

Instructions for completing "The Application for Maine Medical License Renewal" form:

The following definitions are intended to help you complete the Maine Board of Licensure in Medicine Renewal Application form.

Type of Licensure Status for Which You are Applying (select only one):

1. Renewal of status as ACTIVE:
 - A. **If you currently hold an active license:** If you intend to provide professional medical services to patients within Maine's borders, on either a full or part time basis, you need an active license. To qualify for ACTIVE status, you must report CME activities satisfactory to the Board showing a minimum of 40 Category I credits earned during the previous licensing period. You must also have practiced clinical medicine within the past 24 months. If you have not been in active clinical practice within the past 24 months, the Board may require a competency update, which could include successfully passing the Special Purpose Examination (SPEX) or other programs, fellowships or mini-residencies as approved by the Board.
 - B. **If you currently hold an inactive license:** To apply to **change license status from INACTIVE to ACTIVE, you must** complete a new renewal application requesting ACTIVE status, provide CME evidence, and provide verification of clinical practice in another state. If the applicant has not been in active clinical practice, the Board may require a competency update, which could include successfully passing the Special Purpose Examination (SPEX) or other programs, fellowships or mini-residencies as approved by the Board.
2. Renewal of status as INACTIVE: If you wish to keep your Maine license but do not intend to provide professional services to patients within Maine's borders, you may apply for inactive status. A renewal application processing fee is required. **Note that registration in INACTIVE status precludes you from any medical practice within Maine, including writing prescriptions for friends, family, self, or anyone. If you check box 2 and sign the application affidavit, you have affirmed to the Board that you will refrain from medical practice within the State unless and until you have first converted your license from inactive to active status in accordance with paragraph 1B above.**
3. Request to Withdraw: If you wish to discontinue Maine licensure, you may use this License Renewal Application to request approval from the Board to withdraw from licensure. **Payment of an application fee is not required with an application to withdraw from licensure. However, the application form must be completed and accepted by the Board before withdrawal will officially occur.** Note that once withdrawn a Maine license may be reinstated for only up to five (5) years following withdrawal. After five (5) years, applicants for reinstatement will be treated like new applicants. In addition, if you obtained a license in another jurisdiction through reciprocity based upon your Maine license, and you withdraw your Maine license, it may result in the voiding of any license that was obtained by reciprocity.
4. Request an Emeritus License: You may request conversion of your medical license to an Emeritus License. You may not practice medicine with an Emeritus License. The Emeritus license needs to be renewed every two years, but there is no fee and no CME is required.

Liability Insurance data:

This section must be completed if you are applying for an ACTIVE license. Information you supply here is required for the Maine Rural Health Access Program (24-A M.R.S. § 6304(3)). The information will be reported to the Maine Superintendent of Insurance for administration of this program as provided in that law. Maintenance of professional liability insurance is not a requirement to maintain a Maine medical license in force. Please select 'Self Insurance' if you have no professional liability insurance, or if you only pay a portion of the premium.

Background Data:

Item 13 asks you to list any permanent medical practice license granted you by any state or Canadian province, whether or not it is still in force. Please do not list training permits or temporary or locum tenens licenses which you have been issued. **If you were ever denied a license, including temporary or locum tenens licenses, see item 14 question 1.**

Item 14 questions 1-3 refer to **events which may have occurred at any time since you completed your medical education** and commenced your medical career.

Item 14 questions 4-27 ask you to disclose events which have occurred **since you submitted your last application to renew your license**. You need not report again matters which were disclosed on previous applications unless you feel it would be helpful to our understanding of your current qualifications for medical practice. For example, you need not report a malpractice claim which arose and was settled prior to your last renewal if previously disclosed. On the other hand, a claim filed in previous renewal periods which was closed by a settlement during your last renewal should be disclosed. If this is your first renewal, please disclose all data.

For any “YES” response, please provide a supplemental explanation in sufficient detail for the Board to understand the nature and seriousness of the issue and how it had been or is being resolved. For physical or psychiatric problems, please give diagnosis, prognosis and residuals, any current limitations on scope of practice, and name and address of your treating physician who can confirm current fitness to continue practice. The Board will inform you if clinical records or reports are required. If you reported an impairing substance abuse disorder on your registration application for a prior registration period, please so indicate and limit your response to methods and progress in recovery since your last renewal. If you reside in Maine, regardless of whether or you are a current member of the Maine Medical Association, you may obtain a confidential consultation with the Maine Medical Association’s Medical Professionals Health Program (“MPHP”) by calling (207) 623-9266. You can find more information about the MPHP at <http://www.mainemph.org>

Item 14 questions 23 and 24, regarding professional liability claims experience, are the questions most likely to generate follow-up letters from the Board staff and delay in your license renewal if not answered completely. Please report all claims of which you have been noticed since your last renewal. As well, report all claims since your last renewal from which you were dismissed as a defendant or for which your insurance company made a settlement of any kind with the plaintiff, or any claim for which a court found you liable in any degree. Claims against a professional corporation are considered a claim against the individual who provided the professional services in dispute.

To be complete, your supplemental explanation must include, for each such claim reported, a full description using the Professional (Malpractice) Liability Claim Experience Form attached. See the following fictitious example:

Mandated Reporter Requirements for Suspected Child Abuse

Maine law requires that physicians immediately report or cause a report to be made to the Maine Department of Health and Human Services (DHHS) when the physician knows or has reasonable cause to suspect that a child has been or is likely to be abused or neglected or that a suspicious child death has occurred. **In addition, if a child is under 6 months of age or otherwise non-ambulatory, Maine law requires physicians to immediately report to DHHS if that child exhibits evidence of the following: fracture of a bone; substantial bruising or multiple bruises; subdural hematoma; burns; poisoning; or injury resulting in substantial bleeding, soft tissue swelling or impairment of an organ, except that the reporting of injuries occurring as a result of the delivery of a child attended by a licensed medical practitioner or the reporting of burns or other injuries occurring as a result of medical treatment following the delivery of the child when the child remains hospitalized following the delivery is not required.** Please refer to 22 M.R.S. § 4011-A for all reporting requirements.

9. Health and wellness is vital for both a physician/physician assistant and the patients she/he serves. The Board strongly encourages physicians/physician assistants to take steps, including seeking treatment, when necessary to establish and maintain health and wellness. One resource available to physicians/physician assistants is the Medical Professionals Health Program (MPHP). More information about the MPHP can be found at: <https://www.mainemed.com/member-services/medical-professionals-health-program>.

The purpose of the following questions is to determine the current fitness of an applicant to safely practice medicine. The following inquiries concern current medical, mental health, and substance misuse issues that may impair the ability to safely practice. This information is treated confidentially by the Board. The mere fact of treatment for a current medical, mental health or substance misuse issue is not, by itself, a basis on which an applicant is ordinarily denied licensure when he/she has demonstrated personal responsibility and maturity in dealing with these issues. The Board strongly encourages applicants who may benefit from treatment to seek it. The Board may deny a license to applicants whose ability to safely function in the practice of medicine or whose behavior, judgment, and understanding is currently impaired to the degree that patient safety is at risk.

a. Do you have a mental or physical condition that currently impairs your ability to safely and competently practice medicine?

b. Do you currently use any chemical substance(s), including alcohol, which in any way impairs or limits your ability to practice your profession with reasonable skill and safety?

If any of your answers to questions 9(a-b) is "Yes," are the limitations or impairments caused by your medical, mental health, or substance misuse condition reduced or improved because you receive ongoing professional treatment (with or without medication) or because you participate in a professional monitoring program? Current voluntary participation in the Medical Professionals Health Program or similar program will be kept confidential.

10. Are you currently engaged in the illegal use of illicit drugs or prescription drugs that have not been prescribed to you pursuant to a legitimate physician-patient relationship? "Legitimate" means "Being in compliance with the law or in accordance with established and accepted standards."

11. Have you furnished or provided illegal drugs to anyone other than medical marijuana per applicable state law?

12. Have you furnished prescription drugs to or written a prescription for anyone without having a legitimate physician-patient relationship (This includes conduct for which you may NOT have been adjudicated in any civil, administrative or criminal proceeding)?

13. Have you been found in any civil, administrative or criminal proceeding to have:

Possessed, used, prescribed for use, or distributed any drugs in any way other than for legitimate or therapeutic purposes?

Diverted any drugs?

Violated any drug law?

Prescribed any controlled substances for yourself or family/household members?

14. Have you been charged, summonsed, indicted, arrested, or convicted of any criminal offense, including when those events have been deferred, set aside, dismissed, expunged or issued a stay of execution? Please include motor vehicle offenses such as Operating Under the Influence, but not minor traffic or parking violations.

15. Have you applied for hospital, HMO or other health care entity privileges which were denied?

16. Have you had your staff privileges or employment at any hospital, long term care facility, HMO, or other health care entity terminated, revoked, reduced, restricted in any way, suspended, made subject to probation, limited in any way, or withdrawn involuntarily?

17. Have you voluntarily surrendered privileges or resigned from staff membership during peer review or investigation or to avoid peer review or investigation?

SINCE YOUR LAST RENEWAL APPLICATION:

YES NO

- 18. Have you resigned from employment in lieu of termination or while under investigation?
- 19. Have you been terminated or suspended from any employment?
- 20. Have you been deselected from a managed care organization physician panel?
- 21. Have you been disciplined by a professional society or resigned while an accusation was pending?
- 22. Have you endangered the safety of others, breached fiduciary obligations, or violated workplace conduct rules?
- 23. Have you been named in any medical malpractice liability claim or lawsuit adjudicated by a court in favor of the other party, or settled by you or your insurance company/representatives with or without your express consent?
- 24. Do you have any open/pending malpractice claims?
- 25. Do you intend to practice medicine within the State of Maine without active medical staff privileges at a Maine hospital?
- 26. Has it been longer than 24 months since you last practiced clinical medicine?

27. The Board is concerned with physician/physician assistant health and wellness. An important piece of maintaining health and wellness is establishing a relationship with a primary health care provider who provides regular and ongoing care. The Board is conducting a voluntary survey to determine the percentage of licensees who receive ongoing and regular care from a primary care provider, and whether further education needs to be provided to licensees regarding this important issue. Please answer the following question.

- Have you been examined/evaluated by your primary health care provider within the past 24 months?
- Decline to answer

AFFIDAVIT OF APPLICANT:

I have carefully read the questions in this application and have answered them completely, without reservations of any kind, and declare under penalty of law that my answers and all statements made by me herein are true and correct. Should I furnish any false information in this application, I hereby agree that such act shall constitute cause for the denial, suspension or revocation of my license to practice medicine and surgery in the state of Maine, or other discipline as the Board may determine. I acknowledge my responsibility to notify the Maine Board of Licensure in Medicine of my subsequent change in my status from that reported here and, in particular, to notify the Board within 10 days of a change in my place of medical practice or residence.
