocate was adopted in 1989 by PL 1989, c. 571, Part A and was limited to no more than \$189,000 in fiscal year 1990 with a repeal date of June 30, 1990. Amended several times since to increase the amount of the assessment. PL 1997, c. 424 amended the Public Advocate Assessment to remove the specific dollar amount and fiscal year references and authorized the assessment at a level sufficient to support the legislative allocations for the Public Advocate in any given fiscal year. PL 2001, c. 28 §1 authorized the Public Advocate to utilize unexpended funds in excess of 10% of the total annual assessment authorized that were carried forward at the end of fiscal years 2001 and 2002 instead of reducing the utility assessment.

The Conservation Program Fund was created in 2002 by PL 2001, c. 624. Revenues for this fund are generated by an assessment on transmission and distribution utilities. The current level of the assessment is not to exceed 0.145 cent per kilowatt hour established by PL 2005, c.459.

The Solar Energy Rebate Program Fund was created in 2005 by PL 2005, c. 459 and was reallocated by Revisor's Report 2005, c.1, section 17. Revenues for this fund are generated by an assessment on transmission and distribution utilities. The current level of the assessment is not to exceed 0.005 cent per kilowatt hour. PL 2005, c. 459. The Solar Energy Rebate Program and Fund statute, 35-A M.R.S.A. section 3211-C, is scheduled to be repealed on December 31, 2008, see PL 2005, c. 459.

The Maine Universal Service Fund (MUSF) was authorized in 1998 by PL 1997, c. 692. Providers of intrastate telecommunications services are currently assessed approximately \$8.1 million per year to fund the Maine Universal Service Fund pursuant to Chapter 288 of the Public Utilities Commission's rules. In 2004, PL 2003, c. 553 created the Communication Equipment Fund and directed the Public Utilities Commission to transfer money from the Maine Universal Service Fund to fund the Communication Equipment Fund. In 2005, PL 2005, c. 131 authorized the Public Utilities Commission to require contributions to the Maine Universal Service Fund to support public interest pay phones. In 2005, PL 2005, c. 305 authorized the Public Utilities Commission to require contributions to the Maine Universal Service Fund to support telecommunications relay services. In 2005, PL 2005, c. 336 authorized the Public Utilities Commission to require contributions to the Maine Universal Service Fund to support telecommunications to the Maine Universal Service Fund to support energy alert telecommunication service through a transfer of funds from the Maine Universal Service Fund to the Communication Equipment Fund. In 2006, Resolves 2005, c. 141 directed the Public Utilities Commission to allocate funds from the Maine Universal Service Fund to an one-time basis to assist Federally Qualified Health Centers conduct a needs assessment and apply for federal funding.

The Telecommunications Education Access Fund was authorized in 1996 by PL 1995, c. 631. The Public Utilities Commission is currently authorized to collect from Maine telecommunications carriers an amount up to 0.7% of retail charges for telecommunications services provided in the State by PL 2005, c. 251.

<u>E-9-1-1 SURCHARGE – 25 M.R.S.A. §2927</u>

A surcharge is authorized to be levied on each residence and business telephone exchange line, including private branch exchange (PBX) lines and Centrex lines, cellular or wireless telecommunications service subscribers and semi-public coin and public access lines. This surcharge is limited to not more than 25 lines or numbers per customer billing account. The revenue generated by the surcharge is used to support the implementation, operation and management of a statewide emergency E-9-1-1 telephone system and is administered by the Emergency Services Communication Bureau within the Public Utilities Commission.

As noted above, this revenue is dedicated to support a statewide E-9-1-1 system.

History – E-9-1-1 Surcharge

Adopted in 1994. The E-9-1-1 surcharge was established by PL 1993, c. 566 at a rate of 2ϕ per month per line beginning on August 1, 1995. PL 1995, c. 672 continued the surcharge at 2ϕ until August 1, 1996 when it was increased to 20ϕ per month per line. The surcharge was increased by PL 1997, c. 409 to a rate of 32ϕ per month per line or number effective on August 1, 1998. The surcharge was repealed effective September 18, 1999 through a sunset provision included in PL 1997, c. 409. PL 1999, c. 651 reinstated the E-9-1-1 surcharge effective April 10, 2000 at a rate of 32ϕ per month per line or number. PL 2001, c. 439 Part EEEE increased the surcharge to 50ϕ per month per line or number until 90 days following adjournment of the First Regular Session of the 121^{st} Legislature, after which it returns to 32ϕ per month per line or number. PL 2003, c. 359 repealed the return to 32ϕ per month per line or number and retained the 50ϕ surcharge per month per line or number.

REAL ESTATE TRANFER TAX - 36 M.R.S.A. c. 711-A

A tax is imposed on each deed that transfers title to real property in the state or on the transfer of a controlling interest in an entity with a fee interest in real property in the state at the rate of \$2.20 for each \$500 or fractional part of the value of the real property. There are certain exemptions. Of the total tax, $\frac{1}{2}$ is imposed on the grantor and $\frac{1}{2}$ is imposed on the grantee. Ninety percent of the tax collected during the previous month is forwarded by each Registrar of Deeds to the State Tax Assessor. The remaining 10% is retained by the county and accounted for as reimbursement for services rendered in collecting the tax. Of the 90% that is forwarded to the State, $\frac{1}{2}$ of the revenue attributable to the transfer of title to real property is credited to the Maine State Housing Authority's Housing Opportunities for Maine (H.O.M.E.) Fund, an Other Special Revenue program established by 30-A M.R.S.A. §4853. The remainder is credited to the General Fund. In fiscal years 2004 through 2007, \$7,500,000 of the portion that would ordinarily be credited to the H.O.M.E. Fund is credited to the General Fund. Beginning July 1, 2002, transfers of controlling interests in entities owning real property are subject to the same tax on the value of the real property owned. After the deduction of 10% county share, the remaining 90% of proceeds from the tax on the transfers of controlling interests accrues to the General Fund.

Real Estate Transfer Tax

Revenue Notes – Real Estate Transfer Tax

As noted above, the Real Estate Transfer Tax accrues to the General Fund and to the H.O.M.E. Fund. Year-end accrual of the Real Estate Transfer Tax began at the end of fiscal year 2000.

History – Real Estate Transfer Tax

The Real Estate Transfer Tax was originally established by P& S 1967, c. 154. Originally enacted as 36 M.R.S.A. c. 712 which was repealed and replaced by c. 711-A. The tax applied to the transfer of title to real property at a rate of \$1 for transfers between \$251 and \$500 and 55¢ for each \$500 or fraction thereof, payable by the grantee. Ninety percent of the total revenue collected was forwarded to the State for deposit in the General Fund and the remaining 10% was retained by the county. PL 1975, c. 572 repealed and replaced those provisions with a Real Estate Transfer Tax at a rate of 55¢ for each \$500 or fraction thereof, payable by the grantor. Eighty-five percent of the total revenue was forwarded to the State for deposit in the General Fund and the remaining 15% was retained by the county. The tax was amended by PL 1983, c. 859 to increase the rate of the tax from 55¢ to \$1.10 per \$500 and to change the distribution of total revenues to 90% state and 10% counties. PL 1985, c. 381 amended the tax to make both the grantee and grantor subject to the tax and to distribute the 90% of total revenue forwarded to the State evenly between the General Fund and the H.O.M.E. fund.

The distribution of the 90% of total revenue forwarded to the State has been amended several times. PL 1991, c. 591, Part P, PL 1991, c. 622, Part K, PL 1993, c. 6, Part D, PL 1993, c. 410, Part C, PL 1995, c. 368, Part K, PL 1997, c. 24, Part C and PL 1997, c. 759 all modified the distribution between the General Fund and the H.O.M.E. Fund. PL 2001, c. 439, Part XXX provided for a transfer of up to \$200,000 of the General Fund portion of revenues to the Community Forestry Fund. PL 2001, c. 559, Part I repealed the Community Forestry Fund transfer provisions and added transfers of controlling interests to the tax beginning July 1, 2002. Revenue generated by the transfer of controlling interests is credited to the General Fund and is not subject to distribution to the H.O.M.E. fund. Most recent changes to distribution of the State's share include PL 2003, c. 20, Part V, PL 2005, c. 12, Part H, which amended the distribution for fiscal years 2004 through 2007 to provide that the General Fund portion of the 90% paid to the State is \$7,500,000 plus 50% of the remaining revenue and PL 2005, c. 644 which amended the distribution in fiscal year 2007 to provide a General Fund share of \$7,687,067 plus 50% of the remaining revenue.

UNORGANIZED TERRITORY TAXES - 36 M.R.S.A. c. 115

<u>The Unorganized Territory Educational and Services Tax</u>. The Unorganized Territory Educational and Services Tax is levied upon non-exempt real and personal property located in the Unorganized Territory Tax District as of April 1st of each year for the purpose of funding municipal-type services in the unorganized territory. The Unorganized Territory Tax District includes all of the unorganized territory of the State of Maine. The tax is computed and apportioned on the basis of the State Tax Assessor's determination of the value of the property. The tax rate is calculated to raise the municipal cost component and the unorganized territory's portion of the county tax. The municipal cost component is the cost of funding services in the Unorganized Territory Tax District that would not be borne by the State if the Unorganized Territory Tax District were a municipality. The municipal cost component is comprised of the following categories of services provided for the Unorganized Territory: fiscal administration; land use regulation; property tax assessment; county reimbursement for services; education; forest fire protection; and general assistance. The Legislature determines the municipal cost component for the next fiscal year. The State Tax Assessor computes the mill rates for the Unorganized Territory Educational and Services tax and the county tax.

Revenue from this tax is credited to the Unorganized Territory Educational and Services Fund which is used to reimburse the State and county governments for the cost of providing municipal services in the Unorganized Territory and to pay the county tax.

<u>Other Unorganized Territory Taxes</u>. The State also collects excise taxes in the Unorganized Territory on motor vehicles, watercraft and aircraft. These revenues are distributed to counties quarterly and applied toward the cost of municipal-type services.

Unorganized Territory Taxes

Revenue Notes – Unorganized Territory Taxes

General Fund amounts above reflect amounts transferred to the General Fund each year as reimbursement for the General Fund costs of the municipal cost component. The Other Special Revenue Funds include 3 primary categories. The first, "Unorganized Territory Taxes," includes the amounts collected for the municipal cost component. A portion of the amount is retained by the State for certain administrative costs within the Department of Audit and Maine Revenue Services. The remainder is the county taxes collected by the State and distributed to the counties. The third category, "Other Unorganized Territory Taxes," are the excise taxes on motor vehicles, watercraft and aircraft, which are distributed to the counties quarterly.

Enacted in 1978 by PL 1977, c. 698. Administrative provisions amended by PL 1985, c. 458.

COMMERCIAL FORESTY EXCISE TAX - 36 M.R.S.A. c. 367

This tax is assessed at a fixed amount per acre against owners of more than 500 acres of forested land in the State. The tax funds 40% of the costs of the State's forest fire protection activities. The tax is determined by the State Tax Assessor from information provided and certified by the Commissioner of the State Department of Conservation. That information includes the current fiscal year's appropriations and allocations for and anticipated revenues from forest fire protection. It also includes adjustments based on the preceding fiscal year's actual expenditures and revenues from forest fire protection.

Commercial Forestry Excise Tax

Revenue Notes – Commercial Forestry Excise Tax

Revenue from the Commercial Forestry Excise Tax accrues to the General Fund.

History - Commercial Forestry Excise Tax

Adopted in 1985, c. 514, to replace the "Forest Fire Suppression Tax" (which, in turn, replaced the Forest District Tax formerly in the Unorganized Territory and selected adjoining towns and plantations). For fiscal year 1986, the tax assessment was determined by dividing \$9,827,150 by the total number of adjusted acres of commercial forestland, rounded to the nearest 1/10 of a cent and multiplying by the number of adjusted acres owned by each taxpayer. For fiscal years 1987-1995, the tax raised 50% of the costs of forest fire suppression; for fiscal year 1996, 45% of the costs; and for fiscal year 1997 and thereafter 40% of the costs.

SPRUCE BUDWORM MANAGEMENT TAX – 12 M.R.S.A. §8427

There is established a Spruce Fir Forest Protection District consisting of land which has been accepted for silvicultural treatment designation under 12 M.R.S.A. §8424. Lands submitted remain under the jurisdiction of the Act for five years. Persons owning parcels of forest land within the Spruce Fir Forest Protection District are subject to pre-project and post-project excise taxes for the privilege of owning and operating such forest land. The pre-project excise tax is computed by multiplying the ratio of the planned spray acres for each landowner to the total planned spray acres for all landowners controlling 1% or more of the spray acres in the project by the total project cost. The post-project excise tax is designed to raise 90% of the state cost of each year's program form the owners of forest land actually sprayed, and 10% from all taxable acres in the Spruce Fir Forest Protection District. The amount of the post-project excise tax

payable by each landowner is reduced by the amount of the pre-project excise taxes payable for the calendar year.

With the decline of the spruce budworm populations in the mid-1980's, no new acreage was submitted to the District. There are presently no parcels enrolled in the District. Although there is no immediate need for this mechanism, the Act remains in effect.

Revenue Notes – Spruce Budworm Management Tax

Revenue from the Spruce Budworm Management Tax accrues as dedicated revenue to the Department of Conservation. This tax has not generated or affected revenue collections since 1989.

History – Spruce Budworm Management Tax

Enacted by PL 1975, c. 764, initially the Spruce Budworm Management tax was established at 37¢ per applicable softwood acre in 1978; 38¢ per softwood acre in 1979 and 18.5¢ per mixed wood acre in 1978 and 19¢in 1979. Amended by PL 1979, c. 545 to change the tax per softwood acre to 37¢ for 1978, \$1.24 for 1979 and 35¢ for 1980 and 1981; the tax per mixed wood acre was changed to 62¢ for 1979 and 17.5¢ for 1980 and 1981. Amended by PL 1979, c. 737 to delineate a pre-project excise tax of \$1.45 per softwood acre for 1980 and 1981 and 72.5¢ per mixed wood acre for 1980 and 1981, PL 1979, c. 737 established a pre-project and post-project tax structure in which the total amount collected is based largely on current costs.

GASOLINE TAX - 36 M.R.S.A. c. 451

An excise tax is imposed upon internal combustion engine fuel sold or used within this State. Beginning July 1, 2003, the rate is indexed annually for inflation. Tax rates are provided in Table II-3 on page 44. Refund of the gasoline tax paid (less 1¢ per gallon) is provided for fuel used in commercial motor boats, tractors used for agricultural purposes, vehicles used on rail and tracks or in stationary engines or in mechanical or industrial arts. Fuel used for these purposes is subject to the 5% use tax if the gasoline tax is refunded. Full refund is provided for certain common carrier passenger service vehicles.

SPECIAL FUEL TAX - 36 M.R.S.A. c. 459

An excise tax is imposed on the sale or use of distillates (diesel fuel) and on low energy fuel (such as propane, methane and butane) at rates based on British Thermal Unit rating compared to gasoline when such fuel is used in an internal combustion engine for the generation of power to propel motor vehicles of any kind or character on the public highways or turnpikes of this State. The tax is normally paid by the supplier and is refundable to the user (less one cent per gallon) when special fuel is purchased for off-highway use. Fuel used for these purposes is subject to the 5% use tax if the fuel tax is refunded. Full refunds are provided for certain common carrier passenger service vehicles. Beginning July 1, 2003, the rate of tax on distillates is indexed for inflation. (Tax rates are provided in Table II-3 on page 44.)

Motor carriers using special fuel in interstate or intrastate commerce within Maine are liable for a road use tax equivalent to the Maine tax on motor fuels. Maine is a member of the International Fuel Tax Agreement (IFTA). IFTA is a compact among the states and Canadian provinces for the reporting and payment of motor carrier fuel taxes. Motor carriers make a single quarterly fuel tax report covering travel in all IFTA jurisdictions. The carriers receive credit for motor fuel taxes paid in any IFTA jurisdiction, and pay or are refunded the net difference for all jurisdictions between fuel taxes owned and those paid. The carrier's home (or base) state transmits the appropriate data and tax payments monthly to all IFTA jurisdictions.

Special Fuel Tax

Revenue Notes – Special Fuel Tax

Revenue collected from the special fuel tax accrues to the Highway Fund. Year-end accruals of the Special Fuel Tax began in fiscal year 1999.

History – Special Fuel Tax

Enacted effective October 1, 1983 at the rate of 14¢ per gallon on distillates and 13¢ per gallon on low energy fuels. Increased on July 1, 1988 to 19¢ per gallon on distillates and 15¢ per gallon on low energy fuels. Increased on April 1, 1989 to 20¢ per gallon on distillates and 16¢ per gallon on low energy fuels. The special fuel tax replaces the "Use Fuel Tax" that was adopted in 1941. The tax on low-energy fuel increased from 16¢ to 18¢ per gallon effective July 17, 1991 and temporarily on July 8, 9, and 10, 1991. The tax on distillates and low energy fuel was increased to 23¢ and 21¢ per gallon, respectively, effective August 1, 1999. Effective October 1, 2000, the tax on low energy fuels was decreased to rates ranging from 12.5¢ and 19.1¢ per gallon depending on the fuels BTU rating compared to gasoline. PL 2001, c. 688 provided for indexing the tax rate on distillates beginning July 1, 2003. PL 2005, c. 677 established that the tax rate for distillates containing 2% or more of biodiesel fuel is 20¢ and that that rate would be repealed 90 days after the adjournment of the First Regular Session of the 123rd Legislature.

² For reporting periods beginning on September 1, 2006, the tax rate for diesel fuel containing at least 2% biological component is 0.200.

³CNG (Compressed Natural Gas). The tax rate is applied to every 100 cubic feet. The tax rate on all other fuels is based on each gallon.

AERONAUTICAL FUEL TAXES - 36 M.R.S.A. §§ 2903, 2910

Aeronautical gasoline tax sold for use in propelling piston engine aircraft is subject to the gasoline tax and is taxed at the same rates as other gasoline. The tax is refundable to the user, less 4 cents per gallon. Fuel used for this purpose is subject to the sales tax if the fuel tax is refunded.

Fuel used for propelling jet or turbojet engine aircraft in domestic flights is subject to an excise tax of 3.4 cents per gallon and is exempt form the sales and use tax. Jet fuel used in international flights is exempt from both the jet fuel tax and the sales and use tax.

Aeronautical Fuel Taxes

Revenue Notes – Aeronautical Fuels Taxes

Revenue from the aeronautical fuel taxes accrued to the General Fund until October 1, 2005, when these taxes accrued to the State Transit, Aviation & Rail Transportation Fund, which is an enterprise fund and not an operating fund.

History – Aeronautical Fuels Taxes

Aeronautical gasoline tax was enacted effective July 2, 1931 by PL 1931, c. 239. This law required distributors to keep a record of sales of gasoline used for aeronautical purposes as well as to provide a refund mechanism of three quarters of the tax for those who requested a refund within 9 months from the date of purchase. Prior to PL 1931, c. 239, the sale of aeronautical gasoline was subject to the gasoline tax. PL 1947, c. 349 §4-A changed the refund to 1/3 of the tax if used for the purpose of operating an aircraft. PL 1955, c. 436 changed the rate of refund to 3/7 of the tax. PL 1969, c. 426 changed the rate of refund to ½ of the tax. PL 1971, c. 529 changed the rate of refund to 5/9 of the tax. PL 1983, c. 94 changed the rate to 4¢ per gallon.

Aeronautical jet fuel tax was enacted, effective August 4, 1988, pursuant to PL 1987, c. 798. This law established a 3.4¢ a gallon excise tax on jet fuel used by turbine-powered aircraft providing commercial air service in the state. This excise tax replaced a 5% sales tax per gallon used previously by the State Tax Assessor.

MOTOR VEHICLE & OPERATOR'S LICENSE FEES – 29-A M.R.S.A. cc. 5-7

The Secretary of State oversees the administration of the various motor vehicle registrations and operator's licenses. All fees collected by the Secretary of State from motor vehicle registration and operator's license accrue to the Highway Fund, except that a portion of the fees and

contributions collected for Conservation plates, lobster plates, Black Bear plates and University of Maine System plates accrue as dedicated revenue to be used for special purposes and a portion of excise taxes on nonresident fees accrues to the General Fund. Table II-4 on pages 47 to 49 summarizes the fees collected for motor vehicle registrations and operator's licenses including driver education licensing fees. (Also see the website of the Department of the Secretary of State (http://www.maine.gov/sos/bmv/index.html)).

Motor Vehicles and Operator's License Fees

Revenue Notes - Motor Vehicle & Operator's License Fees

Revenue collected from Motor Vehicle & Operator's License Fees accrue primarily to the Highway Fund. The General Fund revenue recorded as Motor Vehicle & Operator's License Fees is primarily from excise taxes on nonresident motor vehicles, driver's license restoration fees and vehicle arbitration fees. The revenue collected in Other Special Revenue Funds recorded as Motor Vehicle & Operator's License Fees includes revenue generated from Conservation and University of Maine System plates and, until fiscal year 2003, revenue from operating authority fees for the mandatory insurance program for motor carriers that accrue to the Transportation Safety Fund. As of fiscal year 2003, the aforementioned revenue from operating authority fees accrues to the Highway Fund. Other Special Revenue Funds revenue in this category also includes revenue generated by the Municipal Excise Tax Reimbursement program.

History - Motor Vehicle & Operator's License Fees

Motor vehicle fees were first implemented in 1905. Amended numerous times since then to add new fees and modify existing fees.

HUNTING AND FISHING LICENSE FEES – M.R.S.A. Title 12, Part 13

The Department of Inland Fisheries and Wildlife collects a wide variety of hunting and fishing related licensing fees. In addition to the hunting and fishing license fees, the department collects revenue from other sources such as the Gasoline Tax, ATV, Snowmobile and Watercraft fees, as well as fine revenue. Most of the revenue collected by the department is deposited into the General Fund. Article IX, section 21 of the Maine Constitution requires that the amount of funds appropriated to the department in any fiscal year may not be less than the total amount of revenues collected by the department in that same fiscal year. Table II-5 on the next page provides a list of the hunting and fishing license fees collected by the Department of Inland Fisheries and Wildlife. Also see the website of the Department of Inland Fisheries and Wildlife at (http://www.maine.gov/ifw).

ENVIRONMENTAL PROTECTION FEES – 38 M.R.S.A.

The Department of Environmental Protection is authorized to collect a wide variety of licensing and assessment fees. Most of these fees are dedicated to particular programs from which they are generated. These various fees have been divided into three major revenue categories. They are Oil Transfer Fees, Environmental License Fees, and Other Miscellaneous Fees.

Oil Transfer Fees

Oil Transfer Fees category accrue to the Groundwater Oil Cleanup Fund and the Maine Coastal and Inland Surface Cleanup Fund. Revenues for the Groundwater Oil Cleanup Fund are derived from fees on petroleum products including fees on the transfer of oil products at marine oil terminal facilities, fees on the over-the-road/over-the-rail transportation of oil and the receipt of annual underground tank registration fees. This fee is not assessed on petroleum products that are exported from this State. The fund provides money for response to spills, clean-up of sites contaminated by leaking underground storage tanks and restoration of contaminated water supplies. The balance in the fund is limited to \$12,500,000 and the Personal Services expenses of required staff may not exceed \$3,700,000 annually, subject to a 4% annual adjustment. Funding for the Main Coastal and Inland Surface Oil Clean-up Fund is derived from fees on the transportation of oil into Maine via the Portland Pipeline, marine oil terminal facilities, the over-the road/over-the-rail transportation of oil and interest earned on the fund balance. This fund provides money for the personnel and equipment required for responding to surface oil spills as well as the

cost of the removal of the discharges and the restoration of contaminated water supplies. There is a statutory cap on the fund balance of \$6,000,000. When the cap is reached, the assessment of fees is discontinued. The fund is the major "insurance" pool to enable the State to respond to surface water oil spills, including those which may be catastrophic.

Environmental Licensing Fees

The Environmental Licensing Fees revenue category consists of revenue from fees established for the licensing and compliance programs for land, air, water and solid waste control activities.

Other Environmental Fees

This category includes the collection of fees from the registration of underground petroleum fuel storage tanks, recoveries of clean up costs from responsible parties, the generation of hazardous waste on site and the generation of hazardous waste off site, a transport fee for hazardous waste and a fee on waste oil.

A complete list of all fees charged by the Department of Environmental Protection is on file at the Office of Fiscal and Program Review or may be accessed at the Department of Environmental Protection's website (http://www.maine.gov/dep/feesched.pdf).

Environmental Protection Fees

Revenue Notes – Environmental Protection Fees

Revenue collections of the Department of Environmental Protection primarily accrue as dedicated revenue to programs within the department. Fees received from an operator licensing program for wastewater treatment plants were deposited by the department in the General Fund until January 1, 2006. After that date, the Joint Environmental Training Coordinating Committee, a component of the New England Interstate Water Pollution Commission, began receiving these fees and administering the licensing program through a memorandum of understanding with the department.

History – Environmental Protection Fees

The first instance of pollution licensing fees appears to have been a \$50 fee charged for a water discharge license administered by the Sanitary Water Board; PL 1945, c. 345. Numerous adjustments have taken place and new fees have been established since 1945. PL 2005, c. 157 establishes a one-time fee of up to \$350 for general permit coverage for industrial storm water discharges. This fee authority terminated on September 30, 2006. PL 2005, c. 602 established an annual fee of up to \$300 for general permit coverage for industrial storm water discharges pursuant to the waste discharge laws. PL 2005, c. 491 assessed an annual \$35 registration fee on above ground

motor fuel storage tanks that have underground piping. PL 2005, c. 549 adjusted fees for the transport and disposal of hazardous waste, eliminated the disparity between the fee charged for the transport of waste within Maine and waste transported into Maine from another jurisdiction and authorized the Board of Environmental Protection to assess a fee for registration of biomedical waste generators.

RECYCLING ASSISTANCE FEE - 36 M.R.S.A. c. 719

A recycling assistance fee is imposed on the retail sale of new tires and new lead-acid batteries at the rate of \$1.00 each. The fee is applied in the same manner as sales and use tax except that municipal revenue sharing is not deducted from the revenue collected by this fee. An exclusion, exemption or credit provided in the sales and use tax law also applies the recycling assistance fee. Retailers responsible for collecting and remitting sales and use tax are also responsible for collecting and remitting the recycling assistance fee. New tires and new lead-acid batteries purchased out-of-state for use within the State are also subject to the recycling assistance fee. All revenues are dedicated to the Maine Solid Waste Management Fund that is used to fund recycling programs for municipalities (administered by the State Planning Office) and the solid waste regulatory activities of the Department of Environmental Protection.

The State collects a commission on live harness racing, race track simulcasting and off-track betting on horse racing. The commission for intrastate pools is 18% on regular wagers and 26% on exotic wagers. The commission on interstate common pools is the amount established by the State where the wager is pooled. Amounts collected as commissions are distributed among the General Fund, the Sire Stakes Fund, the Off-Track Betting Simulcast Fund, the Stipend Fund, and the Harness Racing Promotional Fund or retained by or returned to race tracks and off-track betting facilities.

The General Fund revenue reflects a small amount of revenue generated by license fees for harness horse racing. The Other Special Revenue Funds amounts reflect the amounts accruing to the various dedicated accounts.

History – Pari-Mutuel Revenue

Adopted 1935. Amended several times to adjust the percentage take-outs on types of wagers and the percentages of distribution to the various funds. Amended in 1995 to increase the Agricultural Fair Stipend to \$400,000. In 1997, the cap on wagers for the Commercial Meet Stipend Fund was increased from \$33.5 to \$35 million.

RACINO REVENUE – 8 M.R.S.A. c. 31

"Racino" revenue is collected from slot machines which are currently authorized to be located on the premises of one commercial racetrack in Bangor and from various licensing and registration fees that are levied upon the private entities that own and operate the slot machines. Under current law (8 MRSA §1036), 1% of the gross slot income (the amount collected from slot machine players) is distributed to the General Fund as well as 3% of the net slot machine income (the amount that is distributed to the owner and various governmental purposes after paybacks to the winning players). In addition, 8 MRSA §1036 also requires that 61% of the remaining net slot machine income be distributed to the slot machine operator and that the remaining 36% be distributed to state entities in the following manner: 10% to the Fund for Healthy Maine; 10% to Purse Supplements; 4% to the Fund to Encourage Racing at Commercial Tracks; 3% to the Sire Stakes Fund; 3% to the Agricultural Fair Support Fund; 2% to the Fund to Stabilize Off-Track Betting; 2% to the University of Maine Scholarship Fund; 1% to scholarship funds for the Maine Community College System and 1% to Resident Municipalities. As required by the provisions of 8 M.R.S.A §1018, the following registration and licensing fees are deposited into the General Fund: A \$100 initial and annual registration fee for registered slot machines; \$200,000 for initial application fee for slot distributor license with an annual renewal fee of \$75,000; \$200,000 for initial application fee for slot machine operator license with an annual renewal fee of \$75,000 plus a fee determined by rule; \$2,000 annual application fee for gambling services vendors and \$250 for the initial application fee for employee license with an annual renewal fee of \$25.

PL 2005, c. 11 and PL 2005, c. 663 also implemented some additional technical amendments.

LOTTERY REVENUE - 8 M.R.S.A. c 14-A & c. 16

Revenue from the sales of lottery tickets, net of the costs of administering the lottery and the set aside of funds for prizes, is transferred to the State as General Fund revenue. In addition to its own instant ticket games, the Maine Lottery participates with the New Hampshire and Vermont lotteries as a member of Tri-State Lottery Compact. The Maine Lottery is also a member of the Powerball Multistate Lottery. Pursuant to Title 12 M.R.S.A., Chapter 714, the Maine Lottery also administers a wildlife lottery game to raise funds for the Maine Outdoor Heritage Fund. Maine Law (Title 8 M.R.S.A., §387) requires that at least 45% of sales must be returned to the players in the form of prizes. The actual distribution of lottery revenue in fiscal year 2006 was as follows:

62.4% -	Prizes
7.2% -	Agent Commissions
5.1% -	Vendor Fees
0.3% -	Other Cost of Goods Sold
2.7% -	Lottery Operating Expenses
22.0% -	Transfer to General Fund

REVENUE FROM FEDERAL GOVERNMENT

This category of revenue includes funds received from the Federal Government. The largest portion of these revenues occurs in Other Special Revenue Funds which include the Federal Expenditures Fund and the Federal Block Grant Funds. Revenue received from the Federal Government is usually segregated using these funds. However, there are some situations where the General Fund and the Highway Fund record revenue from the Federal Government. For example, the Department of Corrections receives federal funds for the housing of federal prisoners at both adult and juvenile facilities. These funds are deposited as General Fund revenue to offset General Fund expenditures. Other institutions receive federal funds from the school nutrition program and credit the receipt as General Fund revenue, again to reimburse General Fund expenditures.

Revenue From Federal Government

REVENUE FROM LOCAL GOVERNMENTS

This category of revenue includes most funds paid by municipal and county governments to the State. In the General Fund, most of this revenue results from payments by county governments, except in fiscal years 2003, 2004 and 2005 when the General Fund received intergovernmental payments from municipalities related to municipally funded hospitals. In Other Special Revenue Funds, the majority of this revenue is received by the Department of Public Safety and the Department of Transportation. The Department of Public Safety collects revenue from both municipalities and counties for contractual services provided by the State Police. The Department of Transportation also collects revenue from municipalities for the municipal share of project costs.

REVENUE FROM PRIVATE SOURCES

Revenue items included under this category are those cash receipts from individuals that are not otherwise classified. The largest portion of these revenues is related to Child Support Collections, which primarily accrue to Other Special Revenue Funds and represent the bulk of the revenue collected under this category. Child Support collections also accrue as General Fund revenue to offset General Fund expenditures for certain programs within the Department of Health and Human Services.

The other major component under this category of General Fund revenue is Old Age Survivors and Disability Insurance payments, resulting from federal benefit payments to an eligible dependent child in the care or custody of the Department of Health and Human Services.

Tobacco settlement payments, which were previously included in this category, have been separated into their own category.

TOBACCO SETTLEMENT PAYMENTS

This revenue category within the Fund for a Healthy Maine represents the on-going Tobacco Settlement Payments (TSP) from tobacco manufacturers under the Master Settlement Agreement (MSA), including the initial payments that were approximately \$16 million per year but ended in fiscal year 2003. Under the MSA, there are numerous adjustments that affect the annual payment. These include the inflation adjustment and volume adjustments. These adjustments are national and are forecast by the markets. Global Insights uses econometric models to project the TSP's. This year, the participating manufacturers have entered into significant factor proceedings under the MSA. Manufacturers withheld payments in April 2006 representing contested 2003 market share shifts from participating manufacturers to non-participating manufacturers (NPM). The amount withheld from the April 2006 payment was less than originally assumed because one manufacturer did not withhold payments as a result of the proceedings.

Revenue Notes – Tobacco Settlement Payments

Revenue from Tobacco Settlement Payments accrues to the Fund for a Healthy Maine, which is considered a separate fund by the Legislature, but is included in Other Special Revenue Funds in the State's accounting system. For fiscal year 2001, \$11,094,948 was allocated to the Trust Fund for a Healthy Maine, and \$11,099,592 was transferred to the Trust Fund. The Trust Fund was subsequently repealed and the balance net of investment losses (\$10,512,055) was transferred to the General Fund.

SERVICE CHARGES FOR CURRENT SERVICES

This revenue category includes all charges such as rent or leases of land or buildings or copying fees. It also includes the revenue generated by the sale of books, maps and other miscellaneous items. In the General Fund and Other Special Revenue Funds, a large portion of the revenue is attributable to reimbursement for care provided at the State's mental health and mental retardation facilities. This category also includes the classification of "Miscellaneous Income" which is used by departments and agencies for any number of reasons. For example, the Department of Health and Human Services uses "Miscellaneous Income" in the General Fund revenue to age certain accounts receivable. The Department of Public Safety is also a substantial contributor under this category with revenue resulting from special services provided upon request. This category also includes some application fees and exam fees that are associated with some of the license fees categorized under more specific headings such as Professional and Occupational Fees.

CONTRIBUTION AND TRANSFERS FROM OTHER FUNDS

This revenue classification is used to record contributions and transfers between state funds. The major source in this category for the General Fund is the annual transfer from the Office of the State Treasurer as the administrator of the Uniform Unclaimed Property Act. Unclaimed property is turned over to the State Treasurer and the funds are deposited into the Unclaimed Property Fund. At the end of each fiscal year, amounts in excess of \$500,000 in that fund are transferred to the General Fund. Major transfers from the General Fund to Other Special Revenue Funds include the transfer to the Maine Clean Elections Fund beginning in fiscal year 1999 and the transfer to the Maine Milk Pool beginning in fiscal year 2006.

STATE COST ALLOCATION PROGRAM REVENUE

A charge is made against certain Highway Fund, Federal Funds, Other Special Revenue Funds, Internal Service Funds and Enterprise Funds expenditures. These expenditures include Personal Services and All Other expenditures, except grants and pensions and exclude Capital Expenditures. The charge is made as a percentage assessment of actual expenditures. The percentage assessment represents an equitable distribution of the indirect benefits received by all fund sources from General Fund supported central service agencies in accordance with the Federal Office of Management and Budget Circular A-87. This revenue accrues to the General Fund. The Highway Fund amounts reflect revenue that offsets the expenditures made for the operations and maintenance associated with certain buildings and grounds.

In fiscal year 2006, \$500,000 was transferred to the Office of Information Services Internal Service Fund for the partial payment toward the implementation of the new accounting system. This one-time transfer was approved retroactively by PL 2007, c. 1.

SALES AND COMPENSATION FOR LOSS OF PROPERTY

This includes revenue generated from the sale of assets (buildings, land, automobiles and equipment) and insurance settlements. Revenue accrues to General Fund, Highway Fund, Other Special Revenue Funds or other funds based on which fund's balance sheet the asset/property is recorded. In the General Fund Table, the largest portion of this revenue comes from the sale of automobiles. For the Highway Fund, the sale of land and automobiles comprise the bulk of the revenue under this category. For Other Special Revenue Funds, a significant portion of the revenue accrues to the Bureau of Public Lands within the Department of Conservation from the sale of timber harvested on public lands.

FINES, FORFEITS AND PENALTIES

This revenue category includes all revenue, collected primarily by the Judicial System, related to fines and penalties. This category also includes certain collection expenses of Maine of Revenue Services as well as some fines and penalties collected directly by other agencies. Interest and penalties for the late payment of taxes are not included. These penalties and interest are classified with the tax associated with the collection. While most fines are undedicated revenue accruing to the State's General Fund, there are some instances where the fine and penalty revenue accrue to other funds. Fines from certain traffic infractions accrue to the Highway Fund or as Other Special Revenue for certain fines assessed against motor carriers. The courts also collect several surcharges of fines, forfeitures and penalties that are recorded under this class of revenues. Most of these surcharges accrue as dedicated revenue under Other Special Revenue Funds and are designated for specific uses.

The Treasurer of State is authorized to deposit money in the State Treasury with any national bank or in any banking institution, trust company, state or federal savings and loan association or mutual savings bank organized under the laws of this State or having a location in the State. The Treasurer is also authorized, when there is excess money in the State Treasury that is not needed to meet current obligations, to invest those amounts in bonds, notes, certificates of indebtedness or other obligations of the United States and its agencies and instrumentalities that mature in no more than 36 months or in collateralized repurchase agreements that mature within the succeeding 12 months, prime commercial paper, tax-exempt obligations and corporate bonds rated "AAA" that mature in no more than 36 months, banker's acceptances or so-called "no-load" shares of any investment company registered under the federal Investment Company Act of 1940 as amended that comply with Rule 2a-7 guidelines and maintain a constant share price. The interest earned on those investments must be credited to the respective funds with certain exceptions. Interest earned on Other Special Revenue Funds accrues to the General Fund unless specifically designated otherwise in the Revised Statutes. Interest earned on funds of the Department of Inland Fisheries and Wildlife is credited to the General Fund.

History – Earnings on Investments

PL 1957, c. 320 first provided that interest earned on Highway Fund balances be credited to the Highway Fund and that interest earned on the other two funds (i.e., the General Fund and special revenue funds) be credited to the General Fund. Amended by PL 1969, c. 583 such that earnings of the Department of Inland Fisheries and Wildlife funds would be credited to the General Fund and considered in lieu of any office rental charges made by the General Fund. Amended by PL 1983, c. 588 so that earnings on Inland Fisheries and Wildlife funds would be credited to the Inland Fisheries and Wildlife Fund. Amended by PL 1983, c. 588 so that earnings on Inland Fisheries and Wildlife funds would be credited to the Inland Fisheries and Wildlife Fund. Amended by PL 1991, c. 622 to require that interest on funds of the Department of Inland Fisheries and Wildlife must be credited to the General Fund and to require that interest earned on investments of the Highway Fund be credited to the General Fund. Amended by PL 1995 c. 368 to require that Highway Fund investment earnings be credited to the Highway Fund.

REVENUE FROM MAINE TURNPIKE AUTHORITY – 23 M.R.S.A. c. 24

The Maine Turnpike Authority provides funds to the Highway Fund as reimbursement for interchange and connecting road work performed by the Department of Transportation. The Authority also provides funding to the State Police as dedicated revenue for the costs associated with Maine Turnpike enforcement activities of the State Police. In addition, beginning in fiscal year 2004, the Authority provides funds to the Highway Fund as reimbursement for administrative overhead costs incurred by the enforcement activities of the State Police.

Revenue Notes – Revenue from Maine Turnpike Authority

Revenue recorded as Highway Fund revenue represents reimbursements for amounts incurred by the Department of Transportation in the maintenance and improvements to Maine Turnpike interchanges and connecting roads. In fiscal year 1996, the Maine Turnpike Authority agreed to pay \$34,000,000 as an advance payment for the estimated costs of \$4,700,000 annually scheduled from fiscal year 1998 through fiscal year 2005 (see PL 1995, c. 504, Part C). Other Special Revenue Funds reflect the amounts received as dedicated revenue to the State Police.

SECTION III - REVENUES AND EXPENDITURES

This section provides 5-year histories of the revenue and expenditures of all Operating Funds of the State. As noted in the introduction and as depicted in the graph below, these operating funds make up the vast majority of State spending. The additional expenditures in several other funds that are included in the table below represent expenditures from Enterprise Funds and Trust and Agency Funds. When reporting on total state expenditures, Internal Service Funds and all Bond Funds are not included. For Internal Service Funds, funds that are funded by charges assessed for services provided to other state agencies, the inclusion of these expenditures in total state expenditures would double count expenditures. The fees charged for the services show as expenditures, but the debt service costs associated with the issued bonds are included in operating funds when the principal and interest payments are due. Table ALL-I on the following page provides a 5-year history of all state expenditures, including the internal service funds and bond funds, which are excluded from the total to avoid double counting expenditures.

² Internal Services Funds account for the provision of goods and services by one department or agency to others departments or agencies of the State, or to other governmental units, on a cost-reimbursement basis.

STATE CONTINGENT ACCOUNT

The State Contingent Account is a General Fund account. The resources of the account are replenished at the close of each fiscal year by transfers from the General Fund up to a maximum amount for any fiscal year, currently \$350,000. The Governor may allocate funds from this account for a number of specific purposes including "emergencies," see detail in 5 M.R.S.A. \$1507. A separate statement is required in the State Controller's official report to detail all transfers made from this account. (The expenditures from the State Contingent Account are included in total General Fund expenditures in the fiscal year in which they are expended.)

History - State Contingent Account

PL 1985, c. 759, increased annual cap to \$675,000 in fiscal year 1987 and \$600,000 in fiscal years thereafter. PL 1987, c. 816, Part N, effective June 30, 1988, increased annual cap to \$1,350,000 beginning in fiscal year 1989 to provide an additional \$750,000 for Job Development Training. PL 1993, c. 410, Part OOO provided General Fund appropriations of \$1,000,000 annually in fiscal years 1994 and 1995 to the State Contingent Account for the training fund for job retention to bring the total amount available to the State Contingent Account to \$2,350,000. PL 1995, c. 464, sections 1 and 2 repealed the authority to transfer year-end balances to the State Contingent Account effective July 1, 1997 and instead authorized the Governor to request a maximum General Fund appropriation of \$2,350,000 per year. PL 1995, c. 665, Part DD authorized the transfer of up to \$2,000,000 in fiscal year 1997 from the State Contingent Account, job development training to the Governor's Training Initiative Program. PL 1997, c. 24, Part C, restored the authority to transfer year-end balances to the State Contingent Account, effective for the close of fiscal year 1997 and thereafter, but capped the amount at \$350,000. At the end of each fiscal year the Governor may request a General Fund appropriation to bring the total available in the State Contingent Account to a maximum of \$2,350,000. PL 2005, c. 12, Part CC effective June 29, 2005 added a provision that authorizes the Governor to access any funds available to the State, up to a maximum of \$750,000 if funds remaining in the State Contingent Account are not sufficient to address an emergency expense as authorized by 5 M.R.S.A. §1507, sub-§4. \$600,000 was transferred pursuant to the authority in fiscal year 2005 and \$750,000 was transferred in fiscal year 2006.

SECTION IV – SUMMARY OF BONDED DEBT

This section provides historical data regarding Maine's general obligation debt and other taxsupported debt, including the debt of the Maine Governmental Facilities Authority.

A 25-year history of Maine's general obligation bonds outstanding as of June 30 is provided in Table IV-1, GENERAL OBLIGATION BONDS. The outstanding bonds (for the fiscal years 1982 through 2006) are segregated into General Fund, Highway Fund and self-liquidating bonds. General obligation bonds are approved by the voters and pledge the full faith and credit of the State. The self-liquidating bonds are supported by a designated source of revenue, usually generated by fees charged for the use of the facility or capital equipment funded by the bonds. The self-liquidating bonds currently outstanding were issued for the Maine Veterans Home (see Public Service Enterprises). The historical data also includes the total of Authorized but Unissued Bonds as of June 30 of each year. Graph IV-1 presents a history of Maine's bonded debt on a per capita basis and as a percentage of personal income. Per capita amounts are based on population numbers from the United States Department of Commerce, Bureau of Census and Maine's State Planning Office. Personal income figures are from the United States Department of Commerce, Bureau of Economic Analysis.

Table IV-2, TAX SUPPORTED DEBT SERVICE COSTS, details the annual debt service costs for General Fund and Highway Fund bonds as well as for Maine Governmental Facilities Authority (formerly the Maine Court Facilities Authority) bonds and other debt instruments issued by the State such as certificates of participation and lease-purchase arrangements. Interest on bond anticipation notes is included but interest and principal on self-liquidating bonds are not included because they are funded from dedicated revenue streams that are not considered tax supported sources. A calculation of debt service as a percent of General Fund and Highway Fund revenue is included in the table. This percentage is consistent with the "5% rule" used to guide Maine's debt policy.

An additional summary of the debt authorizations and issuances of the Maine Governmental Facilities Authority is included in Table IV-3 on Page 103.

In addition to the obligations described above, the State's credit is pledged to guarantee certain loans. As of June 30, 2006 these pledges amounted to the following:

⁽¹⁾ Except as otherwise noted, the constitutional limits and statutory limits are consistent.

⁽²⁾ The Constitution authorizes issuance of revenue bonds not to exceed \$6,000,000. The statutory bonding authority was repealed by PL 1993, c.494.

SECTION V - MAINE BUDGET STABILIZATION FUND

The Maine Budget Stabilization Fund, the successor of the Maine Rainy Day Fund (see 5 M.R.S.A. §1513), was recreated in 5 M.R.S.A. c. 142 as a General Fund reserve account to be used to offset a General Fund revenue shortfall. The revised Budget Stabilization Fund is intended to work in conjunction with the appropriations limitation. When General Fund budgeted resources exceed the appropriation limitation, the excess budgeted resources are transferred to the Budget Stabilization Fund. Balances in the fund do not lapse; but carry forward each year. The money in the fund may be invested with any earnings credited to the fund except when the fund is at its statutory cap. In addition to interest earnings and transfers of budgeted resources in excess of the appropriated surplus of the General Fund, the so-called "cascade." As the third priority after transfers to the State Contingent Account and the Loan Insurance Reserve Fund at the Finance Authority of Maine, the State Controller is required to transfer 35% of the remaining unappropriated surplus of the General Fund, when the fund is not at its statutory cap.

The Maine Budget Stabilization Fund may still be used to fund payments of death benefits for law enforcement officers and firefighters.

The statutory cap for the fund is 12% of the total General Fund revenue received in the immediately preceding fiscal year. At the close of the fiscal year, the cap is based on the revenue received in the fiscal year being closed. Based on fiscal year 2006 actual General Fund revenue, the statutory cap at the close of fiscal year 2006 was \$351,819,082. At the close of fiscal year 2006, the balance of the Maine Budget Stabilization Fund was \$79,902,987.

The table and graph on the following page provide a history of the Maine Rainy Day Fund and its successor, the Maine Budget Stabilization Fund. The history includes a summary of ending balances and the statutory caps at the end of each fiscal year since the start of the Maine Rainy Day Fund in fiscal year 1985. Beginning in fiscal year 1999, the ending statutory caps are based on the General Fund revenue of that fiscal year rather than the prior fiscal year.

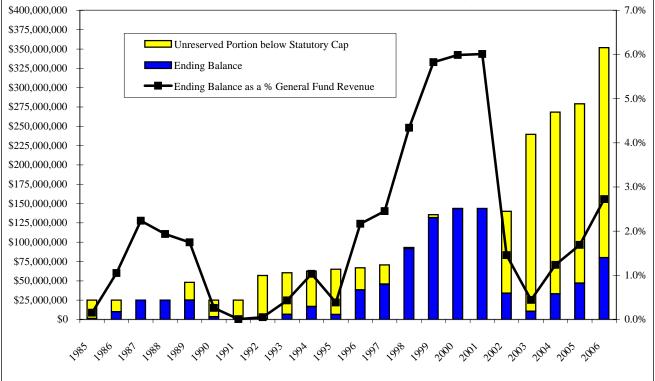

History – Maine Budget Stabilization Fund (Maine Rainy Day Fund)

Maine Rainy Day Fund was enacted by PL 1985, c. 448, effective June 26, 1985. The fund was originally capped at \$25,000,000. PL 1987, c. 349, Part H authorized that, for the period starting June 30, 1988 and ending June 30, 1989, "the fund may exceed \$25,000,000 but not more than \$48,000,000" to reserve payments for the Maine State Retirement System. PL 1991, c. 589, effective July 14, 1991, increased the cap to "not exceed 4% of the total General Fund revenues received in the immediately preceding fiscal year." PL 1997, c. 643, Part E, effective June 30 1998, increased the cap from 4% to 5%. PL 1999, c. 401, Part GGG, increased the cap from 5% to 6% effective June 4, 1999. Amended by PL 1999, c. 749, effective August 11, 2000, to clarify that the Maine Rainy Day Fund is the first priority of transfers and that one-half of the excess General Fund revenue is reserved rather than transferred at the close of each fiscal year. PL 2003, c. 451, Part X changed the name of the Maine Rainy Day Fund to the Maine Budget Stabilization Fund. Part X also changed the cap to 10% of revenue and clarified that at the close of the fiscal year the cap is based on the revenue of the fiscal year being closed. PL 2005, c. 2, effective July 1, 2005, increased the cap from 10% to 12% of revenue, revised the uses of the fund to only address a revenue shortfall, but retained the authority to pay death benefits for law enforcement officers and firefighters and changed the methodology for determining transfers to and from the fund in conjunction with an appropriation limitation.

TABLE V-1 MAINE BUDGET STABILIZATION FUND (FORMERLY THE MAINE RAINY DAY FUND) History of Ending Balances and Statutory Caps

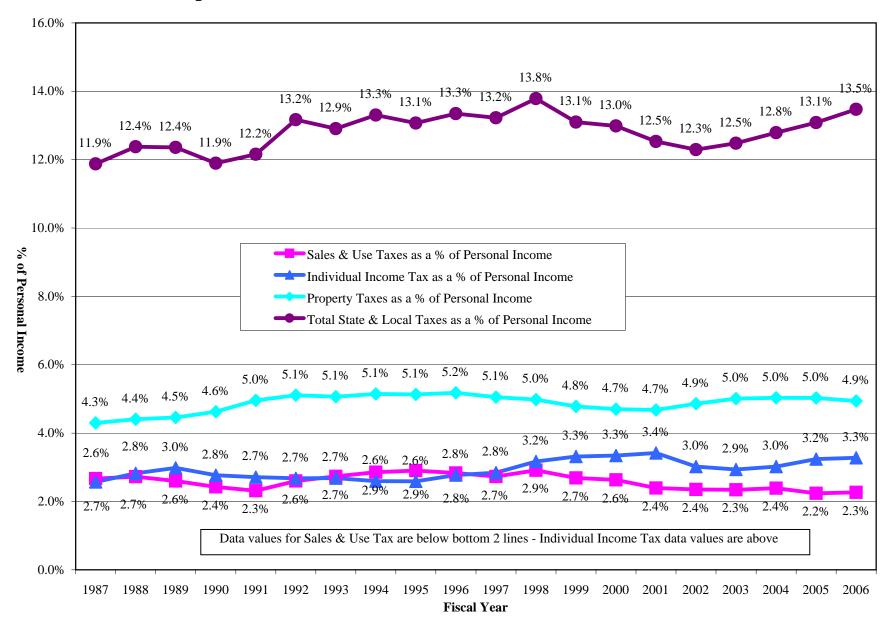

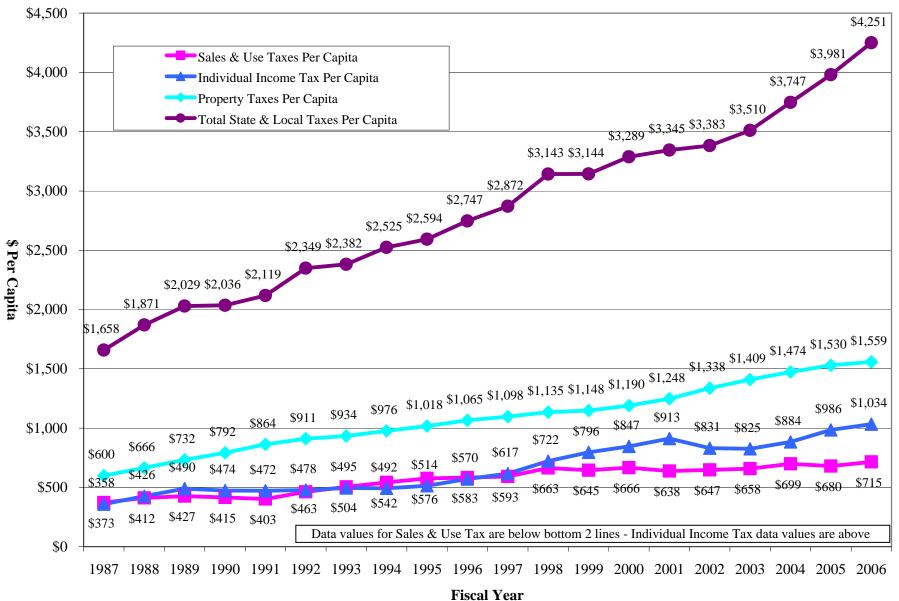

SECTION VI - STATE AND LOCAL TAX BURDENS

This section provides a historical look at Maine's state and local tax burdens. For the purposes of the compendium, tax burden is portrayed by two relatively simple measures: taxes as a percent of personal income and taxes per capita. The "taxes" included in this analysis are all state and local taxes, which includes most license fees and assessments. This definition of "taxes" mirrors that used by the United States Department of Commerce, Bureau of Census. The analysis breaks out the major broad based taxes (the income taxes, the sales and use taxes and local property taxes) and groups all other taxes and various license fees and assessments into an "Other Taxes" category. These taxes are then divided by Maine's personal income and population to develop taxes as a percentage of personal income and taxes per capita amounts. Personal income and population data are from the United States Department of Commerce, Bureau of Censure, Bureau of Economic Analysis and Bureau of Census and Maine's State Planning Office.

As mentioned above, this section represents relatively simple measures of tax burden that are often used to compare tax burdens for all states. The Research Division of Maine Revenue Services within the Department of Administrative and Financial Services presents a much more comprehensive analysis of Maine's tax burden in its report, *Maine Tax Incidence Study: A Distributional Analysis of Maine's State and Local Taxes*. The report is required to be updated biennially by M.R.S.A. 36 §200.
