PERFORMANCE ALERT
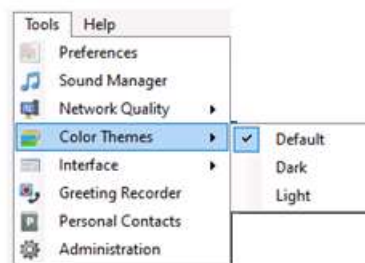

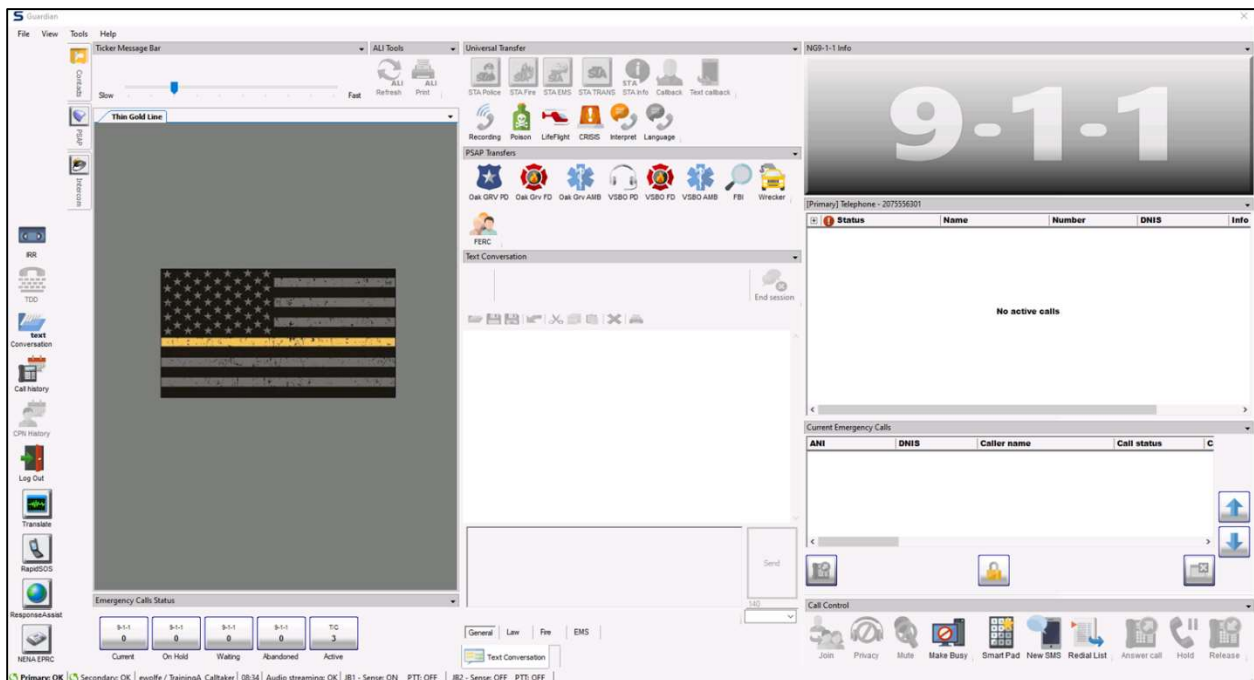

******* Solacom Guardian Color Themes *******

There are two color themes available in the Solacom Guardian system: **Light** and **Dark**. The system defaults to **Light**. To change the color theme:

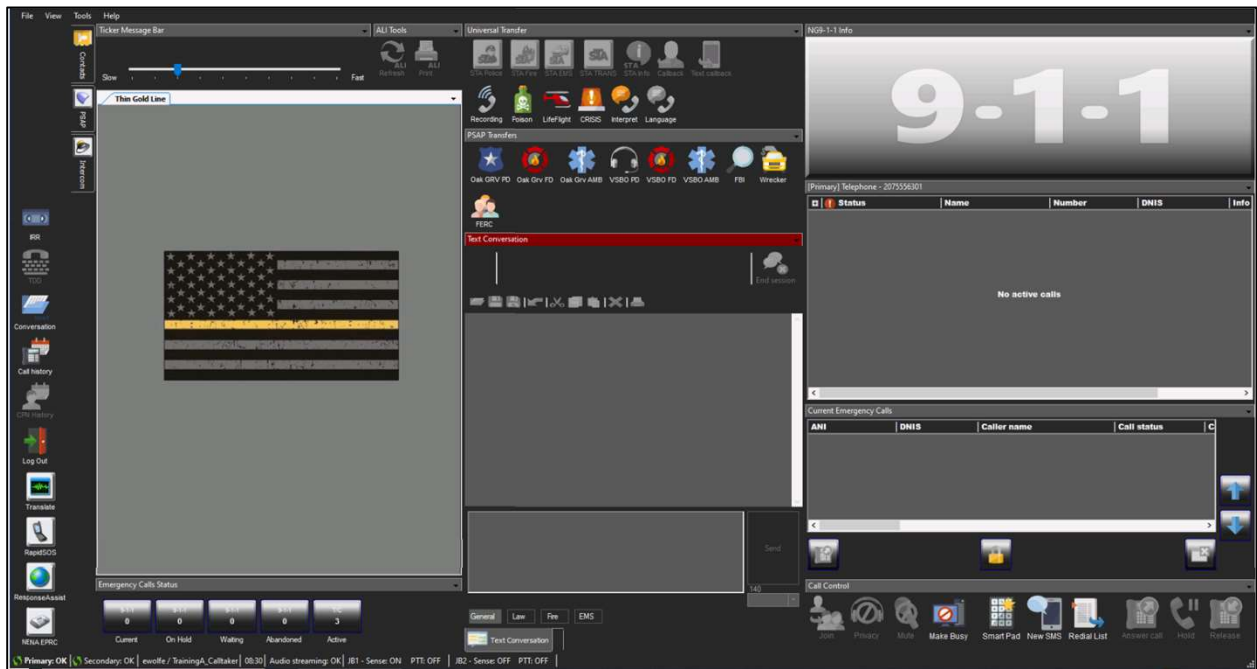

1. Select Tools
2. Select Color Themes
3. Choose your preferred theme

Light (Default) Theme:

Dark Theme:

	Note: The system will default to the Light color theme. If the Dark color theme is preferred, it must be manually selected at each log in.
