

Certification - FCVS

POLICY: It is the policy of the Board of Licensure in Medicine to contract with the Federation of State Medical Boards of the US, Inc. to use their credentials verification service FCVS as sole source verification for licensure.

PROCEDURE: There will be an annual review of the Board's experience with FCVS. The Executive Director will stay in touch with other state boards about their experience.

EFFECTIVE DATE: February 10, 1999

REVISION DATE:

HISTORY: The Board discussed the cost and usefulness for new physicians at a time when they have just finished residency particularly since FCVS is mandatory only in a few states, but it was learned that while it is not mandatory in all states other states do use the service.
