Dear Senator Bailey and Representative Mathieson:

The Board of Licensure in Medicine hereby submits its 2025 Annual Report, in accordance with Title 32 M.R.S. §3269, 8-A. This report consists of certain complaint statistics for calendar year 2025.

Number of new complaints filed in 2025	237
Number of complaints dismissed in 2025	164
Number of complaints in process at year end (12/31/2025)	139
Number of adverse actions in 2025	32

The Board is also required to submit the number of physician adverse licensing actions tabulated by the Federation of State Medical Boards (FSMB). For 2025 the FSMB tabulated 47 actions taken by the Board. However, the FSMB system tabulates a change or reduction in discipline as a new action and breaks some disciplines into multiple reports, which accounts for its variance with the 32 adverse licensing actions actually taken by the Board in 2025. In addition, not all adverse actions taken by the Board are necessarily assigned a complaint number. For example, there may be situations that occur during licensure or re-licensure where the individual withdraws their license while under investigation, which is a reportable adverse licensing action to the FSMB and National Practitioner Data Bank (NPDB) but does not have a corresponding complaint number in ALMS. In addition, there are sometimes multiple complaints against a single licensee that results in a single global disposition of all of the complaints pursuant to a consent agreement.
